Explanation of Responses:

1. On April 28, 2023, the Issuer made a grant to the Reporting Person of 13,472 performance units (the "2023 grant"). Under the award agreement, the 2023 grant included an enhanced issuance provision under which the Reporting Person would receive a range of 50% to 100% of the original grant depending on certain pre-determined performance criteria over the entirety of the plan performance period. On January 23, 2024, the Compensation Committee of the Issuer's Board of Directors determined that the performance measures related to the 2023 grant were satisfied to the extent required to permit for the issuance of shares equal to 100% of the original grant. The grant continues to be subject to service based vesting requirements that will be fully satisfied on April 28, 2026.
