Item 7.01. Regulation FD Disclosure

As previously disclosed in its Current Report on Form 8-K, filed July 1, 2008, The Scotts Miracle-Gro Company (the "Company") received, on June 26, 2008, a Stop Sale, Use or Removal Order (the "stop sale order") from the U.S. Environmental Protection Agency ("USEPA") with respect to the Company's Ortho® Home Defense® Indoor & Outdoor Insect Killer, which includes Ortho® Home Defense Max® Perimeter & Indoor Insect Killer ("Ortho Home Defense Max").

While the products that are subject to the stop sale order are registered with the USEPA, the Company had identified issues involving a labeling discrepancy. The Company had already stopped shipping products which carried non-compliant labels in June 2008, and began shipping replacement product carrying a revised label until receipt of the stop sale order. On July 2, 2008, the revised label received conditional approval from the USEPA and the Company immediately recommenced shipping Ortho Home Defense Max products with the approved label. Also on July 2, 2008, the Company received enforcement discretion from the USEPA permitting existing stocks of the non-compliant label to continue to be sold at retail.

Given the limited period during which the Company was unable to ship the affected products, the Company does not expect the impact from the delayed shipments to have a material impact on its financial results for fiscal year 2008.

The Company appreciates the prompt cooperation and response of the USEPA in addressing these labeling issues and otherwise continues to cooperate with the USEPA.

For more information with respect to additional risks and uncertainties the Company may face in connection with the USEPA investigation and the related criminal investigation by the U.S. Department of Justice, please see the Company's Quarterly Report on Form 10-Q for the fiscal quarter ended March 29, 2008.
