THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)
(Dollars in millions, except per share data)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Scotts Miracle-Gro Company (“Scotts Miracle-Gro”) and its subsidiaries (collectively, with Scotts Miracle-Gro, the “Company”) are engaged in the manufacturing, marketing and sale of products for lawn and garden care and indoor and hydroponic gardening. The Company’s products are sold in North America, Europe and Asia.

The Company’s North America consumer lawn and garden business is highly seasonal, with approximately 75% of its annual net sales occurring in the second and third fiscal quarters. The Company’s Hawthorne segment sales are also impacted by seasonal patterns for certain product categories due to the timing of outdoor growing in North America during the second and third fiscal quarters, and the timing of certain controlled agricultural lighting project sales during the third and fourth fiscal quarters.

Organization and Basis of Presentation

The Company’s unaudited condensed consolidated financial statements for the three and six months ended April 1, 2023 and April 2, 2022 are presented in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The condensed consolidated financial statements include the accounts of Scotts Miracle-Gro and its subsidiaries. All intercompany transactions and accounts have been eliminated in consolidation. The Company’s consolidation criteria are based on majority ownership (as evidenced by a majority voting interest in the entity) and an objective evaluation and determination of effective management control. The results of businesses acquired or disposed of are included in the condensed consolidated financial statements from the date of each acquisition or up to the date of disposal, respectively. In the opinion of management, interim results reflect all normal and recurring adjustments and are not necessarily indicative of results for a full year.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been omitted or condensed pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Accordingly, this Quarterly Report on Form 10-Q for the fiscal quarter ended April 1, 2023 (this “Form 10-Q”) should be read in conjunction with Scotts Miracle-Gro’s Annual Report on Form 10-K for the fiscal year ended September 30, 2022 (the “2022 Annual Report”), which includes a complete set of footnote disclosures, including the Company’s significant accounting policies.

The Company’s Condensed Consolidated Balance Sheet at September 30, 2022 has been derived from the Company’s audited Consolidated Balance Sheet at that date, but does not include all of the information and footnotes required by GAAP for complete financial statements.

Long-Lived Assets

The Company had non-cash investing activities of \$15.3 and \$13.0 during the six months ended April 1, 2023 and April 2, 2022, respectively, representing unpaid liabilities to acquire property, plant and equipment.

Statements of Cash Flows

Supplemental cash flow information was as follows:

	Six Months Ended	
	April 1, 2023	April 2, 2022
Interest paid	\$ 87.4	\$ 58.9
Income tax refunds	(21.1)	(7.0)

Cash flow from operating activities for the six months ended April 1, 2023 was favorably impacted by extended payment terms with vendors for payments originally due in the final weeks of the second quarter of fiscal 2023 that were paid in the third quarter of fiscal 2023. The Company also received proceeds of \$37.0 during the six months ended April 1, 2023 related to the payoff of seller financing that the Company provided in connection with a fiscal 2017 divestiture, which was classified as an investing activity in the Condensed Consolidated Statements of Cash Flows.

NOTE 2. ACQUISITIONS AND INVESTMENTS

Cyco

On April 28, 2022, the Company's Hawthorne segment completed the acquisition of substantially all of the assets of S.J. Enterprises PTY LTD, d.b.a. Cyco ("Cyco"), an Australia-based provider of premium nutrients, additives and growing media products for indoor growing sold mostly in the United States, for an estimated purchase price of \$37.3. The purchase price includes contingent consideration, a non-cash investing activity, with an initial fair value of \$3.1 and a maximum payout of \$10.0, which will be paid by the Company based on the achievement of certain performance metrics through December 31, 2024. Prior to the transaction, the Company served as the exclusive distributor of Cyco's products in the United States. The valuation of the acquired assets included (i) \$1.3 of inventory, (ii) \$10.5 of finite-lived identifiable intangible assets and (iii) \$25.6 of tax-deductible goodwill. Identifiable intangible assets included trade names, customer relationships and non-compete agreements with useful lives ranging between 5 and 25 years. The estimated fair values of the identifiable intangible assets were determined using an income-based approach, which includes market participant expectations of cash flows that an asset will generate over the remaining useful life discounted to present value using an appropriate discount rate.

Luxx Lighting

On December 30, 2021, the Company's Hawthorne segment completed the acquisition of substantially all of the assets of Luxx Lighting, Inc., a provider of lighting products for indoor growing. The purchase price was \$213.2, a portion of which was paid by the issuance of 0.1 million common shares of Scotts Miracle-Gro ("Common Shares"), a non-cash investing and financing activity, with a fair value of \$21.0 based on the share price at the time of payment. The valuation of the acquired assets included (i) \$32.8 of inventory and accounts receivable, (ii) \$5.7 of other current assets, (iii) \$24.2 of current liabilities, (iv) \$47.3 of finite-lived identifiable intangible assets and (v) \$151.6 of tax-deductible goodwill. Identifiable intangible assets included trade names, customer relationships and non-compete agreements with useful lives ranging between 5 and 25 years. The estimated fair values of the identifiable intangible assets were determined using an income-based approach, which includes market participant expectations of cash flows that an asset will generate over the remaining useful life discounted to present value using an appropriate discount rate.

True Liberty Bags

On December 23, 2021, the Company's Hawthorne segment completed the acquisition of substantially all of the assets of True Liberty Bags, a leading provider of liners and storage solutions to dry and cure plant products, for \$10.1. The valuation of the acquired assets included (i) \$1.1 of inventory, (ii) \$5.8 of finite-lived identifiable intangible assets and (iii) \$3.2 of tax-deductible goodwill. Identifiable intangible assets included trade names and customer relationships with useful lives of 15 years. The estimated fair values of the identifiable intangible assets were determined using an income-based approach, which includes market participant expectations of cash flows that an asset will generate over the remaining useful life discounted to present value using an appropriate discount rate.

NOTE 3. INVESTMENT IN UNCONSOLIDATED AFFILIATES

On December 31, 2020, the Company acquired a 50% equity interest in Bonnie Plants, LLC, a joint venture with Alabama Farmers Cooperative, Inc. ("AFC") focused on planting, growing, developing, distributing, marketing and selling live plants. During the three months ended December 31, 2022, the Company and AFC agreed to amend the joint venture agreement to allow AFC to make an additional equity contribution to Bonnie Plants, LLC, and, subsequent to this contribution by AFC, the Company now owns a 45% equity interest in Bonnie Plants, LLC. The Company's interest is accounted for using the equity method of accounting, with the Company's proportionate share of Bonnie Plants, LLC's earnings reflected in the Condensed Consolidated Statements of Operations. During the three and six months ended April 1, 2023, the Company recorded equity in loss of unconsolidated affiliates associated with Bonnie Plants, LLC of \$7.3 and \$18.7, respectively, as compared to \$6.5 and \$13.8 during the three and six months ended April 2, 2022, respectively.

NOTE 4. IMPAIRMENT, RESTRUCTURING AND OTHER

Activity described herein is classified within the “Cost of sales—impairment, restructuring and other” and “Impairment, restructuring and other” lines in the Condensed Consolidated Statements of Operations. The following table details impairment, restructuring and other charges for each of the periods presented:

	Three Months Ended		Six Months Ended	
	April 1, 2023	April 2, 2022	April 1, 2023	April 2, 2022
Cost of sales—impairment, restructuring and other:

Total impairment, restructuring and other charges	<u>\$ 140.5</u>	<u>\$ 5.4</u>	<u>\$ 159.2</u>	<u>\$ 7.1</u>

The following table summarizes the activity related to liabilities associated with restructuring activities during the six months ended April 1, 2023:

Amounts accrued at September 30, 2022	\$ 31.5
Restructuring charges	21.3
Payments	(21.7)
Amounts accrued at April 1, 2023	<u>\$ 31.1</u>

As of April 1, 2023, restructuring accruals include \$9.7 that is classified as long-term.

During fiscal 2022, the Company began implementing a series of Company-wide organizational changes and initiatives intended to create operational and management-level efficiencies. As part of this restructuring initiative, the Company is reducing the size of its supply chain network, reducing staffing levels and implementing other cost-reduction initiatives. During the second quarter of fiscal 2023, the Company accelerated the optimization of its Hawthorne supply chain network by announcing the closure of four additional distribution centers. In order to reduce on hand inventory to align with the optimized network capacity, the Company sold its non-core Hurricane™ branded fans business for \$5.0 and commenced plans to accelerate the reduction of certain other Hawthorne inventory, primarily lighting, growing environments and hardware products. During the three and six months ended April 1, 2023, the Company incurred costs of \$136.8 and \$151.4, respectively, associated with this restructuring initiative primarily related to inventory write-down charges, employee termination benefits, facility closure costs and impairment of right-of-use assets and property, plant and equipment. The Company incurred costs of \$0.2 and \$1.2 in its U.S. Consumer segment and \$118.5 and \$127.0 in its Hawthorne segment in the “Cost of sales—impairment, restructuring and other” line in the Condensed Consolidated Statements of Operations during the three and six months ended April 1, 2023, respectively. The Company incurred costs of \$0.1 and \$0.3 in its U.S. Consumer segment, \$17.1 and \$18.2 in its Hawthorne segment, \$0.1 and \$0.2 in its Other segment and \$0.8 and \$4.5 at Corporate in the “Impairment, restructuring and other” line in the Condensed Consolidated Statements of Operations during the three and six months ended April 1, 2023, respectively. Costs incurred from the inception of this restructuring initiative through April 1, 2023 were \$180.3 for the Hawthorne segment, \$23.1 for the U.S. Consumer segment, \$0.9 for the Other segment and \$12.2 for Corporate.

NOTE 5. INVENTORIES

NOTE 6. MARKETING AGREEMENT

The Scotts Company LLC (“Scotts LLC”) is the exclusive agent of Monsanto Company, a subsidiary of Bayer AG (“Monsanto”), for the marketing and distribution of certain of Monsanto’s consumer Roundup® branded products in the United States and certain other specified countries. The annual commission payable under the Third Amended and Restated Exclusive Agency and Marketing Agreement (the “Third Restated Agreement”) is equal to 50% of the actual earnings before interest and income taxes of Monsanto’s consumer Roundup® business for each program year in the markets covered by the Third Restated Agreement (“Program EBIT”). The Third Restated Agreement also requires the Company to make annual payments of \$18.0 to Monsanto as a contribution against the overall expenses of its consumer Roundup® business, subject to reduction pursuant to the Third Restated Agreement for any program year in which the Program EBIT does not equal or exceed \$36.0.

Unless Monsanto terminates the Third Restated Agreement due to an event of default by the Company, termination rights under the Third Restated Agreement include the following:

- The Company may terminate the Third Restated Agreement upon the insolvency or bankruptcy of Monsanto;
- Monsanto may terminate the Third Restated Agreement in the event that Monsanto decides to decommission the permits, licenses and registrations needed for, and the trademarks, trade names, packages, copyrights and designs used in, the sale of the Roundup® products in the lawn and garden market (a “Brand Decommissioning Termination”); and
- Each party may terminate the Third Restated Agreement if Program EBIT falls below \$50.0 and, in such case, no termination fee would be payable to either party.

The termination fee structure requires Monsanto to pay a termination fee to the Company in an amount equal to (i) \$375.0 upon a Brand Decommissioning Termination, and (ii) the greater of \$175.0 or four times an amount equal to the average of the Program EBIT for the three program years before the year of termination, minus \$186.4, if Monsanto or its successor terminates the Third Restated Agreement as a result of a Roundup Sale or Change of Control of Monsanto (each, as defined in the Third Restated Agreement).

The elements of the net commission and reimbursements earned under the Third Restated Agreement and included in the “Net sales” line in the Condensed Consolidated Statements of Operations are as follows:

Credit Facilities

On April 8, 2022, the Company entered into a sixth amended and restated credit agreement (the “Sixth A&R Credit Agreement”), providing the Company and certain of its subsidiaries with five-year senior secured loan facilities in the aggregate principal amount of \$2,500.0, comprised of a revolving credit facility of \$1,500.0 and a term loan in the original principal amount of \$1,000.0 (the “Sixth A&R Credit Facilities”). The Sixth A&R Credit Agreement will terminate on April 8, 2027. The Sixth A&R Credit Facilities are available for the issuance of letters of credit up to \$100.0. The terms of the Sixth A&R Credit Agreement include customary representations and warranties, affirmative and negative covenants, financial covenants, and events of default.

Under the terms of the Sixth A&R Credit Agreement, loans bear interest, at the Company’s election, at a rate per annum equal to either (i) the Alternate Base Rate plus the Applicable Spread (each, as defined in the Sixth A&R Credit Agreement) or (ii) the Adjusted Term SOFR Rate for the Interest Period in effect for such borrowing plus the Applicable Spread (all as defined in the Sixth A&R Credit Agreement). Swingline Loans bear interest at the applicable Swingline Rate set forth in the Sixth A&R Credit Agreement. Interest rates for other select non-U.S. dollar borrowings, including borrowings denominated in euro, Pounds Sterling and Canadian dollars, are based on separate interest rate indices, as set forth in the Sixth A&R Credit Agreement. The Sixth A&R Credit Agreement is secured by (i) a perfected first priority security interest in all of the accounts receivable, inventory and equipment of Scotts Miracle-Gro and certain of its domestic subsidiaries and (ii) the pledge of all of the capital stock of certain of Scotts Miracle-Gro’s domestic subsidiaries and a portion of the capital stock of certain of its foreign subsidiaries. The collateral does not include any of the Company’s intellectual property.

On June 8, 2022, the Company entered into Amendment No. 1 (the “Amendment”) to the Sixth A&R Credit Agreement. The Amendment increases the maximum permitted leverage ratio for the quarterly leverage covenant until the earlier of (i) April 1, 2024 and (ii) subject to certain conditions specified in the Amendment, the termination by the Company of such increase (such period, the “Leverage Adjustment Period”). The Amendment also increases the interest rate applicable to borrowings under the revolving credit facility by 35 bps and the term loan facility by 50 bps, and increases the annual facility fee rate on the revolving credit facility by 15 bps, in each case, when the Company’s quarterly-tested leverage ratio exceeds 4.75. Additionally, the Amendment limits the Company’s ability to declare or pay any discretionary dividends, distributions or other restricted payments during the Leverage Adjustment Period to only the payment of (i) regularly scheduled cash dividends to holders of its Common Shares in an aggregate amount not to exceed \$225.0 per fiscal year and (ii) other dividends, distributions or other restricted payments in an aggregate amount not to exceed \$25.0. The Amendment also requires pro forma compliance with certain leverage levels specified in the Amendment with respect to the Company’s ability to consummate certain acquisitions and incur debt.

(Dollars in millions, except per share data)

At April 1, 2023, the Company had letters of credit outstanding in the aggregate principal amount of \$5.0 and had \$852.5 of borrowing availability under the Sixth A&R Credit Agreement. The weighted average interest rates on average borrowings under the credit facilities, excluding the impact of interest rate swaps, were 7.0% and 1.8% for the six months ended April 1, 2023 and April 2, 2022, respectively.

The Sixth A&R Credit Agreement contains, among other obligations, an affirmative covenant regarding the Company's leverage ratio determined as of the end of each of its fiscal quarters calculated as average total indebtedness, divided by the Company's earnings before interest, taxes, depreciation and amortization, as adjusted pursuant to the terms of the Sixth A&R Credit Agreement ("Adjusted EBITDA"). Pursuant to the Amendment, the maximum permitted leverage ratio is (i) 6.50 for the second and third quarters of fiscal 2023, (ii) 6.25 for the fourth quarter of fiscal 2023 and the first quarter of fiscal 2024, (iii) 5.50 for the second quarter of fiscal 2024, and (iv) 4.50 for the third quarter of fiscal 2024 and thereafter. The Company's leverage ratio was 6.01 at April 1, 2023. The Sixth A&R Credit Agreement also contains an affirmative covenant regarding the Company's interest coverage ratio determined as of the end of each of its fiscal quarters. The interest coverage ratio is calculated as Adjusted EBITDA divided by interest expense, as described in the Sixth A&R Credit Agreement, and excludes costs related to refinancings. The minimum required interest coverage ratio is 3.00. The Company's interest coverage ratio was 3.66 for the twelve months ended April 1, 2023.

As of April 1, 2023, the Company was in compliance with all applicable covenants in the agreements governing its debt. Based on the Company's projections of its financial performance for the twelve-month period subsequent to the date of the filing of this Form 10-Q, the Company expects to remain in compliance with the financial covenants under the Sixth A&R Credit Agreement. However, the Company's assessment of its ability to meet its future obligations is inherently subjective, judgment-based, and susceptible to change based on future events. A covenant violation may result in an event of default. Such a default would allow the lenders under the Sixth A&R Credit Agreement to accelerate the maturity of the indebtedness thereunder and would also implicate cross-default provisions under the Senior Notes, as defined below, and cause the Senior Notes to become due and payable at that time. As of April 1, 2023, the Company's indebtedness under the Sixth A&R Credit Agreement and Senior Notes was \$3,192.5. The Company does not have sufficient cash on hand or available liquidity that can be utilized to repay these outstanding amounts in the event of default.

As part of its contingency planning to address potential future circumstances that could result in noncompliance, the Company has contemplated alternative plans including additional restructuring activities to reduce operating expenses and certain cash management strategies that are within the Company's control. Additionally, the Company has contemplated alternative plans that are subject to market conditions and not in the Company's control, including, among others, discussions with its lenders to amend the terms of its financial covenants under the Sixth A&R Credit Agreement and generating cash by completing other financing transactions, which may include issuing equity. There is no assurance that the Company will be successful in implementing these alternative plans.

Senior Notes

On December 15, 2016, Scotts Miracle-Gro issued \$250.0 aggregate principal amount of 5.250% Senior Notes due 2026 (the "5.250% Senior Notes"). The 5.250% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with the Company's existing and future unsecured senior debt. The 5.250% Senior Notes have interest payment dates of June 15 and December 15 of each year.

On October 22, 2019, Scotts Miracle-Gro issued \$450.0 aggregate principal amount of 4.500% Senior Notes due 2029 (the "4.500% Senior Notes"). The 4.500% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with the Company's existing and future unsecured senior debt. The 4.500% Senior Notes have interest payment dates of April 15 and October 15 of each year.

On March 17, 2021, Scotts Miracle-Gro issued \$500.0 aggregate principal amount of 4.000% Senior Notes due 2031 (the "4.000% Senior Notes"). The 4.000% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with the Company's existing and future unsecured senior debt. The 4.000% Senior Notes have interest payment dates of April 1 and October 1 of each year.

On August 13, 2021, Scotts Miracle-Gro issued \$400.0 aggregate principal amount of 4.375% Senior Notes due 2032 (the "4.375% Senior Notes"). The 4.375% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with the Company's existing and future unsecured senior debt. The 4.375% Senior Notes have interest payment dates of February 1 and August 1 of each year.

Substantially all of Scotts Miracle-Gro's directly and indirectly owned domestic subsidiaries serve as guarantors of the 5.250% Senior Notes, the 4.500% Senior Notes, the 4.000% Senior Notes and the 4.375% Senior Notes.

Receivables Facility

On April 7, 2017, the Company entered into a Master Repurchase Agreement (including the annexes thereto, the “Repurchase Agreement”) and a Master Framework Agreement, as amended (the “Framework Agreement” and, together with the Repurchase Agreement, the “Receivables Facility”). Under the Receivables Facility, the Company may sell a portfolio of available and eligible outstanding customer accounts receivable to the purchasers and simultaneously agree to repurchase the receivables on a weekly basis. The eligible accounts receivable consist of accounts receivable generated by sales to three specified customers. The eligible amount of customer accounts receivable which may be sold under the Receivables Facility is \$400.0 and the commitment amount during the seasonal commitment period that began on February 24, 2023 and ends on June 16, 2023 is \$160.0. The Receivables Facility expires on August 18, 2023.

The Company accounts for the sale of receivables under the Receivables Facility as short-term debt and continues to carry the receivables on its Condensed Consolidated Balance Sheets, primarily as a result of the Company’s requirement to repurchase receivables sold. As of April 1, 2023 and April 2, 2022, there were \$380.0 and \$400.0, respectively, in borrowings on receivables pledged as collateral under the Receivables Facility, and the carrying value of the receivables pledged as collateral was \$422.2 and \$444.5, respectively.

Interest Rate Swap Agreements

The Company enters into interest rate swap agreements with major financial institutions that effectively convert a portion of the Company’s variable-rate debt to a fixed rate. Interest payments made between the effective date and expiration date are hedged by the swap agreements. Swap agreements that were hedging interest payments as of April 1, 2023, April 2, 2022 and September 30, 2022 had a maximum total U.S. dollar equivalent notional amount of \$800.0. On May 4, 2023, the Company executed \$200.0 of fixed notional amount interest rate swap agreements with an average fixed rate of 3.36%, an effective date of June 7, 2023 and an expiration date of April 7, 2027. The notional amount, effective date, expiration date and rate of each of the swap agreements outstanding at April 1, 2023 are shown in the table below:

Notional Amount (\$)	Effective Date (a)	Expiration Date	Fixed Rate
100	12/21/2020	6/20/2023	1.36 %
300 ^(b)	1/7/2021	6/7/2023	1.34 %
200	10/7/2021	6/7/2023	1.37 %
200 ^(b)	1/20/2022	6/20/2024	0.58 %
200	6/7/2023	6/8/2026	0.85 %

(a) The effective date refers to the date on which interest payments are first hedged by the applicable swap agreement.

(b) Notional amount adjusts in accordance with a specified seasonal schedule. This represents the maximum notional amount at any point in time.

Weighted Average Interest Rate

The weighted average interest rates on the Company’s debt, including the impact of interest rate swaps, were 5.3% and 3.4% for the six months ended April 1, 2023 and April 2, 2022, respectively.

Share Repurchases

On February 6, 2020, Scotts Miracle-Gro announced that its Board of Directors authorized the repurchase of up to \$750.0 of Common Shares from April 30, 2020 through March 25, 2023. There were no share repurchases under this share repurchase authorization during fiscal 2023 through its expiration on March 25, 2023. During the three and six months ended April 2, 2022, Scotts Miracle-Gro repurchased 0.4 million and 1.1 million Common Shares under this share repurchase authorization for \$50.0 and \$175.0, respectively. Treasury share purchases also include cash paid to tax authorities to satisfy statutory income tax withholding obligations related to share-based compensation of \$5.6 and \$6.4 for the three and six months ended April 1, 2023, respectively, and \$78.1 and \$82.6 for the three and six months ended April 2, 2022, respectively.

Share-Based Awards

Total share-based compensation was as follows for each of the periods indicated:

	Three Months Ended		Six Months Ended

NOTE 10. INCOME TAXES

The effective tax rates for the six months ended April 1, 2023 and April 2, 2022 were 19.5% and 22.0%, respectively. The decrease in the effective tax rate was driven by the combination of lower pretax income and favorable discrete items recognized during the three months ended December 31, 2022. The effective tax rate used for interim reporting purposes is based on management's best estimate of factors impacting the effective tax rate for the full fiscal year and includes the impact of discrete items recognized in the quarter. There can be no assurance that the effective tax rate estimated for interim financial reporting purposes will approximate the effective tax rate determined at fiscal year-end.

Scotts Miracle-Gro or one of its subsidiaries files income tax returns in the U.S. federal jurisdiction and various state, local and foreign jurisdictions. Subject to the following exceptions, the Company is no longer subject to examination by these tax authorities for fiscal years prior to 2019. There are currently no ongoing audits with respect to the U.S. federal jurisdiction. With respect to the foreign jurisdictions, a German audit covering fiscal years 2018 through 2020 and a Canadian audit covering fiscal years 2020 through 2021 are in process. The Company is currently under examination by certain U.S. state and local tax authorities covering various periods from fiscal years 2017 through 2021. In addition to the aforementioned audits, certain other tax deficiency notices and refund claims for previous years remain unresolved.

The Company currently anticipates that few of its open and active audits will be resolved within the next twelve months. The Company is unable to make a reasonably reliable estimate as to when or if cash settlements with taxing authorities may occur. Although the outcomes of such examinations and the timing of any payments required upon the conclusion of such examinations are subject to significant uncertainty, the Company does not anticipate that the resolution of these tax matters or any events related thereto will result in a material change to its consolidated financial position, results of operations or cash flows.

NOTE 11. CONTINGENCIES

Management regularly evaluates the Company's contingencies, including various judicial and administrative proceedings and claims arising in the ordinary course of business, including product and general liabilities, workers' compensation, property losses and other liabilities for which the Company is self-insured or retains a high exposure limit. Self-insurance accruals are established based on actuarial loss estimates for specific individual claims plus actuarially estimated amounts for incurred but not reported claims and adverse development factors applied to existing claims. Legal costs incurred in connection with the resolution of claims, lawsuits and other contingencies generally are expensed as incurred. In the opinion of management, the assessment of contingencies is reasonable and related accruals, in the aggregate, are adequate; however, there can be no assurance that final resolution of these matters will not have a material effect on the Company's financial condition, results of operations or cash flows.

Regulatory Matters

At April 1, 2023, the Company had recorded liabilities of \$2.4 for environmental actions, the majority of which are for site remediation. The Company believes that the amounts accrued are adequate to cover such known environmental exposures based on current facts and estimates of likely outcomes. Although it is reasonably possible that the costs to resolve such known environmental exposures will exceed the amounts accrued, any variation from accrued amounts is not expected to be material.

Other

The Company has been named as a defendant in a number of cases alleging injuries that the lawsuits claim resulted from exposure to asbestos-containing products, apparently based on the Company's historic use of vermiculite in certain of its products. In many of these cases, the complaints are not specific about the plaintiffs' contacts with the Company or its products. The cases vary, but complaints in these cases generally seek unspecified monetary damages (actual, compensatory, consequential and punitive) from multiple defendants. The Company believes that the claims against it are without merit and is vigorously defending against them. No accruals have been recorded in the Company's condensed consolidated financial statements as the likelihood of a loss is not probable at this time; and the Company does not believe a reasonably possible loss would be material to, nor does it expect the ultimate resolution of these cases will have a material adverse effect on, the Company's financial condition, results of operations or cash flows. There can be no assurance that future developments related to pending claims or claims filed in the future, whether as a result of adverse outcomes or as a result of significant defense costs, will not have a material effect on the Company's financial condition, results of operations or cash flows.

The Company is involved in other lawsuits and claims which arise in the normal course of business. These claims individually and in the aggregate are not expected to result in a material effect on the Company's financial condition, results of operations or cash flows.

NOTE 12. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

The Company is exposed to market risks, such as changes in interest rates, currency exchange rates and commodity prices. To manage a portion of the volatility related to these exposures, the Company enters into various financial transactions. The utilization of these financial transactions is governed by policies covering acceptable counterparty exposure, instrument types and other hedging practices. The Company does not hold or issue derivative financial instruments for speculative trading purposes.

Exchange Rate Risk Management

The Company uses currency forward contracts to manage the exchange rate risk associated with intercompany loans and certain other balances denominated in foreign currencies. Currency forward contracts are valued using observable forward rates in commonly quoted intervals for the full term of the contracts. The notional amount of outstanding currency forward contracts was \$119.1, \$184.9 and \$178.6 at April 1, 2023, April 2, 2022 and September 30, 2022, respectively. Contracts outstanding at April 1, 2023 will mature over the next fiscal quarter.

Interest Rate Risk Management

The Company enters into interest rate swap agreements as a means to hedge its variable interest rate risk on debt instruments. Net amounts to be received or paid under the swap agreements are reflected as adjustments to interest expense. The Company has outstanding interest rate swap agreements with major financial institutions that effectively convert a portion of the Company's variable-rate debt to a fixed rate. Interest rate swap agreements are valued based on the present value of the estimated future net cash flows using implied rates in the applicable yield curve as of the valuation date. Swap agreements that were hedging interest payments as of April 1, 2023, April 2, 2022 and September 30, 2022 had a maximum total U.S. dollar equivalent notional amount of \$800.0. Refer to "NOTE 7. DEBT" for the terms of the swap agreements outstanding at April 1, 2023. Included in the AOCL balance at April 1, 2023 was a gain of \$9.1 related to interest rate swap agreements that is expected to be reclassified to earnings during the next twelve months, consistent with the timing of the underlying hedged transactions.

Commodity Price Risk Management

The Company enters into hedging arrangements designed to fix the price of a portion of its projected future urea and diesel requirements. Commodity contracts are valued using observable commodity exchange prices in active markets. Included in the AOCL balance at April 1, 2023 was a loss of \$4.9 related to commodity hedges that is expected to be reclassified to earnings during the next twelve months, consistent with the timing of the underlying hedged transactions.

(Dollars in millions, except per share data)

The amortized cost basis of convertible debt investments was \$224.0, \$195.1, and \$222.1 at April 1, 2023, April 2, 2022, and September 30, 2022, respectively. At April 1, 2023, April 2, 2022, and September 30, 2022, gross unrealized losses on convertible debt investments were \$139.2, \$2.8, and \$105.1 respectively. These investments have been in a continuous unrealized loss position for greater than 12 months as of April 1, 2023. The decline in fair value of the convertible debt investments is related to a decline in the value of the underlying conversion options and is not reflective of a credit risk associated with the notes. The Company believes it will recover its cost basis in the convertible debt securities and that the Company has the ability to hold the securities until they recover in value and had no intent to sell or convert them at April 1, 2023. At April 1, 2023, the period until scheduled maturity of the Company's convertible debt investments was between 4.4 years and 6.5 years.

NOTE 14. LEASES

The Company leases certain property and equipment from third parties under various non-cancelable lease agreements, including industrial, commercial and office properties and equipment that support the management, manufacturing, distribution and research and development of products marketed and sold by the Company. The lease agreements generally require that the Company pay taxes, insurance and maintenance expenses related to the leased assets. At April 1, 2023, the Company had entered into operating leases that were yet to commence with a combined total expected lease liability of \$50.3. From time to time, the Company will sublease portions of its facilities, resulting in sublease income. Sublease income and the related cash flows were not material to the condensed consolidated financial statements for the three and six months ended April 1, 2023 and April 2, 2022.

The Company leases certain vehicles (primarily cars and light trucks) under agreements that are cancellable after the first year, but typically continue on a month-to-month basis until canceled by the Company. The vehicle leases and certain other non-cancelable operating leases contain residual value guarantees that create a contingent obligation on the part of the Company to compensate the lessor if the leased asset cannot be sold for an amount in excess of a specified minimum value at the conclusion of the lease term. If all such vehicle leases had been canceled as of April 1, 2023, the Company's residual value guarantee would have approximated \$3.9.

Supplemental balance sheet information related to the Company's leases was as follows:

NOTE 15. SEGMENT INFORMATION

The Company divides its operations into three reportable segments: U.S. Consumer, Hawthorne and Other. U.S. Consumer consists of the Company's consumer lawn and garden business in the United States. Hawthorne consists of the Company's indoor and hydroponic gardening business. Other primarily consists of the Company's consumer lawn and garden business outside the United States. This identification of reportable segments is consistent with how the segments report to and are managed by the chief operating decision maker of the Company. In addition, Corporate consists of general and administrative expenses and certain other income and expense items not allocated to the business segments.

The performance of each reportable segment is evaluated based on several factors, including income (loss) before income taxes, amortization, impairment, restructuring and other charges ("Segment Profit (Loss)"). Senior management uses Segment Profit (Loss) to evaluate segment performance because the Company believes this measure is indicative of performance trends and the overall earnings potential of each segment.

The following tables present financial information for the Company's reportable segments for the periods indicated:

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The purpose of this Management’s Discussion and Analysis (“MD&A”) is to provide an understanding of our financial condition and results of operations by focusing on changes in certain key measures from year-to-year. This MD&A includes the following sections:

- Executive summary
- Results of operations
- Segment results
- Liquidity and capital resources
- Regulatory matters
- Critical accounting policies and estimates

This MD&A should be read in conjunction with “Management’s Discussion and Analysis of Financial Condition and Results of Operations” included in Scotts Miracle-Gro’s Annual Report on Form 10-K for the fiscal year ended September 30, 2022 (the “2022 Annual Report”) and our condensed consolidated financial statements included in this Quarterly Report on Form 10-Q.

EXECUTIVE SUMMARY

Our operations are divided into three reportable segments: U.S. Consumer, Hawthorne and Other. U.S. Consumer consists of our consumer lawn and garden business in the United States. Hawthorne consists of our indoor and hydroponic gardening business. Other primarily consists of our consumer lawn and garden business outside the United States. This division of reportable segments is consistent with how the segments report to and are managed by our chief operating decision maker. In addition, Corporate consists of general and administrative expenses and certain other income and expense items not allocated to the business segments. See “SEGMENT RESULTS” below for additional information regarding our evaluation of segment performance.

Through our U.S. Consumer and Other segments, we are the leading manufacturer and marketer of branded consumer lawn and garden products in North America. Our products are marketed under some of the most recognized brand names in the industry. Our key consumer lawn and garden brands include Scotts® and Turf Builder® lawn fertilizer and Scotts® grass seed products; Miracle-Gro® soil, plant food and gardening products; Ortho® herbicide and pesticide products; and Tomcat® rodent control and animal repellent products. We also have a presence in similar branded consumer products in China. We are the exclusive agent of Monsanto for the marketing and distribution of certain of Monsanto’s consumer Roundup® branded products within the United States and certain other specified countries. In addition, we have an equity interest in Bonnie Plants, LLC, a joint venture with AFC, focused on planting, growing, developing, distributing, marketing and selling live plants.

Through our Hawthorne segment, we are a leading manufacturer, marketer and distributor of lighting, nutrients, growing media, growing environments and hardware products for indoor and hydroponic gardening. Our key brands include General Hydroponics®, Gavita®, Botanicare®, Agrolux®, Can-Filters®, Gro Pro®, Mother Earth®, Grower’s Edge® and HydroLogic™.

Due to the seasonal nature of the consumer lawn and garden business, for our U.S. Consumer and Other segments, significant portions of our products ship to our retail customers during our second and third fiscal quarters, as noted in the following table. Our annual net sales are further concentrated in the second and third fiscal quarters by retailers who rely on our ability to deliver products closer to when consumers buy our products. For our Hawthorne segment, sales are also impacted by seasonal patterns for certain product categories due to the timing of outdoor growing in North America during our second and third fiscal quarters, and the timing of certain controlled agricultural lighting project sales during our third and fourth fiscal quarters.

	Percent of Net Sales from Continuing Operations by Quarter		
	2022	2021	2020
First Quarter	14.4 %	15.2 %	8.9 %
Second Quarter	42.8 %	37.1 %	33.5 %
Third Quarter	30.2 %	32.7 %	36.1 %
Fourth Quarter	12.6 %	15.0 %	21.5 %

Recent Events

During fiscal 2022, we began implementing a series of Company-wide organizational changes and initiatives intended to create operational and management-level efficiencies. As part of this restructuring initiative, we are reducing the size of our supply chain network, reducing staffing levels and implementing other cost-reduction initiatives. During the second quarter of fiscal 2023, we accelerated the optimization of our Hawthorne supply chain network by announcing the closure of four additional distribution centers. In order to reduce on hand inventory to align with the optimized network capacity, we sold our non-core Hurricane™ branded fans business for \$5.0 and commenced plans to accelerate the reduction of certain other Hawthorne inventory, primarily lighting, growing environments and hardware products. The acceleration of these actions has resulted in earlier than planned savings related to our restructuring efforts. As a result of our continued focus on cost control and optimization efforts, we now expect to deliver run-rate annualized savings of at least \$200.0 versus our original goal of \$185.0. We expect to substantially complete the remaining actions required to achieve the expected savings by the end of fiscal 2023. The benefits of the restructuring program are expected to result in improvements in both gross margin rates and SG&A. During the three and six months ended April 1, 2023, we incurred costs of \$118.7 and \$128.3, respectively, in the “Cost of sales—impairment, restructuring and other” line in the Condensed Consolidated Statements of Operations and \$18.1 and \$23.2, respectively, in the “Impairment, restructuring and other” line in the Condensed Consolidated Statements of Operations associated with this restructuring initiative primarily related to inventory write-down charges, employee termination benefits, facility closure costs and impairment of right-of-use assets and property, plant and equipment. Costs incurred from the inception of this restructuring initiative through April 1, 2023 were \$216.5.

Hawthorne segment sales volume decreased for the three and six months ended April 1, 2023 compared to the three and six months ended April 2, 2022 as a result of continued challenges in the hydroponic industry attributable to an oversupply of cannabis, which significantly decreased cannabis wholesale prices and indoor and outdoor cannabis cultivation. The oversupply has been driven by increased licensing activity across the U.S., significant capital investment in the cannabis production marketplace over the past several years and the market impacts of the COVID-19 pandemic. We expect that the oversupply of cannabis will continue to adversely impact our Hawthorne segment. If the oversupply of cannabis persists longer, or is more significant than we expect, our results of operations could be materially and adversely impacted for a longer period and to a greater extent than we currently anticipate.

During the three and six months ended April 1, 2023, we continued to experience the impacts of cost inflation resulting in persistently high manufacturing and logistics costs as well as volatile commodity costs, due in part to the negative impact of the war in Ukraine on the global economy. The higher costs required us to implement material price increases across our business in fiscal 2022 and 2023. An inflationary environment marked by higher manufacturing and logistics costs, volatile commodity costs and higher interest rates is expected to continue through fiscal 2023. The impact that these trends will continue to have on our operational and financial performance will depend on future developments, including inflationary and macroeconomic conditions and their impact on consumer behavior, which are difficult to predict considering the rapidly evolving landscape.

Net Sales

Net sales for the three months ended April 1, 2023 were \$1,531.5, a decrease of 8.8% from net sales of \$1,678.4 for the three months ended April 2, 2022. Net sales for the six months ended April 1, 2023 were \$2,058.1, a decrease of 8.3% from net sales of \$2,244.3 for the six months ended April 2, 2022. Factors contributing to the change in net sales are outlined in the following table:

	Three Months Ended April 1, 2023	Six Months Ended April 1, 2023
Volume and mix	(16.4)%	(16.7)%
Foreign exchange rates	(0.4)	(0.6)
Pricing	8.0	8.7
Acquisitions	—	0.3
Change in net sales	<u>(8.8)%</u>	<u>(8.3)%</u>

The decrease in net sales for the three and six months ended April 1, 2023 as compared to the three and six months ended April 2, 2022 was primarily driven by:

- decreased sales volume driven by hardware, lighting, nutrients, growing media and growing environments products in our Hawthorne segment; lawn care, soils, mulch and controls products in our U.S. Consumer segment; and decreased sales volume in our Other segment, and
- the unfavorable impact of foreign exchange rates as a result of the strengthening of the U.S. dollar relative to the euro and the Canadian dollar;
- partially offset by increased pricing in our U.S. Consumer, Hawthorne and Other segments.

Cost of Sales

The following table shows the major components of cost of sales for the periods indicated:

	Three Months Ended		Six Months Ended	
	April 1, 2023	April 2, 2022	April 1, 2023	April 2, 2022

THE SCOTTS MIRACLE-GRO COMPANY
(Dollars in millions, except per share data)

The increase in cost of sales for the three and six months ended April 1, 2023 as compared to the three and six months ended April 2, 2022 was primarily driven by:

- an increase in impairment, restructuring and other charges;
- higher material costs in our U.S. Consumer and Hawthorne segments;
- higher manufacturing costs, primarily labor, included within “volume, mix and other” in our U.S. Consumer, Hawthorne and Other segments; and
- an increase in costs associated with the Roundup[®] marketing agreement;
- partially offset by lower sales volume in our U.S. Consumer, Hawthorne and Other segments;
- lower warehousing costs included within “volume, mix and other” in our U.S. Consumer and Hawthorne segments; and
- the favorable impact of foreign exchange rates as a result of the strengthening of the U.S. dollar relative to the euro and the Canadian dollar.

Gross Margin

As a percentage of net sales, our gross margin rate was 26.9% and 35.1% for the three months ended April 1, 2023 and April 2, 2022, respectively, and was 24.7% and 31.5% for the six months ended April 1, 2023 and April 2, 2022, respectively. Factors contributing to the change in gross margin rate are outlined in the following table:

	Three Months Ended April 1, 2023	Six Months Ended April 1, 2023
Material costs	(4.9)%	(5.7)%
Volume, mix and other	(2.4)	(2.8)
Pricing	6.6	7.6

	(0.7)%	(0.7)%
Impairment, restructuring and other	(7.5)	(6.1)
Change in gross margin rate	(8.2)%	(6.8)%

The decrease in gross margin rate for the three and six months ended April 1, 2023 as compared to the three and six months ended April 2, 2022 was primarily driven by:

- an increase in impairment, restructuring and other charges;
- higher material costs in our U.S. Consumer and Hawthorne segments;
- higher manufacturing costs, primarily labor, included within “volume, mix and other” in our U.S. Consumer, Hawthorne and Other segments; and
- unfavorable leverage of fixed costs driven by lower sales and production volume in our U.S. Consumer, Hawthorne and Other segments;
- partially offset by increased pricing in our U.S. Consumer, Hawthorne and Other segments; and
- lower warehousing costs included within “volume, mix and other” in our U.S. Consumer and Hawthorne segments.

Selling, General and Administrative Expenses

The following table sets forth the components of selling, general and administrative expenses (“SG&A”) for the periods indicated:

	Three Months Ended		Six Months Ended	
	April 1, 2023	April 2, 2022	April 1, 2023	April 2, 2022
Advertising	\$ 61.2	\$ 49.1	\$ 78.7	\$ 67.3

	\$ 186.3	\$ 204.7	\$ 314.8	\$ 358.7

SG&A decreased \$18.4, or 9.0%, during the three months ended April 1, 2023 compared to the three months ended April 2, 2022. Advertising expense increased \$12.1, or 24.6%, during the three months ended April 1, 2023 driven by the timing of media spending in our U.S. Consumer segment. Share-based compensation expense, which excludes certain advertising expenses paid for in Common Shares, increased \$12.7, or 79.9%, driven by short-term variable incentive compensation that was provided to employees as share-based awards for fiscal 2023 in lieu of a cash-based program. Amortization expense decreased \$3.2, or 36.0%, during the three months ended April 1, 2023 driven by the impairment of certain Hawthorne segment intangible assets during fiscal 2022. Other SG&A and research and development costs decreased by a combined \$40.0, or 30.6%, during the three months ended April 1, 2023 due to reductions in staffing levels and other cost-reduction initiatives.

SG&A decreased \$43.9, or 12.2%, during the six months ended April 1, 2023 compared to the six months ended April 2, 2022. Advertising expense increased \$11.4, or 16.9%, during the six months ended April 1, 2023 driven by the timing of media spending in our U.S. Consumer segment. Share-based compensation expense, which excludes certain advertising expenses paid for in Common Shares, increased \$24.2, or 104.3%, driven by short-term variable incentive compensation that was provided to employees as share-based awards for fiscal 2023 in lieu of a cash-based program. Amortization expense decreased \$3.5, or 21.5%, during the six months ended April 1, 2023 driven by the impairment of certain Hawthorne segment intangible assets during fiscal 2022. Other SG&A and research and development costs decreased by a combined \$76.0, or 30.2%, during the six months ended April 1, 2023 driven by reductions in staffing levels and other cost-reduction initiatives.

Impairment, Restructuring and Other

Activity described herein is classified within the “Cost of sales—impairment, restructuring and other” and “Impairment, restructuring and other” lines in the Condensed Consolidated Statements of Operations. The following table details impairment, restructuring and other charges for each of the periods presented:

	Three Months Ended		Six Months Ended

During fiscal 2022, we began implementing a series of Company-wide organizational changes and initiatives intended to create operational and management-level efficiencies. As part of this restructuring initiative, we are reducing the size of our supply chain network, reducing staffing levels and implementing other cost-reduction initiatives. During the second quarter of fiscal 2023, we accelerated the optimization of our Hawthorne supply chain network by announcing the closure of four additional distribution centers. In order to reduce on hand inventory to align with the optimized network capacity, we sold our non-core Hurricane™ branded fans business for \$5.0 and commenced plans to accelerate the reduction of certain other

Hawthorne inventory, primarily lighting, growing environments and hardware products. During the three and six months ended April 1, 2023, we incurred costs of \$136.8 and \$151.4, respectively, associated with this restructuring initiative primarily related to inventory write-down charges, employee termination benefits, facility closure costs and impairment of right-of-use assets and property, plant and equipment. We incurred costs of \$0.2 and \$1.2 in our U.S. Consumer segment and \$118.5 and \$127.0 in our Hawthorne segment in the “Cost of sales—impairment, restructuring and other” line in the Condensed Consolidated Statements of Operations during the three and six months ended April 1, 2023, respectively. We incurred costs of \$0.1 and \$0.3 in our U.S. Consumer segment, \$17.1 and \$18.2 in our Hawthorne segment, \$0.1 and \$0.2 in our Other segment and \$0.8 and \$4.5 at Corporate in the “Impairment, restructuring and other” line in the Condensed Consolidated Statements of Operations during the three and six months ended April 1, 2023, respectively. Costs incurred from the inception of this restructuring initiative through April 1, 2023 were \$180.3 for our Hawthorne segment, \$23.1 for our U.S. Consumer segment, \$0.9 for our Other segment and \$12.2 for Corporate. We continue to evaluate additional network and organizational changes, which, if executed, may result in additional restructuring charges in future periods.

Other Income, net

Other income is comprised of activities such as royalty income from the licensing of certain of our brand names and foreign exchange transaction gains and losses. Other income was \$1.6 and \$4.3 for the three months ended April 1, 2023 and April 2, 2022, respectively; and was \$1.0 and \$6.0 for the six months ended April 1, 2023 and April 2, 2022, respectively. The decrease was primarily due to foreign exchange transaction gains and losses as well as gains on the sale of long-lived assets during the second quarter of fiscal 2022.

Income from Operations

Income from operations was \$206.2 for the three months ended April 1, 2023, a decrease of 46.8% compared to \$387.9 for the three months ended April 2, 2022; and was \$164.4 for the six months ended April 1, 2023, a decrease of 53.4% compared to \$352.5 for the six months ended April 2, 2022. The decrease was primarily due to lower net sales, a decrease in gross margin rate, higher impairment, restructuring and other charges and lower other income, partially offset by lower SG&A.

Equity in Loss of Unconsolidated Affiliates

Equity in loss of unconsolidated affiliates associated with Bonnie Plants, LLC was \$7.3 and \$6.5 for the three months ended April 1, 2023 and April 2, 2022, respectively; and was \$18.7 and \$13.8 for the six months ended April 1, 2023 and April 2, 2022, respectively. We anticipated a net loss for Bonnie Plants, LLC for the six months ended April 1, 2023 due to the seasonal nature of its business, in which sales are heavily weighted to the spring and summer selling periods during our third fiscal quarter.

Interest Expense

Interest expense was \$48.3 for the three months ended April 1, 2023, an increase of 70.7% compared to \$28.3 for the three months ended April 2, 2022. The increase was driven by higher average borrowings of \$70.2 and an increase in our weighted average interest rate, net of the impact of interest rate swaps, of 210 basis points. The increase in average borrowings was due to inventory production, capital expenditures, acquisition activity and repurchases of our Common Shares. The increase in our weighted average interest rate was primarily driven by higher borrowing rates on the Sixth A&R Credit Agreement.

Interest expense was \$91.0 for the six months ended April 1, 2023, an increase of 74.7% compared to \$52.1 for the six months ended April 2, 2022. The increase was driven by higher average borrowings of \$363.1 and an increase in our weighted average interest rate, net of the impact of interest rate swaps, of 190 basis points. The increase in average borrowings was due to inventory production, capital expenditures, acquisition activity and repurchases of our Common Shares. The increase in our weighted average interest rate was primarily driven by higher borrowing rates on the Sixth A&R Credit Agreement.

Income Tax Expense

The effective tax rates for the six months ended April 1, 2023 and April 2, 2022 were 19.5% and 22.0%, respectively. The decrease in the effective tax rate was driven by the combination of lower pretax income and favorable discrete items recognized during the three months ended December 31, 2022. We expect the full year fiscal 2023 effective tax rate to be higher than the effective tax rate for the six months ended April 1, 2023 due to a more significant impact of deductibility limitations on certain employee compensation and lower excess tax benefits related to share-based compensation. The effective tax rate used for interim purposes is based on our best estimate of factors impacting the effective tax rate for the full fiscal year. Factors affecting the estimated effective tax rate include assumptions as to income by jurisdiction (domestic and foreign), the availability and utilization of tax credits and the existence of elements of income and expense that may not be taxable or deductible. The estimated effective tax rate is subject to revision in later interim periods and at fiscal year-end as facts and

THE SCOTTS MIRACLE-GRO COMPANY
(Dollars in millions, except per share data)

circumstances change during the course of the fiscal year. There can be no assurance that the effective tax rate estimated for interim financial reporting purposes will approximate the effective tax rate determined at fiscal year-end.

Net Income

Net income was \$109.4, or \$1.94 per diluted share, for the three months ended April 1, 2023 compared to \$276.5, or \$4.94 per diluted share, for the three months ended April 2, 2022. The decrease was driven by lower net sales, a decrease in gross margin rate, higher impairment, restructuring and other charges, lower other income, higher equity in loss of unconsolidated affiliates, higher interest expense and lower other non-operating income, partially offset by lower SG&A.

Diluted average common shares used in the diluted net income per common share calculation for the three months ended April 1, 2023 were 56.5 million, which included dilutive potential Common Shares of 0.5 million. Diluted average common shares used in the diluted net income per common share calculation for the three months ended April 2, 2022 were 56.0 million, which included dilutive potential Common Shares of 0.5 million. The increase in diluted average common shares was primarily the result of the exercise and issuance of share-based compensation awards.

Net income was \$44.7, or \$0.80 per diluted share, for the six months ended April 1, 2023 compared to \$226.4, or \$4.02 per diluted share, for the six months ended April 2, 2022. The decrease was driven by lower net sales, a decrease in gross margin rate, higher impairment, restructuring and other charges, lower other income, higher equity in loss of unconsolidated affiliates, higher interest expense and lower other non-operating income, partially offset by lower SG&A.

Diluted average common shares used in the diluted net income per common share calculation for the six months ended April 1, 2023 were 56.1 million, which included dilutive potential Common Shares of 0.3 million. Diluted average common shares used in the diluted net income per common share calculation for the six months ended April 2, 2022 were 56.3 million, which included dilutive potential Common Shares of 0.8 million. The decrease in diluted average common shares was primarily the result of Common Share repurchase activity partially offset by the exercise and issuance of share-based compensation awards.

SEGMENT RESULTS

The performance of each reportable segment is evaluated based on several factors, including income (loss) before income taxes, amortization, impairment, restructuring and other charges (“Segment Profit (Loss)”), which is a non-GAAP financial measure. Senior management uses Segment Profit (Loss) to evaluate segment performance because they believe this measure is indicative of performance trends and the overall earnings potential of each segment.

The following table sets forth net sales by segment:

U.S. Consumer

U.S. Consumer segment net sales were \$1,357.4 in the second quarter of fiscal 2023, a decrease of 1.6% from second quarter of fiscal 2022 net sales of \$1,379.8; and were \$1,726.3 for the first six months of fiscal 2023, an increase of 0.2% from the first six months of fiscal 2022 net sales of \$1,722.2. For the second quarter of fiscal 2023, the decrease was driven by lower sales volume of 10.4%, partially offset by increased pricing of 8.7%. For the six months ended April 1, 2023, the increase was driven by increased pricing of 9.6%, partially offset by lower sales volume of 9.4%. The decrease in sales volume for the three and six months ended April 1, 2023 was driven by lawn care, soils, mulch and controls products.

U.S. Consumer Segment Profit was \$397.4 in the second quarter of fiscal 2023, a decrease of 7.3% from the second quarter of fiscal 2022 Segment Profit of \$428.9; and Segment Profit was \$428.7 for the first six months of fiscal 2023, a decrease of 2.5% from the first six months of fiscal 2022 Segment Profit of \$439.6. For the three and six months ended April 1, 2023, the decrease was primarily due to lower net sales and a lower gross margin rate, partially offset by lower SG&A.

Hawthorne

Hawthorne segment net sales were \$92.7 in the second quarter of fiscal 2023, a decrease of 54.2% from second quarter of fiscal 2022 net sales of \$202.6; and were \$224.2 for the first six months of fiscal 2023, a decrease of 43.0% from the first six months of fiscal 2022 net sales of \$393.2. For the second quarter of fiscal 2023, the decrease was driven by lower sales volume and unfavorable foreign exchange rates of 59.9% and 0.2%, respectively, partially offset by increased pricing and acquisitions of 5.7% and 0.1%, respectively. For the six months ended April 1, 2023, the decrease was driven by lower sales volume and unfavorable foreign exchange rates of 48.3% and 1.3%, respectively, partially offset by increased pricing and acquisitions of 5.1% and 1.5%, respectively. The decrease in sales volume for the three and six months ended April 1, 2023 was driven by hardware, lighting, nutrients, growing media and growing environments products.

Hawthorne Segment Loss was \$16.8 in the second quarter of fiscal 2023 as compared to Segment Profit of \$3.3 for the second quarter of fiscal 2022; and Segment Loss was \$33.0 for the first six months of fiscal 2023 as compared to Segment Loss of \$2.0 for the first six months of fiscal 2022. For the three and six months ended April 1, 2023, the change was driven by lower net sales and a lower gross margin rate, partially offset by lower SG&A.

Other

Other segment net sales were \$81.4 in the second quarter of fiscal 2023, a decrease of 15.2% from the second quarter of fiscal 2022 net sales of \$96.0; and were \$107.6 for the first six months of fiscal 2023, a decrease of 16.5% from the first six months of fiscal 2022 net sales of \$128.9. For the second quarter of fiscal 2023, the decrease was driven by lower sales volume and unfavorable foreign exchange rates of 11.1% and 5.9%, respectively, partially offset by increased pricing of 1.8%. For the six months ended April 1, 2023, the decrease was driven by lower sales volume and unfavorable foreign exchange rates of 17.8% and 5.7%, respectively, partially offset by increased pricing of 6.9%.

THE SCOTTS MIRACLE-GRO COMPANY
(Dollars in millions, except per share data)

Other Segment Profit was \$14.6 in the second quarter of fiscal 2023, an increase of 39.0% from the second quarter of fiscal 2022 Segment Profit of \$10.5; and Segment Profit was \$16.0 for the first six months of fiscal 2023, an increase of 35.6% from the first six months of fiscal 2022 Segment Profit of \$11.8. For the three and six months ended April 1, 2023, the increase was driven by a higher gross margin rate and lower SG&A, partially offset by lower net sales.

Corporate

Corporate expenses were \$42.1 in the second quarter of fiscal 2023, an increase of 7.7% from the second quarter of fiscal 2022 expenses of \$39.1; and were \$74.0 for the first six months of fiscal 2023, an increase of 5.0% from the first six months of fiscal 2022 expenses of \$70.5. For the three and six months ended April 1, 2023, the increase was primarily driven by higher share-based compensation expense and lower other income, partially offset by reductions in staffing levels and other cost-reduction initiatives.

LIQUIDITY AND CAPITAL RESOURCES

The following table summarizes cash activities:

	Six Months Ended	
	April 1, 2023	April 2, 2022
Net cash used in operating activities	\$ (566.9)	\$ (1,142.6)
Net cash used in investing activities	(20.6)	(255.8)
Net cash provided by financing activities	525.3	1,171.3

Operating Activities

Cash used in operating activities totaled \$566.9 for the six months ended April 1, 2023 as compared to \$1,142.6 for the six months ended April 2, 2022. This decrease was driven by lower inventory production, accounts payable timing, lower short-term variable cash incentive compensation payouts and higher income tax refunds received, partially offset by lower income from operations, higher accounts receivable, higher interest payments and higher payments associated with restructuring activities. Higher accounts receivable is driven by the timing of sales. Accounts payable timing is driven by lower inventory production and the favorable impact of extended payment terms with vendors for payments originally due in the final weeks of the second quarter of fiscal 2023 that were paid in the third quarter of fiscal 2023.

Investing Activities

Cash used in investing activities totaled \$20.6 for the six months ended April 1, 2023 as compared to \$255.8 for the six months ended April 2, 2022. Cash used for investments in property, plant and equipment during the first six months of fiscal 2023 and 2022 was \$51.8 and \$66.0, respectively. We also received proceeds of \$37.0 during the six months ended April 1, 2023 related to the payoff of seller financing that we provided in connection with a fiscal 2017 divestiture. In addition, we had other investing cash outflows of \$6.5 during the six months ended April 1, 2023, comprised of cash outflows associated with currency forward contracts partially offset by proceeds from the sale of the Hurricane™ branded fans business. During the six months ended April 2, 2022, we completed the acquisitions of Luxx Lighting, Inc. and True Liberty Bags in exchange for cash payments of \$202.8, as well as the issuance of 0.1 million Common Shares, a non-cash investing and financing activity, with a fair value of \$21.0 based on the share price at the time of payment. In addition, we received proceeds from the sale of long-lived assets of \$8.5 and received \$4.5 associated with currency forward contracts during the six months ended April 2, 2022.

Financing Activities

Cash provided by financing activities totaled \$525.3 for the six months ended April 1, 2023 as compared to \$1,171.3 for the six months ended April 2, 2022. During the six months ended April 1, 2023, we had net borrowings under our credit facilities of \$609.4 and paid dividends of \$74.9. During the six months ended April 2, 2022, we had net borrowings under our credit facilities of \$1,513.5, paid dividends of \$93.2 and repurchased Common Shares for \$256.4 (which includes cash paid to tax authorities to satisfy statutory income tax withholding obligations related to share-based compensation).

Share Repurchases

On February 6, 2020, Scotts Miracle-Gro announced that its Board of Directors authorized the repurchase of up to \$750.0 of Common Shares from April 30, 2020 through March 25, 2023. There were no share repurchases under this share repurchase authorization during fiscal 2023 through its expiration on March 25, 2023. During the three and six months ended April 2, 2022, Scotts Miracle-Gro repurchased 0.4 million and 1.1 million Common Shares under this share repurchase authorization for

\$50.0 and \$175.0, respectively. Treasury share purchases also include cash paid to tax authorities to satisfy statutory income tax withholding obligations related to share-based compensation of \$5.6 and \$6.4 for the three and six months ended April 1, 2023, respectively, and \$78.1 and \$82.6 for the three and six months ended April 2, 2022, respectively.

Cash and Cash Equivalents

Our cash and cash equivalents were held in cash depository accounts with major financial institutions around the world or invested in high-quality, short-term liquid investments having original maturities of three months or less. The cash and cash equivalents balances of \$25.0, \$17.1 and \$86.8 as of April 1, 2023, April 2, 2022 and September 30, 2022, respectively, included \$15.1, \$4.0 and \$4.2, respectively, held by controlled foreign corporations. As of April 1, 2023, we maintain our assertion of indefinite reinvestment of the earnings of all material foreign subsidiaries.

Borrowing Agreements

Credit Facilities

Our primary sources of liquidity are cash generated by operations and borrowings under our credit facilities, which are guaranteed by substantially all of Scotts Miracle-Gro's domestic subsidiaries. On April 8, 2022, we entered into the Sixth A&R Credit Agreement, providing the Company and certain of its subsidiaries with five-year senior secured loan facilities in the aggregate principal amount of \$2,500.0, comprised of a revolving credit facility of \$1,500.0 and a term loan in the original principal amount of \$1,000.0. The Sixth A&R Credit Agreement will terminate on April 8, 2027. The Sixth A&R Credit Facilities are available for the issuance of letters of credit up to \$100.0. The terms of the Sixth A&R Credit Agreement include customary representations and warranties, affirmative and negative covenants, financial covenants, and events of default.

Under the terms of the Sixth A&R Credit Agreement, loans bear interest, at our election, at a rate per annum equal to either (i) the Alternate Base Rate plus the Applicable Spread (each, as defined in the Sixth A&R Credit Agreement) or (ii) the Adjusted Term SOFR Rate for the Interest Period in effect for such borrowing plus the Applicable Spread (all as defined in the Sixth A&R Credit Agreement). Swingline Loans bear interest at the applicable Swingline Rate set forth in the Sixth A&R Credit Agreement. Interest rates for other select non-U.S. dollar borrowings, including borrowings denominated in euro, Pounds Sterling and Canadian dollars, are based on separate interest rate indices, as set forth in the Sixth A&R Credit Agreement. The Sixth A&R Credit Agreement is secured by (i) a perfected first priority security interest in all of the accounts receivable, inventory and equipment of Scotts Miracle-Gro and certain of its domestic subsidiaries and (ii) the pledge of all of the capital stock of certain of Scotts Miracle-Gro's domestic subsidiaries and a portion of the capital stock of certain of its foreign subsidiaries. The collateral does not include any of our intellectual property.

On June 8, 2022, we entered into the Amendment to the Sixth A&R Credit Agreement. The Amendment increases the maximum permitted leverage ratio for the quarterly leverage covenant during the Leverage Adjustment Period. The Amendment also increases the interest rate applicable to borrowings under the revolving credit facility by 35 bps and the term loan facility by 50 bps, and increases the annual facility fee rate on the revolving credit facility by 15 bps, in each case, when our quarterly-tested leverage ratio exceeds 4.75. Additionally, the Amendment limits our ability to declare or pay any discretionary dividends, distributions or other restricted payments during the Leverage Adjustment Period to only the payment of (i) regularly scheduled cash dividends to holders of our Common Shares in an aggregate amount not to exceed \$225.0 per fiscal year and (ii) other dividends, distributions or other restricted payments in an aggregate amount not to exceed \$25.0. The Amendment also requires pro forma compliance with certain leverage levels specified in the Amendment with respect to our ability to consummate certain acquisitions and incur debt.

At April 1, 2023, we had letters of credit outstanding in the aggregate principal amount of \$5.0 and had \$852.5 of borrowing availability under the Sixth A&R Credit Agreement. The weighted average interest rates on average borrowings under the credit facilities, excluding the impact of interest rate swaps, were 7.0% and 1.8% for the six months ended April 1, 2023 and April 2, 2022, respectively.

The Sixth A&R Credit Agreement contains, among other obligations, an affirmative covenant regarding our leverage ratio determined as of the end of each of our fiscal quarters calculated as average total indebtedness, divided by Adjusted EBITDA. Pursuant to the Amendment, the maximum permitted leverage ratio is (i) 6.50 for the second and third quarters of fiscal 2023, (ii) 6.25 for the fourth quarter of fiscal 2023 and the first quarter of fiscal 2024, (iii) 5.50 for the second quarter of fiscal 2024, and (iv) 4.50 for the third quarter of fiscal 2024 and thereafter. Our leverage ratio was 6.01 at April 1, 2023. The Sixth A&R Credit Agreement also contains an affirmative covenant regarding our interest coverage ratio determined as of the end of each of our fiscal quarters. The interest coverage ratio is calculated as Adjusted EBITDA divided by interest expense, as described in the Sixth A&R Credit Agreement, and excludes costs related to refinancings. The minimum required interest coverage ratio is 3.00. Our interest coverage ratio was 3.66 for the twelve months ended April 1, 2023.

As of April 1, 2023, we were in compliance with all applicable covenants in the agreements governing our debt. Based on our projections of financial performance for the twelve-month period subsequent to the date of the filing of this Form 10-Q, we expect to remain in compliance with the financial covenants under the Sixth A&R Credit Agreement. However, our assessment of our ability to meet our future obligations is inherently subjective, judgment-based, and susceptible to change based on future events. A covenant violation may result in an event of default. Such a default would allow the lenders under the Sixth A&R Credit Agreement to accelerate the maturity of the indebtedness thereunder and would also implicate cross-default provisions under the Senior Notes and cause the Senior Notes to become due and payable at that time. As of April 1, 2023, our indebtedness under the Sixth A&R Credit Agreement and Senior Notes was \$3,192.5. We do not have sufficient cash on hand or available liquidity that can be utilized to repay these outstanding amounts in the event of default.

As part of our contingency planning to address potential future circumstances that could result in noncompliance, we have contemplated alternative plans including additional restructuring activities to reduce operating expenses and certain cash management strategies that are within our control. Additionally, we have contemplated alternative plans that are subject to market conditions and not in our control, including, among others, discussions with our lenders to amend the terms of our financial covenants under the Sixth A&R Credit Agreement and generating cash by completing other financing transactions, which may include issuing equity. There is no assurance that we will be successful in implementing these alternative plans.

Senior Notes

On December 15, 2016, Scotts Miracle-Gro issued \$250.0 aggregate principal amount of 5.250% Senior Notes due 2026. The 5.250% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with our existing and future unsecured senior debt. The 5.250% Senior Notes have interest payment dates of June 15 and December 15 of each year.

On October 22, 2019, Scotts Miracle-Gro issued \$450.0 aggregate principal amount of 4.500% Senior Notes due 2029. The 4.500% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with our existing and future unsecured senior debt. The 4.500% Senior Notes have interest payment dates of April 15 and October 15 of each year.

On March 17, 2021, Scotts Miracle-Gro issued \$500.0 aggregate principal amount of 4.000% Senior Notes due 2031. The 4.000% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with our existing and future unsecured senior debt. The 4.000% Senior Notes have interest payment dates of April 1 and October 1 of each year.

On August 13, 2021, Scotts Miracle-Gro issued \$400.0 aggregate principal amount of 4.375% Senior Notes due 2032. The 4.375% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with our existing and future unsecured senior debt. The 4.375% Senior Notes have interest payment dates of February 1 and August 1 of each year.

Substantially all of Scotts Miracle-Gro's directly and indirectly owned domestic subsidiaries serve as guarantors of the 5.250% Senior Notes, the 4.500% Senior Notes, the 4.000% Senior Notes and the 4.375% Senior Notes.

Receivables Facility

We also maintain a Receivables Facility, under which we may sell a portfolio of available and eligible outstanding customer accounts receivable to the purchasers and simultaneously agree to repurchase the receivables on a weekly basis. The eligible accounts receivable consist of accounts receivable generated by sales to three specified customers. The eligible amount of customer accounts receivable which may be sold under the Receivables Facility is \$400.0 and the commitment amount during the seasonal commitment period that began on February 24, 2023 and ends on June 16, 2023 is \$160.0. The Receivables Facility expires on August 18, 2023.

We account for the sale of receivables under the Receivables Facility as short-term debt and continue to carry the receivables on our Condensed Consolidated Balance Sheets, primarily as a result of our requirement to repurchase receivables sold. As of April 1, 2023 and April 2, 2022, there were \$380.0 and \$400.0, respectively, in borrowings on receivables pledged as collateral under the Receivables Facility, and the carrying value of the receivables pledged as collateral was \$422.2 and \$444.5, respectively.

Interest Rate Swap Agreements

We enter into interest rate swap agreements with major financial institutions that effectively convert a portion of our variable rate debt to a fixed rate. Interest payments made between the effective date and expiration date are hedged by the swap agreements. Swap agreements that were hedging interest payments as of April 1, 2023, April 2, 2022 and September 30, 2022 had a maximum total U.S. dollar equivalent notional amount of \$800.0. On May 4, 2023, we executed \$200.0 of fixed notional amount interest rate swap agreements with an average fixed rate of 3.36%, an effective date of June 7, 2023 and an expiration date of April 7, 2027. The notional amount, effective date, expiration date and rate of each of the swap agreements outstanding at April 1, 2023 are shown in the table below:

Notional Amount (\$)	Effective Date (a)	Expiration Date	Fixed Rate
100	12/21/2020	6/20/2023	1.36 %
300 ^(b)	1/7/2021	6/7/2023	1.34 %
200	10/7/2021	6/7/2023	1.37 %
200 ^(b)	1/20/2022	6/20/2024	0.58 %
200	6/7/2023	6/8/2026	0.85 %

(a) The effective date refers to the date on which interest payments are first hedged by the applicable swap agreement.

(b) Notional amount adjusts in accordance with a specified seasonal schedule. This represents the maximum notional amount at any point in time.

Availability and Use of Cash

We believe that our cash flows from operations and borrowings under our agreements described herein will be sufficient to meet debt service, capital expenditures and working capital needs for the foreseeable future. However, we cannot ensure that our business will generate sufficient cash flow from operations or that future borrowings will be available under our borrowing agreements in amounts sufficient to pay indebtedness or fund other liquidity needs. Actual results of operations will depend on numerous factors, many of which are beyond our control as further discussed in the 2022 Annual Report, under “ITEM 1A. RISK FACTORS — Risks Related to Our M&A, Lending and Financing Activities — Our indebtedness could limit our flexibility and adversely affect our financial condition.”

Financial Disclosures About Guarantors and Issuers of Guaranteed Securities

The 5.250% Senior Notes, 4.500% Senior Notes, 4.000% Senior Notes and 4.375% Senior Notes (collectively, the “Senior Notes”) were issued by Scotts Miracle-Gro on December 15, 2016, October 22, 2019, March 17, 2021 and August 13, 2021, respectively. The Senior Notes are guaranteed by certain consolidated domestic subsidiaries of Scotts Miracle-Gro (collectively, the “Guarantors”) and, therefore, we report summarized financial information in accordance with SEC Regulation S-X, Rule 13-01, “Guarantors and Issuers of Guaranteed Securities Registered or Being Registered.”

The guarantees are “full and unconditional,” as those terms are used in Regulation S-X, Rule 3-10(b)(3), except that a Guarantor’s guarantee will be released in certain circumstances set forth in the indentures governing the Senior Notes, such as: (i) upon any sale or other disposition of all or substantially all of the assets of the Guarantor (including by way of merger or consolidation) to any person other than Scotts Miracle-Gro or any “restricted subsidiary” under the applicable indenture; (ii) if the Guarantor merges with and into Scotts Miracle-Gro, with Scotts Miracle-Gro surviving such merger; (iii) if the Guarantor is designated an “unrestricted subsidiary” in accordance with the applicable indenture or otherwise ceases to be a “restricted subsidiary” (including by way of liquidation or dissolution) in a transaction permitted by such indenture; (iv) upon legal or covenant defeasance; (v) at the election of Scotts Miracle-Gro following the Guarantor’s release as a guarantor under the Sixth A&R Credit Agreement, except a release by or as a result of the repayment of the Sixth A&R Credit Agreement; or (vi) if the Guarantor ceases to be a “restricted subsidiary” and the Guarantor is not otherwise required to provide a guarantee of the Senior Notes pursuant to the applicable indenture.

Our foreign subsidiaries and certain of our domestic subsidiaries are not guarantors (collectively, the “Non-Guarantors”) of the Senior Notes. Payments on the Senior Notes are only required to be made by Scotts Miracle-Gro and the Guarantors. As a result, no payments are required to be made from the assets of the Non-Guarantors, unless those assets are transferred by dividend or otherwise to Scotts Miracle-Gro or a Guarantor. In the event of a bankruptcy, insolvency, liquidation or reorganization of any of the Non-Guarantors, holders of their indebtedness, including their trade creditors and other obligations, will be entitled to payment of their claims from the assets of the Non-Guarantors before any assets are made available for distribution to Scotts Miracle-Gro or the Guarantors. As a result, the Senior Notes are effectively subordinated to all the liabilities of the Non-Guarantors.

THE SCOTTS MIRACLE-GRO COMPANY
(Dollars in millions, except per share data)

The guarantees may be subject to review under federal bankruptcy laws or relevant state fraudulent conveyance or fraudulent transfer laws. In certain circumstances, the court could void the guarantee, subordinate the amounts owing under the guarantee, or take other actions detrimental to the holders of the Senior Notes.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or a valid antecedent debt is satisfied. A court would likely find that a Guarantor did not receive reasonably equivalent value or fair consideration for its guarantee to the extent such Guarantor did not obtain a reasonably equivalent benefit from the issuance of the Senior Notes.

The measure of insolvency varies depending upon the law of the jurisdiction that is being applied. Regardless of the measure being applied, a court could determine that a Guarantor was insolvent on the date the guarantee was issued, so that payments to the holders of the Senior Notes would constitute a preference, fraudulent transfer or conveyances on other grounds. If a guarantee is voided as a fraudulent conveyance or is found to be unenforceable for any other reason, the holders of the Senior Notes will not have a claim against the Guarantor.

Each guarantee contains a provision intended to limit the Guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent conveyance. However, there can be no assurance as to what standard a court will apply in making a determination of the maximum liability of each Guarantor. Moreover, this provision may not be effective to protect the guarantees from being voided under fraudulent conveyance laws. There is a possibility that the entire guarantee may be set aside, in which case the entire liability may be extinguished.

The following tables present summarized financial information on a combined basis for Scotts Miracle-Gro and the Guarantors. Transactions between Scotts Miracle-Gro and the Guarantors have been eliminated and the summarized financial information does not reflect investments of the Scotts Miracle-Gro and the Guarantors in the Non-Guarantor subsidiaries.

Judicial and Administrative Proceedings

We are party to various pending judicial and administrative proceedings arising in the ordinary course of business, including, among others, proceedings based on accidents or product liability claims and alleged violations of environmental laws. We have reviewed these pending judicial and administrative proceedings, including the probable outcomes, reasonably anticipated costs and expenses, and the availability and limits of our insurance coverage, and have established what we believe to be appropriate accruals. We believe that our assessment of contingencies is reasonable and that the related accruals, in the aggregate, are adequate; however, there can be no assurance that future quarterly or annual operating results will not be materially affected by these proceedings, whether as a result of adverse outcomes or as a result of significant defense costs.

REGULATORY MATTERS

We are subject to local, state, federal and foreign environmental protection laws and regulations with respect to our business operations and believe we are operating in substantial compliance, or taking actions aimed at ensuring compliance, with such laws and regulations. We are involved in several legal actions with various governmental agencies related to environmental matters. While it is difficult to quantify the potential financial impact of actions involving these environmental matters, particularly remediation costs at waste disposal sites and future capital expenditures for environmental control equipment, in the opinion of management, the ultimate liability arising from such environmental matters, taking into account established accruals, is not expected to have a material effect on our financial condition, results of operations or cash flows. However, there can be no assurance that the resolution of these matters will not materially affect our future quarterly or annual results of operations, financial condition or cash flows. Additional information on environmental matters affecting us is provided in the 2022 Annual Report, under “ITEM 1. BUSINESS — Regulatory Considerations” and “ITEM 3. LEGAL PROCEEDINGS.”

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of financial statements requires management to use judgment and make estimates that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosures of contingent assets and liabilities. We evaluate our estimates on an ongoing basis. By their nature, these judgments are subject to uncertainty. We base our estimates on historical experience and on various other sources that we believe to be reasonable under the circumstances. Certain accounting policies are particularly significant, including those related to revenue recognition, income taxes and goodwill and intangible assets. Our critical accounting policies are reviewed periodically with the Audit Committee of the Board of Directors of Scotts Miracle-Gro. Our critical accounting policies and estimates have not changed materially from those disclosed in the 2022 Annual Report.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risks have not changed materially from those disclosed in the 2022 Annual Report.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

The Scotts Miracle-Gro Company (the “Registrant”) maintains “disclosure controls and procedures,” as such term is defined under Exchange Act Rule 13a-15(e), that are designed to ensure that information required to be disclosed in the Registrant’s Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to the Registrant’s management, including its principal executive officer and its principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, the Registrant’s management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and in reaching a reasonable level of assurance, the Registrant’s management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

With the participation of the principal executive officer and principal financial officer of the Registrant, the Registrant’s management has evaluated the effectiveness of the Registrant’s disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act, as amended (the “Exchange Act”)) as of the end of the fiscal quarter covered by this Quarterly Report on Form 10-Q. Based upon that evaluation, the Registrant’s principal executive officer and principal financial officer have concluded that the Registrant’s disclosure controls and procedures were effective as of April 1, 2023.

Changes in Internal Control Over Financial Reporting

In addition, there were no changes in the Registrant’s internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that occurred during the Registrant’s fiscal quarter ended April 1, 2023 that have materially affected, or are reasonably likely to materially affect, the Registrant’s internal control over financial reporting.

PART II—OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Reference is made to the legal proceedings that have been previously disclosed in Part I, Item 3 of the 2022 Annual Report. There have been no material developments to the pending legal proceedings set forth therein.

We are involved in other lawsuits and claims which arise in the normal course of our business including the initiation and defense of proceedings to protect intellectual property rights, advertising claims and employment disputes. In our opinion, these claims individually and in the aggregate are not expected to have a material adverse effect on our financial condition, results of operations or cash flows.

ITEM 1A. RISK FACTORS

The Company's risk factors, as of April 1, 2023, have not materially changed from those described in Part I, Item 1A of the 2022 Annual Report.

Cautionary Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q, including the exhibits hereto and the information incorporated by reference herein, contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Exchange Act, as amended, which are subject to risks and uncertainties. Information regarding activities, events and developments that we expect or anticipate will or may occur in the future, including, but not limited to, information relating to our future growth and profitability targets and strategies designed to increase total shareholder value, are forward-looking statements based on management's estimates, assumptions and projections. Forward-looking statements also include, but are not limited to, statements regarding our future economic and financial condition and results of operations, the plans and objectives of management and our assumptions regarding our performance and such plans and objectives, as well as the amount and timing of repurchases of our Common Shares or other uses of cash flows. Forward-looking statements generally can be identified through the use of words such as "guidance," "outlook," "projected," "believe," "target," "predict," "estimate," "forecast," "strategy," "may," "goal," "expect," "anticipate," "intend," "plan," "foresee," "likely," "will," "should" and other similar words and variations.

Forward-looking statements contained in this Quarterly Report on Form 10-Q are predictions only and actual results could differ materially from management's expectations due to a variety of factors, including those described in "ITEM 1A. RISK FACTORS" in the 2022 Annual Report. All forward-looking statements attributable to us or persons working on our behalf are expressly qualified in their entirety by such risk factors.

The forward-looking statements that we make in this Quarterly Report on Form 10-Q are based on management's current views and assumptions regarding future events and speak only as of their dates. We disclaim any obligation to update developments of these risk factors or to announce publicly any revisions to any of the forward-looking statements that we make, or to make corrections to reflect future events or developments, except as required by the federal securities laws.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The payment of future dividends, if any, on the Common Shares will be determined by the Board of Directors in light of conditions then existing, including the Company's earnings, financial condition and capital requirements, restrictions in financing agreements, business conditions and other factors. On June 8, 2022, the Company entered into the Amendment to the Sixth A&R Credit Agreement, which limits the Company's ability to declare or pay any discretionary dividends, distributions or other restricted payments during the Leverage Adjustment Period to only the payment of (i) regularly scheduled cash dividends to holders of its Common Shares in an aggregate amount not to exceed \$225.0 million per fiscal year and (ii) other dividends, distributions or other restricted payments in an aggregate amount not to exceed \$25.0 million. The Amendment also requires pro forma compliance with certain leverage levels specified in the Amendment with respect to the Company's ability to consummate certain acquisitions and incur debt.

The following table shows the purchases of Common Shares made by or on behalf of Scotts Miracle-Gro or any "affiliated purchaser" (as defined in Rule 10b-18(a)(3) under the Exchange Act, as amended) of Scotts Miracle-Gro for each of the three fiscal months in the quarter ended April 1, 2023:

Period	Total Number of Common Shares Purchased(1)	Average Price Paid per Common Share(2)	Total Number of Common Shares Purchased as Part of Publicly Announced Plans or Programs(3)	Approximate Dollar Value of Common Shares That May Yet be Purchased Under the Plans or Programs(3)
January 1, 2023 through January 28, 2023	109	\$ 63.19	—	\$ 461,912,353
January 29, 2023 through February 25, 2023	—	\$ —	—	\$ 461,912,353
February 26, 2023 through April 1, 2023	2,640	\$ 72.52	—	N/A
Total	2,749	\$ 72.15	—	

- (1) All of the Common Shares purchased during the second quarter of fiscal 2023 were purchased in open market transactions. The Common Shares purchased during the quarter consisted of 2,749 Common Shares purchased by the trustee of the rabbi trust established by the Company as permitted pursuant to the terms of The Scotts Company LLC Executive Retirement Plan.
- (2) The average price paid per Common Share is calculated on a settlement basis and includes commissions.
- (3) On February 6, 2020, the Company announced a repurchase program allowing for repurchases of up to \$750.0 million of Common Shares from April 30, 2020 through March 25, 2023. As of the date of this Form 10-Q, the Company does not have an active repurchase program.

(Principal Executive Officer)
CERTIFICATIONS

I, James Hagedorn, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of The Scotts Miracle-Gro Company for the fiscal quarter ended April 1, 2023;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
