Dividends

The Scotts Miracle-Gro Company began paying dividends in 2005. The Company has paid a quarterly cash dividend of \$0.66 per share since the fourth quarter of fiscal 2021.

The payment of future dividends, if any, on common shares will be determined by the Board of Directors of the Company in light of conditions then existing, including general economic, financial, competitive, legislative, regulatory and other factors that are beyond its control. The Company's credit facility restricts (i) regularly scheduled dividend payments to an aggregate of \$225 million per year and (ii) special dividends and other distributions to an aggregate of \$25 million so long as no default has occurred or would occur as a result of the dividend payment. For further discussion regarding the restrictions on dividend payments, see "NOTE 12. DEBT" of the Notes to Consolidated Financial Statements included in the Company's 2023 Annual Report on Form 10-K.

Stock Price Performance

See page 25 for stock price performance. The Scotts Miracle-Gro Company's common shares have been publicly traded since January 31, 1992.

Shareholders

As of November 17, 2023, there were approximately 268,000 shareholders, including holders of record and the Company's estimate of beneficial holders.

Publications for Shareholders

In addition to this 2023 Annual Report, The Scotts Miracle-Gro Company informs Shareholders about the Company through its Annual Report on Form 10-K, its Quarterly Reports on Form 10-Q, its Current Reports on Form 8-K, and its Notice of Annual Meeting of Shareholders and Proxy Statement.

Copies of any of these documents may be obtained without charge on the Company's investor relations website at <http://investor.scotts.com>.

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995

Statements contained in this 2023 Annual Report, other than statements of historical fact, which address activities, events, and developments that the Company expects or anticipates will or may occur in the future, including, but not limited to, information regarding the future economic performance and financial condition of the Company, the plans and objectives of the Company's management, the Company's assumptions regarding such performance and plans, as well as the amount and timing of repurchases of the Company's common shares are "forward-looking statements" within the meaning of the U.S. federal securities laws that are subject to risks and uncertainties. Actual results could differ materially from the forward-looking information in this 2023 Annual Report due to a variety of factors. Additional detailed information concerning a number of the important factors that could cause actual results to differ materially from the forward-looking information contained in this 2023 Annual Report is readily available in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2023, which is filed with the Securities and Exchange Commission.

PART I

ITEM 1. BUSINESS

Company Description and Development of the Business

The discussion below describes the business conducted by The Scotts Miracle-Gro Company, an Ohio corporation (“Scotts Miracle-Gro” and, together with its subsidiaries, the “Company,” “we,” “our” or “us”), including general developments in our business during fiscal 2023. Each reference in this Annual Report on Form 10-K (“Form 10-K”) to a “fiscal” year is to our fiscal year ended or ending, as applicable, on September 30 of the referenced year. For additional information on recent business developments, see “ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS” of this Form 10-K.

Through our U.S. Consumer and Other segments, we are the leading manufacturer and marketer of branded consumer lawn and garden products in North America. Our products are marketed under some of the most recognized brand names in the consumer lawn and garden industry. Our key consumer lawn and garden brands include Scotts[®] and Turf Builder[®] lawn fertilizer and Scotts[®] grass seed products; Miracle-Gro[®] soil, plant food and gardening products; Ortho[®] herbicide and pesticide products; and Tomcat[®] rodent control and animal repellent products. We are the exclusive agent of the Monsanto Company, a subsidiary of Bayer AG (“Monsanto”), for the marketing and distribution of certain of Monsanto’s consumer Roundup^{®1} branded products within the United States (“U.S.”) and certain other specified countries. In addition, we have an equity interest in Bonnie Plants, LLC, a joint venture with Alabama Farmers Cooperative, Inc. (“AFC”), focused on planting, growing, developing, distributing, marketing, and selling live plants.

Through our Hawthorne segment, we are a leading manufacturer, marketer and distributor of lighting, nutrients, growing media, growing environments and hardware products for indoor and hydroponic gardening in North America. Our key brands include General Hydroponics[®], Gavita[®], Botanicare[®], Agrolux[®], Gro Pro[®], Mother Earth[®], Grower’s Edge[®], HydroLogic Purification System[®] and Cyco[®].

Scotts Miracle-Gro traces its heritage to a company founded by O.M. Scott in Marysville, Ohio in 1868. In the mid-1900s, we became widely known for the development of quality lawn fertilizers and grass seeds that led to the creation of a new industry – consumer lawn care. In the 1990s, we significantly expanded our product offering with three leading brands in the U.S. home lawn and garden industry. In fiscal 1995, through a merger with Stern’s Miracle-Gro Products, Inc., which was founded by Horace Hagedorn and Otto Stern in Long Island, New York in 1951, we acquired the Miracle-Gro[®] brand, the industry leader in water-soluble garden plant foods. In fiscal 1999, we acquired the Ortho[®] brand in the United States and obtained exclusive rights to market Monsanto’s consumer Roundup[®] brand within the United States and other contractually specified countries, thereby adding industry-leading weed, pest and disease control products to our portfolio. Today, the Scotts[®], Turf Builder[®], Miracle-Gro[®], Ortho[®] and Roundup[®] brands make us the most widely recognized company in the consumer lawn and garden industry in the United States.

Business Segments

We divide our business into the following reportable segments:

- U.S. Consumer
- Hawthorne
- Other

U.S. Consumer consists of our consumer lawn and garden business in the United States. Hawthorne consists of our indoor and hydroponic gardening business. Other primarily consists of our consumer lawn and garden business in Canada. This division of reportable segments is consistent with how the segments report to and are managed by our Chief Executive Officer (the chief operating decision maker of the Company). In addition, Corporate consists of general and administrative expenses and certain other income and expense items not allocated to the business segments. Financial information about these segments for each of the three fiscal years ended September 30, 2023, 2022 and 2021 is presented in “NOTE 21. SEGMENT INFORMATION” of the Notes to Consolidated Financial Statements included in this Form 10-K.

¹ Roundup[®] is a registered trademark of Monsanto Technology LLC, a company affiliated with Monsanto Company.

Principal Products and Services

In our reportable segments, we manufacture, market and sell lawn and garden products in the following categories:

Lawn Care: The lawn care category is designed to help users grow and enjoy the lawn they want. Products within this category include lawn fertilizer products under the Scotts® and Turf Builder® brand names; grass seed products under the Scotts®, Turf Builder®, EZ Seed®, PatchMaster® and Thick'R Lawn™ brand and sub-brand names; and lawn-related weed, pest and disease control products primarily under the Scotts® brand name, including sub-brands such as GrubEx®. The lawn care category also includes spreaders and other durables under the Scotts® brand name, including Turf Builder® EdgeGuard® spreaders and Handy Green® II handheld spreaders.

Gardening and Landscape: The gardening and landscape category is designed to help consumers grow and enjoy flower and vegetable gardens and beautify landscaped areas. Products within this category include a complete line of water-soluble plant foods under the Miracle-Gro® brand and sub-brands such as LiquaFeed®, continuous-release plant foods under the Miracle-Gro® brand and sub-brands such as Shake 'N Feed®; potting mixes, garden soils, ground cover and mulches under the Miracle-Gro®, Scotts®, Hyponex® and Earthgro® brand names; plant-related pest and disease control products under the Ortho® brand; organic garden products under the Miracle-Gro® Performance Organics®, Miracle-Gro® Organic Choice®, Scotts®, Whitney Farms® and EcoScraps® brand names; and live goods and seeding solutions under the Miracle-Gro® brand. Hydroponic and indoor gardening focused growing media and nutrients products are marketed under the Mother Earth®, Botanicare®, General Hydroponics® and Cyco® brand names as well as brands owned by third parties for which we serve as distributor.

Hydroponic hardware and growing environments: This category is designed to provide durable goods to grow plants, flowers and vegetables using little or no soil. Products within this category include growing systems, trays, fans, filters, humidifiers, dehumidifiers, timers, instruments, water pumps, irrigation supplies and hand tools, and are marketed under the Botanicare®, Gro Pro®, AeroGarden® and HydroLogic Purification System® brand names as well as brands owned by third parties for which we serve as distributor.

Lighting: The lighting category is designed to provide growers a complete selection of lighting systems and components for use in hydroponic and indoor gardening applications. Products in this category include lighting sensors, controls, fixtures, reflectors, lamps, cords and hangars, and are marketed under the Gavita®, Agrolux® and Titan® brand names as well as brands owned by third parties for which we serve as distributor.

Controls: The controls category is designed to help consumers protect their homes from pests and maintain external home areas. Insect control products are marketed under the Ortho® brand name, including Ortho Max®, Home Defense® and Bug B Gon® sub-brands; rodent control products are marketed under the Tomcat® and Ortho® brands; selective weed control products are marketed under the Ortho Weed B Gon™ sub-brand; and non-selective weed killer products are marketed under the Groundclear® brand name. Hydroponic gardening focused controls products are marketed under the Alchemist® and General Hydroponics® brand names as well as brands owned by third parties for which we serve as distributor.

Marketing Agreement: We are Monsanto's exclusive agent for the marketing and distribution of certain of Monsanto's consumer Roundup® branded products in the United States and certain other specified countries.

Effective August 1, 2019, we entered into the Third Amended and Restated Exclusive Agency and Marketing Agreement (the "Third Restated Agreement") pursuant to which we provide certain consumer and trade marketing program services, sales, merchandising, warehousing and other selling and marketing support for certain of Monsanto's consumer Roundup® branded products. The Company also performs other services on behalf of Monsanto, including manufacturing conversion services, pursuant to ancillary agreements. For additional details regarding the Third Restated Agreement, see "ITEM 1A. RISK FACTORS — Risks Related to Our Business — *In the event the Third Restated Agreement for Monsanto's consumer Roundup® products terminates or Monsanto's consumer Roundup® business materially declines, we would lose a substantial source of future earnings and overhead expense absorption*" of this Form 10-K and "NOTE 7. MARKETING AGREEMENT" of the Notes to Consolidated Financial Statements included in this Form 10-K.

Acquisitions and Divestitures

There were no material acquisitions or divestitures during fiscal 2023. Refer to "NOTE 8. ACQUISITIONS AND INVESTMENTS" of the Notes to the Consolidated Financial Statements included in this Form 10-K for more information regarding fiscal 2022 and fiscal 2021 acquisitions and investments.

Principal Markets and Methods of Distribution

We sell our products through our direct sales force, e-commerce website and our network of brokers and distributors primarily to home centers, mass merchandisers, warehouse clubs, large hardware chains, independent hardware stores, nurseries, garden centers, e-commerce platforms, food and drug stores, indoor gardening and hydroponic product distributors, retailers and growers.

The majority of our shipments to customers are made via common carriers or through distributors in the United States. We primarily utilize third parties to manage the key distribution centers for our consumer lawn and garden business, which are strategically located across the United States and Canada. For our Hawthorne business, we primarily self-manage distribution centers across the United States and Canada. Growing media products are generally shipped direct-to-store without passing through a distribution center.

Raw Materials

We purchase raw materials for our products from various sources. We are subject to market risk as a result of the fluctuating prices of raw materials, including urea and other fertilizer inputs, resins, diesel, gasoline, natural gas, sphagnum peat, bark and grass seed. Our objectives surrounding the procurement of these materials are to ensure continuous supply, minimize costs and improve supply and pricing predictability. We seek to achieve these objectives through negotiation of contracts with favorable terms directly with vendors. When appropriate, we commit to purchase a certain percentage of our needs in advance of the lawn and garden season to secure pre-determined prices. We also hedge certain commodities, particularly diesel and urea, to improve cost predictability and control. Sufficient raw materials were available during fiscal 2023.

Trademarks, Patents, Trade Secrets and Licenses

We believe that our trademarks, patents, trade secrets and licenses provide us with significant competitive advantages. We pursue a vigorous trademark protection strategy consisting of registration, renewal and maintenance of key trademarks and proactive monitoring and enforcement activities to protect against infringement. The Scotts[®], Miracle-Gro[®], Ortho[®], Tomcat[®], Hyponex[®], Earthgro[®], General Hydroponics[®], Gavita[®], Botanicare[®], Agrolux[®] and Mother Earth[®] brand names and logos, as well as a number of product trademarks, including Turf Builder[®], EZ Seed[®], Organic Choice[®], Home Defense Max[®], Nature Scapes[®], and Weed B Gon Max[®] are registered in the United States and/or internationally and are considered material to our business.

In addition, we actively develop and maintain an extensive portfolio of utility and design patents covering a variety of subject matters and technologies relevant to the business such as fertilizer, weed killer, chemical and growing media compositions and processes; grass seed varieties; mechanical dispensing devices such as applicators, spreaders and sprayers; lighting applications; and hydroponic growing systems. Our utility patents provide protection generally extending to 20 years from the date of filing, and some of our patents will continue well into the next decade. We also hold exclusive and non-exclusive patent licenses and supply arrangements permitting the use and sale of additional patented fertilizers, pesticides, electrical and mechanical devices. Although our portfolio of trade secrets, patents and patent licenses is important to our success, no single trade secret, patent or group of related patents, alone, is considered critical to the operation of any of our business segments or the business as a whole.

Seasonality and Backlog

Our North America consumer lawn and garden business is highly seasonal, with approximately 75% of our annual net sales occurring in our second and third fiscal quarters combined. Our annual sales for this business are further concentrated in our second and third fiscal quarters by retailers who rely on our ability to deliver products closer to when consumers buy our products. We anticipate significant orders for our North America consumer lawn and garden business for the upcoming spring season will start to be received late in the winter and continue through the spring season. Historically, substantially all orders have been received and shipped within the same fiscal year with minimal carryover of open orders at the end of the fiscal year.

Our Hawthorne segment is also impacted by seasonal sales patterns for certain product categories due to the timing of outdoor growing in North America during our second and third fiscal quarters, and the timing of certain controlled agricultural lighting project sales during our third and fourth fiscal quarters.

Significant Customers

Home Depot and Lowe's are our two largest customers and are the only customers that individually represent more than 10% of reported consolidated net sales during any of the three most recent fiscal years. For additional details regarding significant customers, see "ITEM 1A. RISK FACTORS — Risks Related to Our Business — *Because of the concentration of our sales to a small number of retail customers, the loss of one or more of, or a significant reduction in orders from, any of our top customers, or a material reduction in the inventory of our products that they carry, could adversely affect our financial results*" of this Form 10-K and "NOTE 21. SEGMENT INFORMATION" of the Notes to Consolidated Financial Statements included in this Form 10-K.

Competitive Marketplace

The markets in which we sell our products are highly competitive. We compete primarily on the basis of brand strength, product innovation, product quality, product performance, advertising, value, supply chain competency, field sales support, in-store sales support and the strength of our relationships with major retailers and distributors.

In the lawn and garden, pest control and indoor gardening and hydroponic markets, our products compete against private-label as well as branded products. Primary competitors include Spectrum Brands Holdings, Inc., Central Garden & Pet Company, Kellogg Garden Products, Oldcastle Retail, Inc., Lebanon Seaboard Corporation, Reckitt Benckiser Group plc, FoxFarm Soil & Fertilizer Company, Nanolux Technology, Inc., Sun Gro Horticulture, Inc., Advanced Nutrients, Ltd., SBM Life Science Corp., Woodstream Corporation, Sunday Lawn Care and Hydrofarm Holdings Group, Inc. In addition, we face competition from smaller regional competitors that operate in many of the areas where we compete.

In Canada, we face competition in the lawn and garden market from Premier Tech Ltd. and a variety of local companies including private label brands.

Research and Development

We continually invest in research and development, both in the laboratory and at the consumer level, to improve our products, manufacturing processes, packaging and delivery systems. Spending on research and development was \$35.7 million, \$45.3 million and \$45.4 million in fiscal 2023, fiscal 2022 and fiscal 2021, respectively, including product registration costs of \$12.4 million, \$13.0 million and \$12.3 million, respectively. In addition to our own research and development activities, we actively seek ways to leverage the research and development activities of our suppliers and other business partners.

Regulatory Considerations

Laws and regulations in the United States and other countries affect the manufacture, sale, distribution, use and/or application of our products in several ways. For example, in the United States, all pesticide products must comply with the Federal Insecticide, Fungicide, and Rodenticide Act (“FIFRA”), and most pesticide products require registration with the U.S. Environmental Protection Agency (the “U.S. EPA”) and similar state agencies before they can be sold or distributed. The use of certain pesticide products is also regulated by the U.S. EPA in addition to various local, state and federal environmental and/or public health agencies. These regulations may, for example, include requirements that only certified or professional users apply the product, that certain products be used only on certain types of locations (such as “not for use on sod farms or golf courses”), that users post notices on properties to which products have been or will be applied, or that may require notification to individuals in the vicinity that products will be applied in the future, or may ban the use of certain ingredients or categories of products altogether. Analogous regulatory regimes apply to certain pesticides that we sell or distribute in other countries.

Fertilizer and growing media products are also subject to various laws and regulations, some of which require registration, mandate labeling requirements, and/or govern the sale and distribution of the products. Our grass seed products are regulated in the U.S. by the Federal Seed Act and various state regulations. In addition, governmental agencies regulate the disposal, transport, handling and storage of waste, the remediation of contaminated sites, air and water discharges from our facilities, and workplace health and safety.

Governmental authorities generally require operating facilities to obtain permits (sometimes on an annual basis) relating to site-specific conditions and/or activities. For example, permits must be obtained in order to harvest peat and to discharge storm water run-off or water pumped from peat deposits. The permits typically specify the condition in which the property must be left after the peat is fully harvested, with the residual use typically being natural wetland habitats combined with open water areas. We are generally required by these permits to limit our harvesting and to restore the property consistent with the intended residual use. In some locations, these facilities have been required to create water retention ponds to control the sediment content of discharged water.

In addition, in 2021 the Biden Administration announced a multi-agency plan to address per- and polyfluoroalkyl substances (“PFAS”) contamination nationwide. Agencies, including the U.S. EPA, the Department of Defense, the Food and Drug Administration, the U.S. Department of Agriculture, the Department of Homeland Security, and the Department of Health and Human Services, will take actions to prevent the release of PFAS into the air, drinking systems, and food supply and to expand cleanup efforts to remediate the impacts of PFAS pollution. As part of this announcement, the U.S. EPA released its PFAS Strategic Roadmap: EPA’s Commitments to Action 2021-2024, which sets timelines by which the U.S. EPA plans to take specific actions during the first term of the Biden Administration. Further, many states have taken action to address PFAS concerns ranging from appropriation legislation to funding scientific research, bans on certain categories of consumer products containing PFAS and/or broad prohibitions on PFAS across all products. Complicating this patchwork of state regulation is that various jurisdictions may define PFAS differently. It is possible, therefore, that some of these actions will have an impact – direct or indirect – on our business.

Packaging has also become subject to increased governmental scrutiny in many states. Specifically, state legislation is seeking to reduce single use plastics and establish extended producer responsibility programs, which are designed to bolster the recycling industry by transferring the cost of packaging disposal to the manufacturers. Extended producer responsibility programs typically include targets and reporting responsibilities for, among other things, post-consumer recycling usage, compostable packaging, material reduction and refill strategies.

The expansion of our business may expand the regulatory oversight to which we are subject. If we enter new product categories and/or new jurisdictions, we may become subject to additional applicable legal and regulatory requirements.

For more information regarding how compliance with local, state, federal and foreign laws and regulations may affect us, see “ITEM 1A. RISK FACTORS — Risks Related to Regulation of Our Company — *Compliance with environmental and other public health regulations or changes in such regulations or regulatory enforcement priorities could increase our costs of doing business or limit our ability to market all of our products*” of this Form 10-K.

Regulatory Matters

We are subject to various regulatory proceedings, none of which are expected to be material to our business. At September 30, 2023, \$2.7 million was accrued for environmental matters. During fiscal 2023, fiscal 2022 and fiscal 2021, we expensed \$0.4 million, \$0.2 million and \$0.5 million, respectively, for such environmental matters. We had no material capital expenditures during the last three fiscal years related to environmental or regulatory matters.

Human Capital

We believe our culture and commitment to our associates provides unique value to us and our shareholders. Every associate, and every job, is important to our success and helping us achieve our purpose. We seek to create an environment that values the health, safety and wellness of our teams, and we work to equip them with the knowledge and skills to serve our business and develop in their careers.

This discussion includes information regarding human capital matters that we believe may be of interest to shareholders generally. We recognize that certain other stakeholders (such as customers, employees and non-governmental organizations) may be interested in more detailed information on these topics. We encourage you to review the “Supporting Our People” section of our 2023 Corporate Responsibility Report, located on our website at <https://scottsmiracleagro.com/responsibility/environmental-social-and-governance>, for more detailed information regarding our human capital programs and initiatives. The contents of our corporate website are not incorporated by reference in this Form 10-K or in any other report or document we file with the Securities and Exchange Commission (the “SEC”).

Associates

As of September 30, 2023, we employed approximately 5,500 associates. During peak sales and production periods in fiscal 2023, our workforce totaled approximately 7,250, comprised of approximately 6,500 employees including seasonal associates and approximately 750 in temporary labor. Included within these numbers, during fiscal 2023, we employed a total of approximately 2,500 full-time and seasonal in-store associates within the United States to help our retail partners merchandise our products in their lawn and garden departments directly to consumers. During fiscal 2023, we continued strategic reductions in our workforce as part of an ongoing series of organizational changes and initiatives intended to create operational and management-level efficiencies.

Engagement

The level of engagement created through our associate experience directly impacts our business. To advance engagement, we take a purposeful approach focused on enhancing the employee experience. Communication between members of our leadership team and our other associates impacts our success by building trust and improving collaboration and overall engagement. We gather the voices of our associates formally and informally throughout the year through, among other initiatives, executive town halls, pulse surveys and leadership skip-level meetings. This feedback is shared and leveraged as human capital initiatives are defined.

In light of our recent work force restructuring, we have prioritized ensuring that our associates have access to the information they need to understand the business decisions being made, the reasons behind them and how changes will impact them in their role. To accomplish this, we execute comprehensive change management plans to support our associates through business transitions. Recognizing there is value to associates in engaging directly with our leadership team, we host Town Hall meetings each quarter to disseminate enterprise-wide information and to allow interactive communication.

Diversity

We value our associates' diversity and encourage them to leverage their varied life experiences at our Company. This includes diversity in terms of gender, sexuality, race, thoughts, interests, languages, beliefs and more. We continue to hold ourselves accountable to fostering a positive workplace, one that creates a sense of belonging and community. This comes to life in the programs and support we provide our associates.

Our employee resource groups ("ERGs") are voluntary, associate-led groups usually formed by people with a common affinity such as gender, race, national origin, sexual orientation, military status or other attributes. Each ERG establishes a mission to positively impact the business by cultivating relationships through networking and developing talent through experiences, programs and mentoring. Our ERGs drive continuous improvement of our inclusive work environment and are open to all associates, regardless of the business department, location or management level. Our ERGs consist of the Scotts Women's Network, the Scotts Black Employees Network, the Scotts Veterans Network, the Scotts Young Professionals, Scotts GroPride and Scotts Associates for a Greener Earth.

Professional Development

We view development and retention of our associates as valuable components of our business operations and creating a culture of leadership throughout our Company. We offer both online micro-learning and virtual learning content that accelerates the development of practical skills and competencies. Content is selected by associates and updated frequently to align to the development needs of our associates and address trending topics. Our associates have the opportunity to learn new skills through exposure and involvement in business challenges. Our managers support associates as development happens on the job through cross-functional team assignments, expanded roles and rotational assignments. We provide a variety of learning tools and experiences to our associates to help them embrace a growth mindset that leads to higher levels of achievement and personal satisfaction. Our ongoing development processes are designed to grow knowledge, improve skills and capabilities, and achieve competence in specific behaviors to meet performance expectations and prepare for potential future roles within our Company.

Compensation and Benefits

Our passion extends far beyond gardening and growing to include the well-being of our associates. We are a Company that has been rooted in family since our founding in 1868, and one way we demonstrate this is our commitment to enhancing the health and financial security of our associates and their families and our support for everyday challenges through our LiveTotalHealth program – the Company's holistic and comprehensive approach to wellness. We formed a partnership with an innovative leader in the healthcare navigation and advocacy space to provide our associates and their family members with access to healthcare experts who can guide them throughout their healthcare journeys. We also believe financial health is a core component to our associates' overall wellbeing. We conduct an annual analysis of our pay and compensation practices, from both an external market and internal consistency perspective, to ensure that our pay decisions are fair and equitable.

Health and Safety

We maintain several health and safety programs to protect our team members, including our comprehensive Environmental Health and Safety ("EHS") management system. All associates and business partners, including contractors, are covered by our EHS management system. Our associates are encouraged to participate in safety committees to spur associate engagement with safety on a local and national level. To further manage health and safety risks, we develop compliance calendars that highlight dates for health and safety inspections and deadlines to meet voluntary and regulatory requirements. We use an EHS scorecard composed of leading and lagging indicators to evaluate our health and safety performance including progress measurements for safety training, behavioral-based safety observations, near-miss reporting, total recordable incident rate and lost time accident rate.

Information Systems

We understand the critical nature of real-time, measurable data and insights from a human capital perspective. Our cloud-based human capital management solution unifies our wide range of human relations functionality onto one single platform. This structure enables us to support the entire enterprise with qualitative and quantitative analytics specific to associate transactions, processes and programs, and connection to other organizational data creating a culture where data and analytics are the norm. The organization has embraced the scalable flexibility of the platform, and in doing so, has implemented other modules that integrate cohesively.

Environmental, Social and Governance

Our stakeholders, including shareholders, customers, suppliers, associates, communities as well as the environment and society, are essential to our business. We endeavor to make our workforce more inclusive, our business more sustainable, and our communities more engaged by maintaining strong environmental, social and governance (“ESG”) practices.

In fiscal 2023, we published our 12th Corporate Responsibility Report, prepared in reference to the Global Reporting Initiative (“GRI”) Standards (2021) and with consideration for the Sustainability Accounting Standards Board’s (“SASB’s”) Chemicals industry standard. This report provides detailed information regarding our ESG strategy, focus areas and governance structure. The Company’s ESG focus areas are Product Stewardship and Safety, Operations and Supply Chain, Associate Engagement and Wellness, Community Engagement and Governance and Transparency. The Company continues to benchmark, set and make progress towards goals and seek continuous improvement around these focus areas.

We publish our Corporate Responsibility Report and several ESG-related policies and statements on the ESG section of our corporate website, which is located at <https://scottsmiraclegro.com/responsibility/environmental-social-and-governance>. These policies and statements address environmental, health and safety and human rights concerns. We maintain a Supplier Code of Conduct that establishes the minimum standards that suppliers must satisfy to sell goods to or do business with the Company. Further ESG initiatives in fiscal 2023 included responding to the Carbon Disclosure Project’s climate questionnaire and completing the S&P Corporate Sustainability Assessment. The contents of our corporate website are not incorporated by reference in this Form 10-K or in any other report or document we file with the SEC.

Website and General Information

We maintain a website at <http://investor.scotts.com>. Information on our websites will not be deemed incorporated by reference into, and do not form any part of, this Form 10-K or any other report or document that we file with or furnish to the SEC. We file reports with the SEC and make available, free of charge, on or through our website, our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, as well as our proxy and information statements, as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC.

ITEM 1A. RISK FACTORS

Cautionary Note Regarding Forward-Looking Statements

This Form 10-K, including the exhibits hereto and the information incorporated by reference herein, as well as our 2023 Annual Report to Shareholders (our “2023 Annual Report”), contain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are subject to risks and uncertainties. Information regarding activities, events and developments that we expect or anticipate will or may occur in the future, including, but not limited to, information relating to our future growth and profitability targets and strategies designed to increase total shareholder value, are forward-looking statements based on management’s estimates, assumptions and projections. Forward-looking statements also include, but are not limited to, statements regarding our future economic and financial condition and results of operations, the plans and objectives of management and our assumptions regarding our performance and such plans and objectives, as well as the amount and timing of dividends and repurchases of common shares of Scotts Miracle-Gro (“Common Shares”) or other uses of cash flows. Forward-looking statements generally can be identified through the use of words such as “guidance,” “outlook,” “projected,” “believe,” “target,” “predict,” “estimate,” “forecast,” “strategy,” “may,” “goal,” “expect,” “anticipate,” “intend,” “plan,” “foresee,” “likely,” “will,” “should” and other similar words and variations.

Forward-looking statements in this Form 10-K and our 2023 Annual Report are predictions only and actual results could differ materially from management’s expectations due to a variety of factors, including those described below. All forward-looking statements attributable to us or persons working on our behalf are expressly qualified in their entirety by such risk factors.

The forward-looking statements that we make in this Form 10-K and our 2023 Annual Report are based on management’s current views and assumptions regarding future events and speak only as of their dates. We disclaim any obligation to update developments of these risk factors or to announce publicly any revisions to any of the forward-looking statements that we make, or to make corrections to reflect future events or developments, except as required by the federal securities laws.

Risks Related to Our Business

If we underestimate or overestimate demand for our products and do not maintain appropriate inventory levels, our net sales and/or working capital could be negatively impacted.

Our ability to manage our inventory levels to meet our customers' demand for our products is important for our business. Our production levels and inventory management goals for our products are based on estimates of demand, taking into account production capacity, timing of shipments, and inventory levels. If we overestimate or underestimate either channel or retail demand for any of our products during a given season, we may not maintain appropriate inventory levels, which could negatively impact our net sales, profit margins, net earnings, working capital and/or cash flow, hinder our ability to meet customer demand, result in loss of customers, or cause us to incur excess and obsolete inventory charges or excess warehouse storage costs.

An economic downturn and economic uncertainty may adversely affect demand for our products.

We have observed increased economic uncertainty in the U.S. including the potential for an economic recession. Impacts of such general economic weakness include, without limitation: falling overall demand for goods and services; reduced credit availability; reduced liquidity; volatility in credit, equity and foreign exchange markets; bankruptcies and rising interest rates. Adverse economic conditions have included or resulted, and could continue to include or result, in a significant increase in inflation, which could have a material adverse impact on our business, including our operating margins. Continued high inflation has had a negative impact on our operating margins in recent periods.

Disruptions in availability or increases in the prices of raw materials, fuel or transportation costs could adversely affect our results of operations.

We source many of our commodities and other raw materials on a global basis. The general availability and price of those raw materials can be affected by numerous forces beyond our control, including political instability, trade restrictions and other government regulations, duties and tariffs, price controls, changes in currency exchange rates and weather. A significant disruption in the availability or price of any of our key raw materials could negatively impact our business.

Increases in the prices of key commodities and other raw materials could adversely affect our ability to manage our cost structure. Market conditions may limit our ability to raise selling prices to offset increases in our raw material costs. Further, sustained price increases may lead to declines in volume as competitors may not adjust their prices or customers and/or consumers may decide not to pay the higher prices, which could lead to sales declines and loss of market share. Our projections may not accurately predict the volume impact of price increases, which could adversely affect our business, financial condition and results of operations.

Our proprietary technologies can limit our ability to locate or utilize alternative inputs for certain products. For certain inputs, new sources of supply may have to be qualified under regulatory standards, which can require additional investment and delay bringing a product to market. We utilize hedge agreements periodically to fix the prices of a portion of our urea and fuel needs. The hedge agreements are designed to mitigate the earnings and cash flow fluctuations associated with the costs of urea and fuel. In periods of declining prices, utilizing these hedge agreements may effectively increase our expenditures for these raw materials.

Because of the concentration of our sales to a small number of retail customers, the loss of one or more of, or a significant reduction in orders from, any of our top customers, or a material reduction in the inventory of our products that they carry, could adversely affect our financial results.

Our top two retail customers, Home Depot and Lowe's, together accounted for 47% of our fiscal 2023 net sales and 41% of our outstanding accounts receivable as of September 30, 2023. The loss of, or reduction in orders from any major customer for any reason (including, for example, changes in a retailer's strategy, reduction in inventories of our products that they maintain, claims or allegations that our products or products we market on behalf of third parties are unsafe, a decline in consumer demand, regulatory, legal or other external pressures or a change in marketing strategy), and customer disputes regarding shipments, fees, merchandise condition or related matters could have a material adverse effect on our business, financial condition, results of operations and cash flows. Our inability to collect accounts receivable from one of our major customers, or a significant deterioration in the financial condition of one of these customers, including a bankruptcy filing or a liquidation, could also have a material adverse effect on our financial condition, results of operations and cash flows.

We do not have long-term sales agreements with, or other contractual assurances as to future sales to, any of our major retail customers. In addition, continued consolidation in the retail industry has resulted in an increasingly concentrated retail base, and as a result, we are significantly dependent upon sales to key retailers who have significant bargaining strength. To the extent such concentration continues to occur, our net sales and income from operations may be increasingly sensitive to deterioration in the financial condition of, or other adverse developments involving our relationship with, one or more of our

key customers. In addition, our business may be negatively affected by changes in the policies of our retailers, such as inventory reductions, limitations on access to shelf space, price demands and other conditions.

We may not successfully develop new product lines and products or improve existing product lines and products.

Our future success depends on creating and successfully competing in markets for our products including our ability to improve our existing product lines and products and to develop and manufacture new product lines and products to meet evolving consumer needs. We cannot provide any assurance that we will successfully develop and manufacture new product lines and products or product innovations that satisfy consumer needs or achieve market acceptance, or that we will develop, manufacture and market new product lines and products or product innovations in a timely manner. If we fail to successfully develop and manufacture new product lines and products or product innovations, our ability to maintain or grow our market share may be adversely affected, which could materially adversely affect our business, financial condition and results of operations. In addition, the development and introduction of new product lines and products and product innovations require substantial research and development expenditures, which we may be unable to recoup if such new product lines, products or innovations do not achieve market acceptance.

Many of the products we manufacture and market contain active ingredients that are subject to regulatory approval. The need to obtain such approval could delay the launch of new products or product innovations that contain active ingredients or otherwise prevent us from developing and manufacturing certain products and product innovations.

Our marketing activities may not be successful.

We invest substantial resources in advertising, consumer promotions and other marketing activities to maintain, extend and expand our brand image. Negative publicity about us or our brands, including publicity regarding product safety, quality, efficacy, environmental impacts (including packaging, energy and water use and matters related to climate impact and waste management) and other sustainability or similar issues, whether real or perceived, could occur and could be widely and rapidly disseminated, including through the use of social media sites. There can be no assurances that our marketing strategies will be effective or that the amount we invest in advertising activities will result in a corresponding increase in sales of our products. If our marketing initiatives are unsuccessful, including our ability to leverage new media such as digital media and social networks to reach existing and potential customers or our brands suffer damage to reputation due to real or perceived quality issues (which damage can be quickly multiplied by social media), we will have incurred significant expenses without the benefit of higher revenues.

The highly competitive nature of our markets could adversely affect our ability to maintain or grow revenues.

Each of our operating segments participates in highly competitive markets. Our products compete against national and regional products and private label products produced by various suppliers. Many of our competitors sell their products at prices lower than ours. Our most price sensitive consumers may trade down to lower priced products during challenging economic times or if current economic conditions worsen. We compete primarily on the basis of product innovation, product quality, product performance, value, brand strength, supply chain competency, field sales support, in-store sales support, the strength of our relationships with major retailers and advertising. Some of our competitors have significant financial resources. The strong competition that we face in all of our markets may prevent us from achieving our revenue goals, which may have a material adverse effect on our financial condition, results of operations and cash flows.

Our manufacturing operations, including our reliance on third-party manufacturers, could harm our business.

We may not be able to maintain or develop efficient, low-cost manufacturing capability and processes that will enable us to meet the quality, price, design and product standards or production volumes required to successfully manufacture our products. Even if we successfully maintain and develop our manufacturing capabilities and processes, we may not be able to do so in time to satisfy the requirements of our customers.

We rely on third parties to manufacture certain products. This reliance generates a number of risks, including decreased control over the production and related processes, which could lead to production delays or interruptions and inferior product quality control. In addition, performance problems at these third-party manufacturers could lead to cost overruns, shortages or other problems, which could increase our costs of production or result in delivery shortages or delays to our customers.

In addition, if one or more of our third-party manufacturers becomes insolvent or unwilling to continue to manufacture products of acceptable quality, at acceptable costs and in a timely manner, our ability to deliver products to our retail customers could be significantly impaired. Substitute manufacturers may not be available or, if available, may be unwilling or unable to manufacture the products we need on acceptable terms. Moreover, if customer demand for our products increases, we may be unable to secure sufficient additional capacity from our current third-party manufacturers, or others, on commercially reasonable terms, or at all.

Our business is subject to risks associated with sourcing and manufacturing outside of the U.S. and risks from tariffs and/or international trade wars.

We import many of our raw materials and finished goods from countries outside of the United States, including but not limited to China. Our import operations are subject to complex customs laws, regulations, tax requirements, and trade regulations, such as tariffs set by governments, either through mutual agreements or bilateral actions. Tariffs on goods imported into the U.S., particularly goods from China, have increased the cost of the goods we purchase. Additional tariffs could be imposed by the U.S. with relatively short notice to us. These governmental actions could have, and any similar future actions may have, a material adverse effect on our business, financial condition and results of operations. The overall effect of these risks is that our costs may increase or we may experience supply disruptions, which in turn may result in lower profitability if we are unable to offset such increases through higher prices, and/or that we may suffer a decline in sales if our customers do not accept price increases.

Our reliance on a limited base of suppliers may result in disruptions to our business and adversely affect our financial results.

Although we continue to implement risk mitigation strategies for single-source suppliers, we also rely on a limited number of suppliers for certain of our raw materials, product components and other necessary supplies, including certain active ingredients used in our products. If we are unable to maintain supplier arrangements and relationships, if we are unable to contract with suppliers at the quantity and quality levels needed for our business, or if any of our key suppliers becomes insolvent or experience other financial distress, we could experience disruptions in production, which could have a material adverse effect on our financial condition, results of operations and cash flows.

A significant interruption in the operation of our or our suppliers' facilities could impact our capacity to produce products and service our customers, which could adversely affect revenues and earnings.

Operations at our and our suppliers' facilities are subject to disruption for a variety of reasons, including fire, flooding or other natural disasters, disease outbreaks or pandemics, acts of war, terrorism, government shut-downs and work stoppages. A significant interruption in the operation of our or our suppliers' facilities could significantly impact our capacity to produce products and service our customers in a timely manner, which could have a material adverse effect on our revenues, earnings and financial position, particularly with respect to products that we manufacture at a limited number of facilities, such as our fertilizer and liquid products.

Disruptions to transportation channels that we use to distribute our products may adversely affect our margins and profitability.

We may experience disruptions to the transportation channels used to distribute our products, including increased congestion, a lack of transportation capacity, increased fuel expenses, import or export controls or delays, and labor disputes or shortages. Disruptions in our trucking capacity may result in reduced sales or increased costs, including the additional use of more expensive or less efficient alternatives to meet demand. Congestion can affect previously negotiated contracts with shipping companies, resulting in unexpected increases in shipping costs, reduction in our profitability or reduced sales.

Climate change and unfavorable weather conditions could adversely impact financial results.

Our consumer lawn and garden net sales in any year are susceptible to weather conditions in the markets in which our products are sold. For instance, periods of abnormally wet or dry weather can adversely impact the sale of certain products, while increasing demand for other products with the overall impact on the Company difficult to predict.

Climate change continues to receive increasing global attention. The effects of climate change could include changes in rainfall patterns, water shortages, changing storm patterns and intensities, and changing temperature levels. These changes could over time affect, for example, the availability and cost of raw materials, commodities and energy, which in turn may impact our ability to procure goods or services required for the operation of our business at the quantities and levels we require.

The increase in climate change attention has resulted in evolving policy, legal and regulatory changes which may impose substantial operational and compliance burdens. Collecting, measuring and analyzing information relating to such matters can be costly, time-consuming, dependent on third-party cooperation and unreliable. Furthermore, methodologies for measuring, tracking and reporting on such matters continue to change over time, which requires our processes and controls for such data to evolve as well. Compliance with any new or more stringent laws or regulations, or stricter interpretations of existing laws, could require additional expenditures by us or our suppliers, in which case, the costs of raw materials and component parts could increase.

Consumers and businesses may independently change their behavior because of concerns regarding the impact of climate change and public perceptions. For example, consumers may elect to garden less frequently than historic patterns due to the unpredictability of weather patterns. Those consumers who are less directly impacted by climate change may also engage in

less gardening due to discomfort or concerns about perceptions stemming from the direct impact of climate change on others. Current or potential retail customers may pull back from all or parts of the lawn and garden category in response to softening consumer demand. Also, our ability to finance the development of climate resilient product offerings may suffer if consumers become less engaged in lawn and gardening.

Our failure to adequately manage the political, legal, regulatory, consumer and retail impacts of climate change could have a material adverse effect on our financial condition, results of operations and cash flows.

Our business could be negatively impacted by corporate citizenship and ESG matters and/or our reporting of such matters.

Certain investors, customers, consumers, employees, governmental authorities and other stakeholders are increasing their focus on corporate citizenship and sustainability matters. From time to time, we communicate certain initiatives, including goals, regarding environmental matters, responsible sourcing and social investments, including pursuant to our Corporate Responsibility Report. We could fail, or be perceived to fail, to achieve such initiatives or goals, or we could fail to fully and accurately report our progress on such initiatives and goals. In addition, we could be criticized for the scope of such initiatives or goals or perceived as not acting responsibly in connection with these matters. Our business could be negatively impacted by such matters. Any such matters, or related corporate citizenship and sustainability matters, could have a material adverse effect on our business.

Product recalls or other product liability claims could materially and adversely affect our business, financial condition and results of operation.

Due to the highly regulated nature of our products, which are primarily designed for consumer use, we may be required to stop selling, return or recall products due to a variety of potential concerns including suspected or confirmed product contamination, adulteration, product mislabeling or misbranding, tampering, or other deficiencies. Product recalls or voluntary market withdrawals could result in significant losses due to their costs, the destruction of product inventory, and lost sales due to the unavailability of the product for a period of time. Adverse attention about these types of concerns, whether or not valid, may damage our reputation, discourage consumers from buying our products, or cause production and delivery disruptions that could negatively impact our sales and financial condition.

We may also suffer losses if our products or operations violate applicable laws or regulations, or if our products are alleged to cause damage to property, injury, illness, or death. A significant product liability, legal judgment or a related regulatory enforcement action against us, or a significant product recall or voluntary withdrawal, may materially and adversely affect our business, financial condition and results of operation.

If the perception of our brands or organizational reputation are damaged, our consumers, distributors and retailers may react negatively, which could materially and adversely affect our business, financial condition and results of operations.

We believe we have built our reputation on the efficacy and safety of our brands. Any incident that erodes consumer affinity for our brands or our business operations could significantly reduce our value and damage our business. For example, negative third-party research or media reports on our product safety or efficacy, whether accurate or not, may adversely affect consumer perceptions, which could cause the value of our brands to suffer and adversely affect our business. We may also be adversely affected by news or other negative publicity, regardless of accuracy, regarding other aspects of our business, such as:

- public health concerns, illness or safety;
- the perception of our environmental stewardship and the effects our business has on the environment;
- security breaches of confidential company, customer or employee information; or
- employee related claims relating to alleged employment discrimination, health care and benefit issues.

As part of our marketing initiatives, we have contracted with certain public figures to market and endorse our products. While we maintain specific selection criteria and are diligent in our efforts to seek out public figures that resonate genuinely and effectively with our consumer audience, the individuals we choose to market and endorse our products may fall into negative favor with the general public. Because our consumers may associate the public figures that market and endorse our products with us, any negative publicity on behalf of such individuals may cause negative publicity about us and our products. This negative publicity could materially and adversely affect our brands and reputation and our revenue and profits.

Certain of our products may be purchased for use in new and emerging industries or segments and/or be subject to varying, inconsistent, and rapidly changing laws, regulations, administrative practices, enforcement approaches, judicial interpretations, and consumer perceptions.

We sell products, including hydroponic gardening products, that end users may purchase for use in new and emerging industries or segments, including the growing of cannabis, that may not grow or achieve market acceptance in a manner that we can predict. The demand for these products depends on the uncertain growth of these industries or segments. For example, our Hawthorne segment sales volume has decreased due to an oversupply of cannabis, which has driven cannabis wholesale prices down significantly and has resulted in a decrease in indoor and outdoor cultivation. The oversupply has been driven by the impacts of increased licensing activity across the U.S., significant capital investment in the cannabis production marketplace over the past several years, inconsistent enforcement of regulations and the market impacts of the COVID-19 pandemic.

In addition, we sell products that end users may purchase for use in industries or segments, including the growing of cannabis, that are subject to varying, inconsistent, and rapidly changing laws, regulations, administrative practices, enforcement approaches, judicial interpretations, and consumer perceptions. For example, certain countries and 38 U.S. states have adopted frameworks that authorize, regulate, and tax the cultivation, processing, sale, and use of cannabis for medicinal and/or non-medicinal use, while the U.S. Controlled Substances Act and the laws of other U.S. states prohibit growing cannabis.

If we are unable to effectively execute our e-commerce business, our reputation and operating results may be harmed.

We sell certain of our products over the Internet through our online store and our retail customer's e-commerce retail platforms. As consumers demonstrate greater reliance on e-commerce channels, the success of our business depends on our investment in e-commerce platforms, consumer preferences and buying trends relating to e-commerce, and our ability to both maintain the continuous operation of our online store and our fulfillment operations that support both our own and our retail customers' e-commerce platforms. It is essential that these platforms provide a shopping experience that will generate orders and return visits to the respective platforms.

We are also vulnerable to certain additional risks and uncertainties associated with our e-commerce business, including: changes in required technology interfaces; website downtime and other technical failures; costs and technical issues associated with website software, systems and technology investments and upgrades; data and system security; system failures, disruptions and breaches and the costs to address and remedy such failures, disruptions or breaches; computer viruses; and changes in and compliance with applicable federal and state regulations. In addition, our efforts to remain competitive with technology trends, including the use of new or improved technology, creative user interfaces and other e-commerce marketing tools such as paid search and mobile applications, among others, may increase our costs and may not increase sales or attract consumers. Our failure to successfully respond to these risks and uncertainties might adversely affect the sales of our e-commerce business, as well as damage our reputation and brands.

Additionally, the success of our e-commerce business and the satisfaction of our consumers depend on the timely receipt of our products by our consumers. The efficient delivery of our products to our consumers requires that our distribution centers have adequate capacity to support the current level of e-commerce operations and any anticipated increased levels that may occur as a result of the growth of our e-commerce business. If we encounter difficulties with our distribution centers, or if any distribution centers shut down for any reason, including as a result of pandemics, acts of war, terrorism, government shut downs, work stoppages and fire or other natural disasters, we could face inventory shortages that may result in out of stock conditions in our online store, incur significantly higher costs and longer lead times associated with distributing our products to our consumers and experience dissatisfaction from our consumers. Any of these issues could have a material adverse effect on our business and harm our reputation.

Our operations, financial condition or reputation may be impaired if our information technology systems fail to perform adequately or if we are the subject of a data breach or cyber-attack.

We rely on information technology systems to conduct business, including communicating with employees and our key retail customers, ordering and managing materials from suppliers, shipping products to retail customers and analyzing and reporting results of operations. While we have taken steps to ensure the security of our information and operational technology systems, including those of our customers, vendors, suppliers and other third-party service providers with whom we have contracted, our systems have, in the past, been and may, in the future, be vulnerable to cyber-threats such as computer viruses or other malicious codes, security breaches, unauthorized access, phishing attacks and other disruptions from employee error, unauthorized uses, system failures (including Internet outages), unintentional or malicious actions of employees or contractors and cyber-attacks by hackers, criminal groups and social-activist organizations. Our information and operational technology systems and our third-party providers' systems, have been, and will likely continue to be, subject to cyber-threats. We have experienced and may continue to experience an increase in the number of such attacks or threats as a substantial number of our employees work remotely and access our technology infrastructure remotely. In addition, while we maintain cyber-security insurance, costs related to a cyber-attack may exceed the amount of insurance coverage or be excluded under the terms of our

cyber-security insurance policy. As cyber-attacks increase in frequency and magnitude, we may be unable to obtain cyber-security insurance in amounts and on terms we view as appropriate for our operations.

If our information technology systems are damaged or cease to function properly for an extended period of time, whether as a result of a significant cyber-incident or otherwise, our ability to communicate internally as well as with our retail customers, vendors, suppliers and other parties critical to our business, could be significantly impaired, which may adversely impact our business.

Additionally, in the normal course of our business, we collect, store and transmit proprietary and confidential information regarding our customers, employees, suppliers and others, including personally identifiable information. An operational failure or breach of security from increasingly sophisticated cyber-threats could lead to loss, misuse or unauthorized disclosure of this information about our employees or consumers, which may result in regulatory or other legal proceedings, and have a material adverse effect on our business and reputation. We also may not have the resources or technical sophistication to anticipate or prevent rapidly-evolving types of cyber-attacks. Any such attacks or precautionary measures taken to prevent anticipated attacks may result in increasing costs, including costs for additional technologies, training and third party consultants. The losses incurred from a breach of data security and operational failures as well as the precautionary measures required to address this evolving risk may adversely impact our financial condition, results of operations, cash flows and reputation.

Our insurance coverage may not be sufficient to avoid material impact on our financial position or results of operations resulting from claims or liabilities against us, and we may not be able to obtain insurance coverage in the future.

We maintain insurance coverage to manage exposure to future claims and liabilities that may adversely impact our financial position or results of operations. The extent of our insurance program is under continuous review and coverages are modified as we deem necessary. Despite our program, it is possible that claims or liabilities against us may have a material adverse impact on our financial position or results of operations. In addition, we may not be able to obtain adequate insurance coverage, when our existing insurance policies expire.

We maintain commercial liability and operations focused insurance coverage including property, management, cargo, cyber, workers compensation and general liability. While we expect to be able to continue our insurance coverages, there can be no assurance we will be able to continue such insurance coverage, or that such policy limits will be adequate to cover any liability we may incur, or that our insurance premiums will continue to be available at a cost similar to our cost today. The volatility of the insurance and reinsurance markets are subject to macroeconomic conditions and events that are outside of our control.

Additionally, it is possible one or more of our insurers could exclude from our policy certain chemicals or compounds used in our products. Consequently, we may have to stop using those chemicals or compounds or be forced to substitute less effective or more expensive alternatives to continue manufacturing and/or distributing such goods. A substantial increase in liability exposure or the loss of customers or product lines could each have a material adverse effect on our results of operations and financial condition.

Our international operations make us susceptible to the costs and risks associated with operating internationally.

We operate manufacturing, sales and service facilities outside of the United States, particularly in Canada, the Netherlands, Mexico and China. Accordingly, we are subject to risks associated with operating in foreign countries, including:

- fluctuations in currency exchange rates;
- limitations on the remittance of dividends and other payments by foreign subsidiaries;
- additional costs of compliance with local regulations;
- historically, in certain countries, higher rates of inflation than in the United States;
- changes in the economic conditions or consumer preferences or demand for our products in these markets;
- restrictive actions by multinational governing bodies, foreign governments or subdivisions thereof;
- changes in foreign labor laws and regulations affecting our ability to hire and retain employees;
- changes in U.S. and foreign laws regarding trade and investment, including the impact of tariffs;
- less robust protection of our intellectual property under foreign laws; and
- difficulty in obtaining distribution and support for our products, including the impact of shipping port delays.

In addition, our operations outside the United States are subject to the risk of new and different legal and regulatory requirements in local jurisdictions, potential difficulties in staffing and managing local operations and potentially adverse tax consequences. The costs associated with operating our continuing international business could adversely affect our results of operations, financial condition and cash flows in the future.

In the event the Third Restated Agreement for Monsanto's consumer Roundup® products terminates or Monsanto's consumer Roundup® business materially declines, we would lose a substantial source of future earnings and overhead expense absorption.

If we (i) become insolvent, (ii) commit a material breach, material fraud or material willful misconduct under the Third Restated Agreement, (iii) experience a change of control (subject to certain exceptions), or (iv) impermissibly assign our rights or delegate our obligations under the Third Restated Agreement, Monsanto may terminate the Third Restated Agreement without paying a termination fee to the Company, subject to certain terms and conditions as set forth therein. In addition, if Program EBIT (as defined in the Third Restated Agreement) falls below \$50.0 million in any program year, Monsanto may terminate the Third Restated Agreement without paying a termination fee to the Company, subject to certain terms and conditions as set forth therein.

Monsanto may also terminate the Third Restated Agreement in the event of (a) a change of control of Monsanto or a sale of the Roundup® business effective at the end of the fifth full year after providing notice of termination, subject to certain terms and conditions as set forth in the applicable agreements, or (b) Monsanto's decision to decommission the permits, licenses and registrations needed for, and the trademarks, trade names, packages, copyrights and designs used in, the sale of the Roundup® products in the lawn and garden market (a "Brand Decommissioning Event"), but, in each case, Monsanto would have to pay a termination fee to the Company.

If circumstances exist or otherwise develop that result in a material decline in Monsanto's consumer Roundup® business, or in the event of Monsanto's insolvency or bankruptcy, we would seek to mitigate the impact on us by exercising various rights and remedies under the Third Restated Agreement and applicable law. We cannot, however, provide any assurance that our exercise of such rights or remedies would produce the desired outcomes or that a material decline in Monsanto's consumer Roundup® business would not have a material adverse effect on our business, financial condition or results of operations.

In the event that the Third Restated Agreement terminates or Monsanto's consumer Roundup® business materially declines, we would lose all, or a substantial portion, of the significant source of earnings and overhead expense absorption the Third Restated Agreement provides.

For additional information regarding the Third Restated Agreement including certain of our rights and remedies under the Third Restated Agreement, see "NOTE 7. MARKETING AGREEMENT" of the Notes to Consolidated Financial Statements included in this Form 10-K.

We may not be able to adequately protect our intellectual property and other proprietary rights that are material to our business.

Our ability to compete effectively depends in part on our rights to service marks, trademarks, trade names and other intellectual property rights we own or license, particularly our registered brand names and issued patents. Although we have a robust portfolio of registered trademarks, we have not sought to register each of our marks either in the United States or in every country in which such mark is used. Furthermore, because of the differences in foreign trademark, patent and other intellectual property or proprietary rights laws, we may not receive the same protection in other countries as we would in the United States with respect to the registered brand names and issued patents we hold. If we are unable to protect our intellectual property, proprietary information and/or brand names, we could suffer a material adverse effect on our business, financial condition and results of operations.

Litigation may be necessary to enforce our intellectual property rights and protect our proprietary information, or to defend against claims by third parties that our products or services infringe their intellectual property rights. Any litigation or claims brought by or against us could result in substantial costs and diversion of our resources. A successful claim of trademark, patent or other intellectual property infringement against us, or any other successful challenge to the use of our intellectual property, could subject us to damages or prevent us from providing certain products or services, or using certain of our recognized brand names, which could have a material adverse effect on our business, financial condition and results of operations.

Our success depends upon the retention and availability of key personnel and the effective succession of senior management.

Our success largely depends on the performance of our management team and other key personnel. Our future operations could be harmed if we are unable to attract and retain talented, highly qualified senior executives and other key personnel. During fiscal 2023 through the filing of this report, we experienced management transitions involving our Chief Financial Officer, Chief Operating Officer, Chief Human Resources Officer and General Counsel. If we are unable to effectively provide for the succession of senior management, including our chief executive officer, our business, prospects, results of operations, financial condition and cash flows may be materially adversely affected.

Our workforce reductions may cause undesirable consequences and our results of operations may be harmed.

During fiscal 2023 and fiscal 2022, we undertook a strategic reduction in our workforce as part of an on-going series of organizational changes and initiatives intended to create operational and management-level efficiencies. This workforce reduction may yield unintended consequences, such as attrition beyond our intended reduction in workforce and reduced employee morale, which may cause our employees who were not affected by the reduction in workforce to seek alternate employment. Employees whose positions were eliminated or those who determine to seek alternate employment may seek employment with our competitors.

We cannot provide assurance that we will not undertake additional workforce reductions or that we will be able to realize the cost savings and other anticipated benefits from our previous or any future workforce reduction plans. In addition, if we continue to reduce our workforce, it may adversely impact our ability to respond rapidly to any new product, growth or revenue opportunities and to execute on our business plans. Additionally, reductions in workforce may make it more difficult to recruit and retain new employees. If we need to increase the size of our workforce in the future, we may encounter a competitive hiring market due to labor shortages, increased employee turnover, changes in the availability of workers and increased wage costs.

We are involved in a number of legal proceedings and, while we cannot predict the outcomes of such proceedings and other contingencies with certainty, some of these outcomes could adversely affect our business, financial condition, results of operations and cash flows.

We are involved in legal proceedings and are subject to investigations, inspections, audits, inquiries and similar actions by governmental authorities, arising in the course of our business (see the discussion in “ITEM 3. LEGAL PROCEEDINGS” of this Form 10-K). Legal proceedings, in general, can be expensive and disruptive. Some of these suits may purport or may be determined to be class actions and/or involve parties seeking large and/or indeterminate amounts of damages, including punitive or exemplary damages, and may remain unresolved for several years. For example, product liability claims challenging the safety of our products or products we market on behalf of third parties may also result in a decline in sales for a particular product and could damage the reputation or the value of related brands, involve us in litigation and have a material adverse effect on our business.

From time to time, we are also involved in legal proceedings as a plaintiff involving contract, intellectual property and other matters. We may also become the subject of securities litigation or shareholder derivative suits. We cannot predict with certainty the outcomes of these legal proceedings and other contingencies, and the costs incurred in litigation can be substantial, regardless of the outcome. Substantial unanticipated verdicts, fines and rulings do sometimes occur. As a result, we could from time to time incur judgments, enter into settlements or revise our expectations regarding the outcome of certain matters, and such developments could have a material adverse effect on our results of operations in the period in which the amounts are accrued and/or our cash flows in the period in which the amounts are paid. The outcome of some of these legal proceedings and other contingencies could require us to take, or refrain from taking, actions which could negatively affect our operations and, depending on the nature of the allegations, could negatively impact our reputation or the reputation of products we market on behalf of third parties. Additionally, defending against these legal proceedings may involve significant expense and diversion of management’s attention and resources.

Risks Related to Our M&A, Lending and Financing Activities

Our indebtedness could limit our flexibility and adversely affect our financial condition.

As of September 30, 2023, we had \$2,630.6 million of debt and \$1,156.7 million in available borrowings under our credit facility. Our inability to meet restrictive financial and non-financial covenants associated with that debt, or to generate sufficient cash flow to repay maturing debt, could adversely affect our financial condition. For example, our debt level could:

- make it more difficult for us to satisfy our obligations with respect to our indebtedness;
- make us more vulnerable to general adverse economic and industry conditions;
- require us to dedicate a substantial portion of cash flows from operating activities to payments on our indebtedness, which would reduce the cash flows available to fund working capital, capital expenditures, advertising, research and development efforts, pay dividends, repurchase our Common Shares and other general corporate activities;
- limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- limit our ability to borrow additional funds;
- expose us to risks inherent in interest rate fluctuations because some of our borrowings are at variable rates of interest, which could result in higher interest expense in the event of increases in interest rates; and
- place us at a competitive disadvantage compared to our competitors that have less debt.

Our ability to make payments on or to refinance our indebtedness, fund planned capital expenditures and acquisitions, pay dividends and make repurchases of our Common Shares will depend on our ability to generate cash in the future which, to some extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. We cannot provide any assurance that our business will generate sufficient cash flow from operating activities or that future borrowings will be available to us in amounts sufficient to enable us to pay our indebtedness or to fund our other liquidity needs.

Our credit facility and the indentures governing our 5.250% Senior Notes due 2026 (the “5.250% Senior Notes”), our 4.500% Senior Notes due 2029 (the “4.500% Senior Notes”), our 4.000% Senior Notes due 2031 (the “4.000% Senior Notes”) and our 4.375% Senior Notes due 2032 (the “4.375% Senior Notes” and, collectively with the 5.250% Senior Notes, the 4.500% Senior Notes and the 4.000% Senior Notes, the “Senior Notes”) contain restrictive covenants and cross-default provisions. For example, under our credit facility the maximum permitted leverage ratio is (i) 7.75 for the fourth quarter of fiscal 2023, (ii) 8.25 for the first quarter of fiscal 2024, (iii) 7.75 for the second quarter of fiscal 2024, (iv) 6.50 for the third quarter of fiscal 2024, (v) 6.00 for the fourth quarter of fiscal 2024, (vi) 5.50 for the first quarter of fiscal 2025, (vii) 5.25 for the second quarter of fiscal 2025, (viii) 5.00 for the third quarter of fiscal 2025, (ix) 4.75 for the fourth quarter of fiscal 2025 and (x) 4.50 for the first quarter of fiscal 2026 and thereafter. Our leverage ratio was 6.57 at September 30, 2023. In addition, our credit facility contains a fixed charge coverage ratio covenant which sets the minimum permitted fixed charge coverage ratio at (i) 0.75 for the fourth quarter of fiscal 2023 through the third quarter of fiscal 2024 and (ii) 1.00 for the fourth quarter of fiscal 2024 and thereafter. Our fixed charge coverage ratio was 1.56 for the twelve months ended September 30, 2023. The Senior Notes contain an interest coverage ratio covenant which sets the minimum permitted interest coverage ratio at 2.00. Our interest coverage ratio was 2.81 for the twelve months ended September 30, 2023. A breach of any of these financial ratio covenants or other covenants could result in a default and/or a cross default under the credit facility and Senior Notes, as applicable. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest, and could cease making further loans and institute foreclosure proceedings against our assets. We cannot provide any assurance that the holders of such indebtedness would waive a default or that we could pay the accelerated indebtedness in full.

Subject to compliance with certain covenants under our credit facility and the indentures governing the Senior Notes, we may incur additional debt in the future. If we incur additional debt, the risks described above could intensify.

Significant or prolonged periods of higher interest rates may have an adverse effect on our results of operations, financial condition and cash flows.

Interest rates have a direct impact on our business due to the amount of variable debt the Company utilizes in its operations. Prolonged periods of higher interest rates may have a negative impact on the Company’s results of operations, financial condition and cash flows. All of our debt under the Sixth A&R Credit Agreement bears interest at variable rates primarily derived from, as defined therein, the (i) the Alternate Base Rate, (ii) the Adjusted Term SOFR Rate or (iii) the Swingline Rate. In a rising interest rate environment, debt financing will become more expensive and may have higher transactional and servicing costs. For example, our interest expense in fiscal 2023 increased significantly compared to fiscal 2022 driven by an increase in our weighted average interest rate primarily due to higher borrowing rates on the Sixth A&R Credit Agreement.

Although the Company has taken steps to reduce our exposure to variable rate debt instruments, if interest rates remain relatively high or increase in the future, we could see increases in our borrowing costs which could have a material adverse effect on our results of operations, financial condition and cash flows.

Acquisitions, other strategic alliances and investments could result in operating difficulties, dilution, and other harmful consequences that may adversely impact our business and results of operations.

Acquisitions, strategic alliances and investments are an important element of our overall long-term corporate strategy and use of capital, and these transactions could be material to our financial condition and results of operations. We expect to continue to evaluate and enter into discussions regarding a wide array of potential strategic transactions. The process of integrating an acquired company, business, or product has created, and will continue to create, unforeseen operating difficulties and expenditures. The areas where we face risks include:

- Assumptions implicit to our acquisition strategy or valuations are not realized.
- Diversion of management time and focus from operating our business to acquisition integration challenges.
- Failure to successfully further develop the acquired business or product lines.
- Implementation or remediation of controls, procedures and policies at the acquired company.
- Integration of the acquired company’s accounting, human resources and other administrative systems, and coordination of product, engineering and sales and marketing functions.

- Transition of operations, users and customers onto our existing platforms.
- Reliance on the expertise of our strategic partners with respect to market development, sales, local regulatory compliance and other operational matters.
- Failure to obtain required approvals on a timely basis, if at all, from governmental authorities, or conditions placed upon approval, under competition and antitrust laws which could, among other things, delay or prevent us from completing a transaction, or otherwise restrict our ability to realize the expected financial or strategic goals of an acquisition.
- In the case of foreign acquisitions, the need to integrate operations across different cultures and languages and to address the particular economic, currency, political and regulatory risks associated with specific countries.
- Cultural challenges associated with integrating employees from the acquired company into our organization, and retention of employees from the businesses we acquire.
- Liability for or reputational harm from activities of the acquired company before the acquisition or from our strategic partners, including patent and trademark infringement claims, violations of laws, commercial disputes, tax liabilities and other known and unknown liabilities.
- Litigation or other claims in connection with the acquired company, including claims from terminated employees, customers, former shareholders or other third parties.

Our failure to address these risks or other problems encountered in connection with our past or future acquisitions and investments or strategic alliances could cause us to fail to realize the anticipated benefits of such acquisitions, investments or alliances, incur unanticipated liabilities, and harm our business generally.

Our acquisitions, strategic alliances and investments could also result in dilutive issuances of our equity securities, the incurrence of debt, contingent liabilities or amortization expenses, or impairment of goodwill and purchased long-lived assets, and restructuring charges, any of which could harm our financial condition or results of operations and cash flows. Also, the anticipated benefits of many of our acquisitions may not materialize.

Changes in credit ratings issued by nationally recognized statistical rating organizations (NRSROs) could adversely affect our cost of financing and the market price of our Senior Notes.

NRSROs rate the Senior Notes and the Company based on factors that include our operating results, actions that we take, their view of the general outlook for our industry and their view of the general outlook for the economy. Actions taken by the NRSROs can include maintaining, upgrading or downgrading the current rating or placing us on a watch list for possible future downgrading. Downgrading the credit rating of the Senior Notes or placing us on a watch list for possible future downgrading could increase our cost of financing, limit our access to the capital markets and have an adverse effect on the market price of the Senior Notes.

In August 2023, S&P Global Ratings lowered our issuer credit rating to B+ from BB- and lowered its rating on our Senior Notes to B- from B. Also in August 2023, Moody's Investors Service lowered our (i) Corporate Family Rating to B1 from Ba3 and our (ii) Probability of Default Rating to B1-PD from Ba3-PD and (iii) rating on the Senior Notes to B2 from B1.

A failure to dispose of assets or businesses in a timely manner may cause the results of the Company to suffer.

We evaluate as necessary the potential disposition of assets and businesses that may no longer help meet our objectives. When we decide to sell assets or a business, we may encounter difficulty in finding buyers or alternative exit strategies on acceptable terms in a timely manner, which could delay the achievement of our strategic objectives. Alternatively, we may dispose of a business at a price or on terms that are less than we had anticipated. After reaching an agreement with a buyer for the disposition of a business, the pre-closing conditions must also be satisfied or waived, which may prevent us from completing the transaction. Dispositions may also involve continued financial involvement in the divested business, such as through continuing equity ownership, guarantees, indemnities or other financial obligations. Under these arrangements, performance by the divested businesses or other conditions outside our control could affect our future financial results.

Our lending activities may adversely impact our business and results of operations.

As part of our strategic initiatives, we have provided financing to certain strategic partners. Our exposure to credit losses on these financing balances and strategic investments will depend on the financial condition of these counterparties as well as legal, regulatory and macroeconomic factors beyond our control, such as deteriorating conditions in the world economy or in the industries served by the borrowers and federal legalization of the U.S. cannabis market. While we monitor our exposure, there can be no guarantee we will be able to successfully mitigate all of these risks. Credit losses, if significant, could have a material adverse effect on our business, financial condition, results of operations and cash flows.

Our hedging arrangements expose us to certain counterparty risks.

In addition to commodity hedge agreements, we utilize interest rate swap agreements to manage the net interest rate risk inherent in our sources of borrowing as well as foreign currency forward contracts to manage the exchange rate risk associated with certain intercompany loans with foreign subsidiaries and other approved transactional currency exposures. Utilizing these hedge agreements exposes us to certain counterparty risks. The failure of one or more of the counterparties to fulfill their obligations under the hedge agreements, whether as a result of weakening financial stability or otherwise, could adversely affect our financial condition, results of operations or cash flows.

Our postretirement-related costs and funding requirements could increase as a result of volatility in the financial markets, changes in interest rates and actuarial assumptions.

We sponsor a number of defined benefit pension plans associated with our U.S. and former international businesses, as well as a postretirement medical plan in the United States for certain retired associates and their dependents. The performance of the financial markets and changes in interest rates impact the funded status of these plans and cause volatility in our postretirement-related costs and future funding requirements. If the financial markets do not provide the expected long-term returns on invested assets, we could be required to make significant pension contributions. Additionally, changes in interest rates and legislation enacted by governmental authorities can impact the timing and amounts of contribution requirements.

We utilize third-party actuaries to evaluate assumptions used in determining projected benefit obligations and the fair value of plan assets for our pension and other postretirement benefit plans. In the event we determine that our assumptions should be revised, such as the discount rate or expected return on assets, our future pension and postretirement benefit expenses could increase or decrease. The assumptions we use may differ from actual results, which could have a significant impact on our pension and postretirement liabilities and related costs and funding requirements.

Risks Related to Regulation of Our Company

Compliance with environmental and other public health regulations or changes in such regulations or regulatory enforcement priorities could increase our costs of doing business or limit our ability to market all of our products.

Laws and regulations relating to environmental matters affect us in several ways. All pesticide products sold in the United States must comply with FIFRA and most must be registered with the U.S. EPA and similar state agencies. Our inability to obtain or maintain such registrations, or the cancellation of any such registration of our products, could have an adverse effect on our business, the severity of which would depend on a variety of factors, including the product(s) involved, whether another product could be substituted and whether our competitors were similarly affected. We attempt to anticipate regulatory developments and maintain registrations of, and access to, substitute active ingredients, but there can be no assurance that we will be able to avoid or reduce these risks. In addition, several provinces in Canada have adopted regulation that substantially restrict our ability to market and sell certain of our consumer pesticide products.

Under the Food Quality Protection Act, enacted by the U.S. Congress in 1996, food-use pesticides are evaluated to determine whether there is reasonable certainty that no harm will result from the cumulative effects of pesticide exposures. Under this Act, the U.S. EPA is evaluating the cumulative and aggregate risks from dietary and non-dietary exposures to pesticides. The pesticides in our products, certain of which may be also used on crops processed into various food products, are manufactured by independent third parties and continue to be evaluated by the U.S. EPA as part of this exposure risk assessment. The U.S. EPA or the third-party registrant may decide that a pesticide we use in our products will be limited or made unavailable to us. We cannot predict the outcome or the severity of the effect of these continuing evaluations.

In addition, the use of certain fertilizer and pesticide products (including pesticide products that contain glyphosate) is regulated by various environmental and public health agencies. These regulations may, among other things, ban the use of certain ingredients contained in such products or require (i) that only certified or professional users apply the product, (ii) that certain products be used only on certain types of locations, (iii) users to post notices on properties to which products have been or will be applied, and/or (iv) notification to individuals in the vicinity that products will be applied in the future. Even if we are able to comply with all such regulations and obtain all necessary registrations and licenses, we cannot provide assurance that our products, particularly pesticide products, will not cause or be alleged to cause injury to the environment or to people under all circumstances, particularly when used improperly or contrary to instructions. The costs of compliance, remediation or products liability have adversely affected operating results in the past and could materially adversely affect future quarterly or annual operating results.

Our products and operations may be subject to increased regulatory and environmental scrutiny in jurisdictions in which we do business. For example, we are subject to regulations relating to our harvesting of peat for our growing media business which has come under increasing regulatory and environmental scrutiny. In the United States, state regulations frequently require us to limit our harvesting and to restore the property to an agreed-upon condition. In some locations, we have been

required to create water retention ponds to control the sediment content of discharged water. In Canada, our peat extraction efforts are also the subject of regulation.

In addition to the laws and regulations already described, various governmental agencies regulate the disposal, transport, handling and storage of waste, the remediation of contaminated sites, air and water discharges from our facilities, and workplace health and safety. Under certain environmental laws and regulations, we may be liable for the costs of investigation and remediation of the presence of certain regulated materials, as well as related costs of investigation and remediation of damage to natural resources, at various properties, including our current and former properties as well as offsite waste handling or disposal sites that we have used. Liability may be imposed upon us without regard to whether we knew of or caused the presence of such materials and, under certain circumstances, on a joint and several basis. There can be no assurances that the presence of such regulated materials at any such locations, or locations that we may acquire in the future, will not result in liability to us under such laws or regulations or expose us to third-party actions such as tort suits based on alleged conduct or environmental conditions.

In 2021, the Biden Administration announced a multi-agency plan to address PFAS contamination. Various federal agencies, including the U.S. EPA, will take actions to prevent the release of PFAS into the air, drinking systems, and food supply and to expand cleanup efforts to remediate the impacts of PFAS pollution. As part of this announcement, the U.S. EPA released its PFAS Strategic Roadmap: EPA's Commitments to Action 2021-2024, which identifies timelines by which the U.S. EPA plans to take specific actions during the first term of the Biden Administration. It is possible that some of these actions may have an impact – direct or indirect – on our business. For example, in August 2022, the U.S. EPA proposed to designate PFAS chemicals, PFOA and PFOS, as hazardous substances under CERCLA, which could have wide-ranging impact on companies across various industries. Until further detail is provided, including whether the rule is enacted as proposed, we cannot predict the outcome or the severity of the impact of these proposed actions. Further, many states have taken action to address PFAS concerns with actions ranging from appropriation legislation to fund scientific research, bans on certain categories of consumer products containing PFAS and/or broad prohibitions on PFAS across all products. Complicating this patchwork of state regulation is that jurisdictions may differ as to what they consider PFAS. It is possible, therefore, that some of these actions will have an impact - direct or indirect - on our business.

Many states are increasingly scrutinizing packaging, including seeking to reduce single use plastics and establish extended producer responsibility programs, which are designed to bolster the recycling industry by transferring the cost of packaging disposal to the manufacturers. Extended producer responsibility programs typically include targets and reporting responsibilities for post-consumer recycling usage, compostable packaging, material reduction, refill strategies, etc.

The adequacy of our current non-FIFRA compliance-related environmental accruals and future provisions depends upon our operating in substantial compliance with applicable environmental and public health laws and regulations, as well as the assumptions that we have both identified all of the significant sites that must be remediated and that there are no significant conditions of potential contamination that are unknown to us. A significant change in the facts and circumstances underlying these assumptions or in current enforcement policies or requirements, or a finding that we are not in substantial compliance with applicable environmental and public health laws and regulations, could have a material adverse effect on future environmental capital expenditures and other environmental expenses, as well as our financial condition, results of operations and cash flows.

Unanticipated changes in our tax provisions, the adoption of new tax legislation or exposure to additional tax liabilities could affect our profitability and cash flows.

We are subject to income and other taxes in the United States federal jurisdiction and various local, state and foreign jurisdictions. Our effective tax rate in the future could be adversely affected by changes to our operating structure, changes in the mix of earnings in countries with differing statutory tax rates, changes in the valuation of deferred tax assets (such as net operating losses and tax credits) and liabilities, changes in tax laws and the discovery of new information in the course of our tax return preparation process. In particular, the carrying value of deferred tax assets, which are predominantly related to our operations in the United States, is dependent on our ability to generate future taxable income of the appropriate character in the relevant jurisdiction.

From time to time, tax proposals are introduced or considered by the U.S. Congress or the legislative bodies in local, state and foreign jurisdictions that could also affect our tax rate, the carrying value of our deferred tax assets, or our tax liabilities. Our tax liabilities are also affected by the amounts we charge for inventory, services, licenses, funding and other items in intercompany transactions. We are subject to ongoing tax audits in various jurisdictions. In connection with these audits (or future audits), tax authorities may disagree with our intercompany charges, cross-jurisdictional transfer pricing or other matters and assess additional taxes. We regularly assess the likely outcomes of our audits in order to determine the appropriateness of our tax provision. As a result, the ultimate resolution of our tax audits, changes in tax laws or tax rates, and the ability to utilize our deferred tax assets could materially affect our tax provision, net income and cash flows in future periods.

Risks Related to Our Common Shares

The Company's decision to maintain, reduce or discontinue paying cash dividends to our shareholders or repurchasing our Common Shares could cause the market price for our Common Shares to decline.

Our payment of quarterly cash dividends on and repurchase of our Common Shares pursuant to a stock repurchase program are subject to, among other things, our financial position and results of operations, available cash and cash flow, capital requirements, credit facility provisions and other factors. Prior to fiscal 2022, we generally increased the cash dividends on our Common Shares as well as engaged in share repurchase activity. Since fiscal 2022, we have not changed the dividend amount nor have we engaged in share repurchase activity outside of our compensation programs. As of September 30, 2023, we do not have a board authorized share repurchase program.

We may maintain, or increase or decrease (including eliminating) the amount of cash dividends on, and increase or decrease the amount of repurchases of, our Common Shares in the future. Any decision by us regarding the payment of quarterly cash dividends or repurchases of our Common Shares could cause the market price of our Common Shares to decline. A failure to pay dividends, an inability to resume increases of our cash dividends or an inability to begin repurchasing Common Shares at historical levels could result in a lower market valuation of our Common Shares.

Hagedorn Partnership, L.P. beneficially owns approximately 23% of our Common Shares and can significantly influence decisions that require the approval of shareholders.

Hagedorn Partnership, L.P. beneficially owned approximately 23% of our outstanding Common Shares on a fully diluted basis as of November 17, 2023. As a result, it has sufficient voting power to significantly influence the election of directors and the approval of other actions requiring the approval of our shareholders, including entering into certain business combination transactions. In addition, because of the percentage of ownership and voting concentration in Hagedorn Partnership, L.P., elections of our board of directors will generally be within the control of Hagedorn Partnership, L.P. While all of our shareholders are entitled to vote on matters submitted to our shareholders for approval, the concentration of our Common Shares and voting control presently lies with Hagedorn Partnership, L.P. As such, it would be difficult for shareholders to propose and have approved proposals not supported by Hagedorn Partnership, L.P. Hagedorn Partnership, L.P.'s interests could differ from, or conflict with, the interests of other shareholders.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

Our corporate headquarters is located in Marysville, Ohio, where we own approximately 729 acres of land. In addition, we own and lease numerous industrial, commercial and office properties located in North America, Europe and Asia that support the management, manufacturing, distribution and research and development of our products and services. We believe our properties are suitable and adequate to serve the needs of our business and that our leased properties are subject to appropriate lease agreements.

The following is a summary of owned and leased primary operating properties by country as of September 30, 2023:

Location	Owned	Leased
United States	36 ²	60 ^{3,4}
Canada	10	13
Mexico	—	1
China	—	6
The Netherlands	—	2
Total	46	82

We own or lease 46 manufacturing properties, 16 distribution properties and 4 research and development properties in the United States. We own or lease 15 manufacturing properties and 1 research and development property in Canada, 1 manufacturing property in the Netherlands and 1 research and development property in China. Most of the manufacturing properties, which include growing media properties and peat harvesting properties, have production lines, warehouses, offices and field processing areas.

² Includes one distribution center that is not operational. Disposition efforts are underway.

³ Includes one manufacturing location under development with operations scheduled to begin in 2025.

⁴ Includes nine distribution centers that are not operational. Disposition efforts are underway.

ITEM 3. LEGAL PROCEEDINGS

As noted in the discussion in “ITEM 1. BUSINESS — Regulatory Considerations — *Regulatory Matters*” of this Form 10-K, we are involved in several pending environmental and regulatory matters. We believe that our assessment of contingencies is reasonable and that the related accruals, in the aggregate, are adequate; however, there can be no assurance that the final resolution of these matters will not have a material effect on our financial condition, results of operations or cash flows.

The Company has been named as a defendant in a number of cases alleging injuries that the lawsuits claim resulted from exposure to asbestos-containing products, apparently based on the Company’s historic use of vermiculite in certain of its products. In many of these cases, the complaints are not specific about the plaintiffs’ contacts with the Company or its products. The cases vary, but complaints in these cases generally seek unspecified monetary damages (actual, compensatory, consequential and punitive) from multiple defendants. The Company believes that the claims against it are without merit and is vigorously defending against them. The Company has not recorded any accruals in its consolidated financial statements as the likelihood of a loss from these cases is not probable at this time. The Company does not believe a reasonably possible loss would be material to the Company’s financial condition, results of operations or cash flows. In addition, the Company does not believe the ultimate resolution of these cases will have a material adverse effect on the Company’s financial condition, results of operations or cash flows. There can be no assurance that future developments related to pending claims or claims filed in the future, whether as a result of adverse outcomes or as a result of significant defense costs, will not have a material effect on the Company’s financial condition, results of operations or cash flows.

We are involved in other lawsuits and claims which arise in the normal course of our business including the initiation and defense of proceedings to protect intellectual property rights, advertising claims, securities matters and employment disputes. In our opinion, these claims individually and in the aggregate are not expected to have a material adverse effect on our financial condition, results of operations or cash flows.

ITEM 4. MINE SAFETY DISCLOSURE

Not Applicable.

PART II

SUPPLEMENTAL ITEM. EXECUTIVE OFFICERS OF THE REGISTRANT

The executive officers of Scotts Miracle-Gro, their positions and, as of November 17, 2023, their ages and years with Scotts Miracle-Gro (and its predecessors) are set forth below.

<u>Name</u>	<u>Age</u>	<u>Position(s) Held</u>	<u>Years with Company</u>
James Hagedorn	68	Chief Executive Officer, President and Chairman of the Board	36
Matthew E. Garth	49	Executive Vice President, Chief Financial Officer and Chief Administrative Officer	1
Nathan E. Baxter	51	Executive Vice President and Chief Operating Officer	1
Julie A. DeMuesy	53	Senior Vice President, Chief Human Resources Officer and Chief Ethics Officer	13
Christopher J. Hagedorn	39	Division President	12
Dimitar Todorov	51	Executive Vice President, General Counsel, Corporate Secretary and Chief Compliance Officer	15

Executive officers serve at the discretion of the Board of Directors of Scotts Miracle-Gro and pursuant to executive severance agreements or other arrangements. The business experience of each of the individuals listed above during at least the past five years is as follows:

Mr. Hagedorn was named Chairman of the Board of Scotts Miracle-Gro's predecessor in January 2003 and Chief Executive Officer of Scotts Miracle-Gro's predecessor in May 2001. In October 2023, Mr. Hagedorn also assumed the additional duties of President. Prior to these appointments, Mr. Hagedorn held several senior leadership positions at the Company. Mr. Hagedorn serves on Scotts Miracle-Gro's Board of Directors, a position he has held with Scotts Miracle-Gro (or its predecessor) since 1995. Mr. Hagedorn is the brother of Katherine Hagedorn Littlefield, a director of Scotts Miracle-Gro, and is the father of Christopher J. Hagedorn, an executive officer of the Company.

Mr. Garth was named Executive Vice President, Chief Financial Officer and Chief Administrative Officer of the Company in October 2023. Prior to this appointment, Mr. Garth served as Executive Vice President and Chief Financial Officer, a position he held since December 2022. Previously, Mr. Garth served as Senior Vice President, Finance and Treasury, and Chief Financial Officer for Mineral Technologies Inc., a specialty mineral company.

Mr. Baxter was named Executive Vice President and Chief Operating Officer of the Company in August 2023. Prior to this appointment, Mr. Baxter served as Executive Vice President, Global Technology and Operations, a position he held since April 2023. Previously, Mr. Baxter served as President of Tokyo Electron U.S. Holdings, a semiconductor manufacturing equipment company.

Ms. DeMuesy was named Senior Vice President, Chief Human Resources Officer and Chief Ethics Officer of the Company in October 2023. Prior to this appointment, Ms. DeMuesy served as Senior Vice President, HR Operations from November 2021 until September 2023. Previously, Ms. DeMuesy served as Vice President, HR Operations from July 2018 until November 2021. Prior to July 2018, Ms. DeMuesy has held several senior leadership positions at the Company since 2016 when she rejoined the Company after a ten year absence.

Mr. C. Hagedorn was named Division President of Scotts Miracle-Gro in January 2021. Prior to this appointment, Mr. C. Hagedorn served as Senior Vice President and General Manager, Hawthorne, a position he held since January 2017. Mr. C. Hagedorn is the son of Mr. J. Hagedorn, the Chairman, President and CEO of Scotts Miracle-Gro.

Mr. Todorov was named Executive Vice President, General Counsel, Corporate Secretary and Chief Compliance Officer of the Company in December 2022. Prior to this appointment, Mr. Todorov served as Vice President, Legal, a position he held since June 2015.

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

The Common Shares trade on the New York Stock Exchange under the symbol "SMG." The payment of future dividends, if any, on the Common Shares will be determined by the Board of Directors in light of conditions then existing, including the Company's earnings, financial condition and capital requirements, restrictions in financing agreements, business conditions and other factors. On April 8, 2022, we entered into a sixth amended and restated credit agreement (the "Sixth A&R Credit Agreement"), providing the Company and certain of its subsidiaries with five-year senior secured loan facilities in the aggregate principal amount of \$2.5 billion, comprised of a revolving credit facility of \$1.5 billion and a term loan in the original principal amount of \$1.0 billion. On July 31, 2023, the Company entered into Amendment No. 2 ("Amendment No. 2") to the Sixth A&R Credit Agreement. Amendment No. 2 limits the Company's ability to declare or pay any discretionary dividends, distributions or other restricted payments to only the payment of (i) regularly scheduled cash dividends to holders of its Common Shares in an aggregate amount not to exceed \$225.0 million per fiscal year and (ii) other dividends, distributions or other restricted payments in an aggregate amount not to exceed \$25.0 million.

On December 14, 2022 and September 13, 2023, Scotts Miracle-Gro issued 388,878 and 373,831 Common Shares, respectively, having a contractual value of \$20.0 million each, to a vendor who is an accredited investor as consideration for advertising services. The issuances of the Common Shares were exempt from the registration requirements of the Securities Act of 1933, as amended, pursuant to Section 4(a)(2). Scotts Miracle-Gro issued the Common Shares in privately negotiated transactions, and such restricted shares were acquired for the recipient's accounts for investment purposes.

As of November 17, 2023, there were approximately 268,000 shareholders, including holders of record and our estimate of beneficial holders.

The following table shows the purchases of Common Shares made by or on behalf of Scotts Miracle-Gro or any "affiliated purchaser" (as defined in Rule 10b-18(a)(3) under the Securities Exchange Act of 1934, as amended) of Scotts Miracle-Gro for each of the three fiscal months in the quarter ended September 30, 2023:

<u>Period</u>	<u>Total Number of Common Shares Purchased⁽¹⁾</u>	<u>Average Price Paid per Common Share⁽²⁾</u>	<u>Total Number of Common Shares Purchased as Part of Publicly Announced Plans or Programs⁽³⁾</u>	<u>Approximate Dollar Value of Common Shares That May Yet Be Purchased Under the Plans or Programs⁽³⁾</u>
July 2, 2023 through July 29, 2023	1,291	\$ 69.87	—	N/A
July 30, 2023 through August 26, 2023	1,743	\$ 53.07	—	N/A
August 27, 2023 through September 30, 2023	4,270	\$ 52.61	—	N/A
Total	<u>7,304</u>	<u>\$ 55.77</u>	<u>—</u>	

(1) All of the Common Shares purchased during the fourth quarter of fiscal 2023 were purchased in open market transactions. The Common Shares purchased during the quarter consisted of 7,304 Common Shares purchased by the trustee of the rabbi trust established by the Company as permitted pursuant to the terms of The Scotts Company LLC Executive Retirement Plan.

(2) The average price paid per Common Share is calculated on a settlement basis and includes commissions.

(3) On February 6, 2020, the Company announced a repurchase program allowing for repurchases of up to \$750.0 million of Common Shares from April 30, 2020 through March 25, 2023. The program expired on March 25, 2023 and, as of September 30, 2023, the Company does not have an active repurchase program.

Comparison of Cumulative Five-Year Total Return*

The following graph compares the yearly change in the cumulative total stockholder return on our Common Shares for the past five fiscal years with the cumulative total return of the Russell 2000 Index and the S&P 500 Household Products Index.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The purpose of this Management's Discussion and Analysis ("MD&A") is to provide an understanding of our financial condition and results of operations by focusing on changes in certain key measures from year-to-year. This MD&A includes the following sections:

- Executive summary
- Results of operations
- Segment results
- Liquidity and capital resources
- Non-GAAP measures
- Regulatory matters
- Critical accounting policies and estimates

Executive Summary

Our operations are divided into three reportable segments: U.S. Consumer, Hawthorne and Other. U.S. Consumer consists of our consumer lawn and garden business in the United States. Hawthorne consists of our indoor and hydroponic gardening business. Other primarily consists of our consumer lawn and garden business in Canada. This division of reportable segments is consistent with how the segments report to and are managed by our chief operating decision maker. In addition, Corporate consists of general and administrative expenses and certain other income and expense items not allocated to the business segments. See "SEGMENT RESULTS" below for additional information regarding our evaluation of segment performance.

Through our U.S. Consumer and Other segments, we are the leading manufacturer and marketer of branded consumer lawn and garden products in North America. Our products are marketed under some of the most recognized brand names in the industry. Our key consumer lawn and garden brands include Scotts® and Turf Builder® lawn fertilizer and Scotts® grass seed products; Miracle-Gro® soil, plant food and gardening products; Ortho® herbicide and pesticide products; and Tomcat® rodent control and animal repellent products. We are the exclusive agent of Monsanto for the marketing and distribution of certain of Monsanto's consumer Roundup® branded products within the United States and certain other specified countries. In addition, we have an equity interest in Bonnie Plants, LLC, a joint venture with AFC, focused on planting, growing, developing, distributing, marketing and selling live plants.

Through our Hawthorne segment, we are a leading manufacturer, marketer and distributor of lighting, nutrients, growing media, growing environments and hardware products for indoor and hydroponic gardening in North America. Our key brands include General Hydroponics®, Gavita®, Botanicare®, Agrolux®, Gro Pro®, Mother Earth®, Grower's Edge®, HydroLogic Purification System® and Cyco®.

As a leading consumer branded lawn and garden company, our product development and marketing efforts are largely focused on providing innovative and differentiated products and continually increasing brand and product awareness to inspire consumers to create retail demand. We have implemented this model for a number of years by focusing on research and development and investing approximately 3-5% of our U.S. Consumer segment annual net sales in advertising to support and promote our consumer lawn and garden products and brands. We continually explore new and innovative ways to communicate with consumers. We believe that we receive a significant benefit from these expenditures and anticipate a similar commitment to research and development, advertising and marketing investments in the future, with the continuing objective of driving category growth and profitably maintaining and/or increasing market share.

Our consumer lawn and garden net sales in any one year are susceptible to weather conditions in the markets in which our products are sold. For instance, periods of abnormally wet or dry weather can adversely impact the sale of certain products, while increasing demand for other products. We believe that our diversified product line and our geographic diversification reduce this risk, although to a lesser extent in a year in which unfavorable weather is geographically widespread and extends across a significant portion of the lawn and garden season. We also believe that weather conditions in any one year, positive or negative, do not materially impact longer-term category growth trends.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Due to the seasonal nature of the consumer lawn and garden business, for our U.S. Consumer and Other segments, significant portions of our products ship to our retail customers during our second and third fiscal quarters, as noted in the following table. Our annual net sales are further concentrated in the second and third fiscal quarters by retailers who rely on our ability to deliver products closer to when consumers buy our products. Our Hawthorne segment is also impacted by seasonal sales patterns for certain product categories due to the timing of outdoor growing in North America during our second and third fiscal quarters, and the timing of certain controlled agricultural lighting project sales during our third and fourth fiscal quarters.

	Percent of Net Sales from Continuing Operations by Quarter		
	2023	2022	2021
First Quarter	14.8 %	14.4 %	15.2 %
Second Quarter	43.2 %	42.8 %	37.1 %
Third Quarter	31.5 %	30.2 %	32.7 %
Fourth Quarter	10.5 %	12.6 %	15.0 %

Management focuses on a variety of key indicators and operating metrics to monitor the financial condition and performance of the continuing operations of our business. These metrics include consumer purchases (point-of-sale data), market share, category growth, net sales (including unit volume, pricing and foreign exchange movements), gross margins, advertising to net sales ratios, income from operations, income from continuing operations, net income, earnings per share, earnings before interest, taxes, depreciation and amortization (“EBITDA”), leverage ratio, fixed charge coverage ratio and interest coverage ratio. To the extent applicable, these metrics are evaluated with and without impairment, restructuring and other charges that do not occur in or reflect the ordinary course of our ongoing business operations. Metrics that exclude impairment, restructuring and other nonrecurring items are used by management to evaluate our performance, engage in financial and operational planning and determine incentive compensation because we believe that these measures provide additional perspective on the performance of our underlying, ongoing business. We also focus on measures to optimize cash flow and return on invested capital, including the management of working capital and capital expenditures. Refer to the “NON-GAAP MEASURES” section of this MD&A for further discussion of non-GAAP measures.

Recent Events

During fiscal 2022, we began implementing a series of Company-wide organizational changes and initiatives intended to create operational and management-level efficiencies. As part of this restructuring initiative, we are reducing the size of our supply chain network, reducing staffing levels and implementing other cost-reduction initiatives. In addition, to reduce our on hand inventory to align with the optimized network capacity, we have accelerated the reduction of certain Hawthorne inventory, primarily lighting, growing environments and hardware products. We expect these efforts to deliver run-rate annualized savings of at least \$300.0, nearly all of which is expected to be realized by the end of fiscal 2024. The restructuring initiative is expected to improve our gross margin rate and decrease SG&A. During fiscal 2023, we incurred costs of \$184.8 in the “Cost of sales—impairment, restructuring and other” line in the Consolidated Statements of Operations and \$44.1 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations associated with this restructuring initiative primarily related to inventory write-down charges, employee termination benefits, facility closure costs and impairment of right-of-use assets and property, plant and equipment. Costs incurred from the inception of this restructuring initiative through September 30, 2023 were \$294.1.

During fiscal 2023, our Hawthorne segment continued to experience adverse financial results due to decreased sales volume and inflationary cost pressures. The decrease in sales volume is attributable to an oversupply of cannabis, which significantly decreased cannabis wholesale prices and indoor and outdoor cannabis cultivation. The oversupply has been driven by increased licensing activity across the U.S., significant capital investment in the cannabis production marketplace over the past several years, inconsistent enforcement of regulations and the market impacts of the COVID-19 pandemic. As a result, we revised our internal forecasts to reflect the longer persistence and more significant impact of the oversupply of cannabis, and recorded non-cash, pre-tax impairment charges of \$117.7 related to our Hawthorne segment intangible assets in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations. We expect that the oversupply of cannabis will continue to adversely impact our Hawthorne segment. If the oversupply of cannabis persists longer, or is more significant than we expect, our results of operations could be materially and adversely impacted for a longer period and to a greater extent than we currently anticipate.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

During fiscal 2023, we recorded a non-cash, pre-tax other-than-temporary impairment charge of \$101.3 related to our convertible debt investments and a non-cash, pre-tax goodwill impairment charge of \$10.3 associated with our Other segment in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations. In addition, we recorded a non-cash, pre-tax impairment charge of \$94.7 associated with our investment in Bonnie Plants, LLC in the “Equity in (income) loss of unconsolidated affiliates” line in the Consolidated Statements of Operations during fiscal 2023.

On June 8, 2022, we entered into Amendment No. 1 (“Amendment No. 1”) to the Sixth A&R Credit Agreement which increased the maximum permitted leverage ratio for the quarterly leverage covenant effective for the third quarter of fiscal 2022 until April 1, 2024. During the third quarter of fiscal 2023, we experienced an unexpected shortfall in earnings that affected our ability to remain in compliance with the leverage ratio covenant of Amendment No. 1. On July 31, 2023, we entered into Amendment No. 2 to the Sixth A&R Credit Agreement which, in addition to other changes, temporarily increased the maximum permitted leverage ratio for the quarterly leverage covenant, and increased the interest rate applicable to borrowings under the revolving credit facility and the term loan facility by 25 bps for each existing pricing tier and added a pricing tier that is applicable for periods when the leverage ratio is in excess of 6.00. Refer to the “LIQUIDITY AND CAPITAL RESOURCES” section of this MD&A for more information regarding Amendment No. 2.

During fiscal 2023, we continued to experience the impacts of cost inflation, resulting in persistently high manufacturing and logistics costs, as well as volatile commodity costs. Higher costs over the past several years required us to implement significant price increases across our business in fiscal 2022 and 2023. Inflationary headwinds, volatile commodity costs and higher interest rates are expected to continue. The impact that these trends will continue to have on our operational and financial performance will depend on future developments, including inflationary and macroeconomic conditions and their impact on consumer behavior, which are difficult to predict.

Results of Operations

The following table sets forth the components of earnings as a percentage of net sales:

	Year Ended September 30,					
	2023	% of Net Sales	2022	% of Net Sales	2021	% of Net Sales
Net sales	\$ 3,551.3	100.0 %	\$ 3,924.1	100.0 %	\$ 4,925.0	100.0 %
Cost of sales	2,708.3	76.3	2,891.1	73.7	3,431.3	69.7
Cost of sales—impairment, restructuring and other	185.7	5.2	160.1	4.1	24.7	0.5
Gross margin	657.3	18.5	872.9	22.2	1,469.0	29.8
Operating expenses:						
Selling, general and administrative	551.3	15.5	613.0	15.6	743.5	15.1
Impairment, restructuring and other	280.5	7.9	693.1	17.7	4.3	0.1
Other (income) expense, net	(0.1)	—	0.8	—	(1.8)	—
Income (loss) from operations	(174.4)	(4.9)	(434.0)	(11.1)	723.0	14.7
Equity in (income) loss of unconsolidated affiliates	101.1	2.8	12.9	0.3	(14.4)	(0.3)
Interest expense	178.1	5.0	118.1	3.0	78.9	1.6
Other non-operating income, net	(0.3)	—	(6.9)	(0.2)	(18.6)	(0.4)
Income (loss) from continuing operations before income taxes	(453.3)	(12.8)	(558.1)	(14.2)	677.1	13.7
Income tax expense (benefit) from continuing operations	(73.2)	(2.1)	(120.6)	(3.1)	159.8	3.2
Income (loss) from continuing operations	(380.1)	(10.7)	(437.5)	(11.1)	517.3	10.5
Loss from discontinued operations, net of tax	—	—	—	—	(3.9)	(0.1)
Net income (loss)	<u>\$ (380.1)</u>	<u>(10.7)%</u>	<u>\$ (437.5)</u>	<u>(11.1)%</u>	<u>\$ 513.4</u>	<u>10.4 %</u>

The sum of the components may not equal due to rounding.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Net Sales

Net sales for fiscal 2023 were \$3,551.3, a decrease of 9.5% from net sales of \$3,924.1 for fiscal 2022. Net sales for fiscal 2022 decreased 20.3% from net sales of \$4,925.0 for fiscal 2021. Factors contributing to the change in net sales are outlined in the following table:

	Year Ended September 30,	
	2023	2022
Volume and mix	(14.3)%	(27.0)%
Foreign exchange rates	(0.4)	(0.4)
Pricing	5.0	6.2
Acquisitions	0.2	0.9
Change in net sales	<u>(9.5)%</u>	<u>(20.3)%</u>

The decrease in net sales for fiscal 2023 as compared to fiscal 2022 was primarily driven by:

- decreased sales volume across all segments driven by growing environments, growing media, hardware, nutrients and lighting products in our Hawthorne segment; and lawn care, plant food and controls products in our U.S. Consumer segment; and
- the unfavorable impact of foreign exchange rates as a result of the strengthening of the U.S. dollar relative to the Canadian dollar;
- partially offset by increased pricing in our U.S. Consumer, Hawthorne and Other segments.

The decrease in net sales for fiscal 2022 as compared to fiscal 2021 was primarily driven by:

- decreased sales volume driven by lighting, nutrients, growing media, hardware and growing environments products in our Hawthorne segment; and lawn care, soils, controls, plant food and mulch products in our U.S. Consumer segment;
- decreased net sales associated with the Roundup[®] marketing agreement; and
- the unfavorable impact of foreign exchange rates as a result of the strengthening of the U.S. dollar relative to the euro and the Canadian dollar;
- partially offset by increased pricing in our U.S. Consumer, Hawthorne and Other segments; and
- the addition of net sales from acquisitions in our Hawthorne segment.

Cost of Sales

The following table shows the major components of cost of sales:

	Year Ended September 30,		
	2023	2022	2021
Materials	\$ 1,524.1	\$ 1,616.7	\$ 1,962.5
Distribution and warehousing	556.3	660.1	684.0
Manufacturing labor and overhead	545.4	546.4	714.0
Costs associated with Roundup [®] marketing agreement	82.5	67.9	70.8
Cost of sales	<u>2,708.3</u>	<u>2,891.1</u>	<u>3,431.3</u>
Cost of sales—impairment, restructuring and other	185.7	160.1	24.7
	<u>\$ 2,894.0</u>	<u>\$ 3,051.2</u>	<u>\$ 3,456.0</u>

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Factors contributing to the change in cost of sales are outlined in the following table:

	Year Ended September 30,	
	2023	2022
Volume, mix and other	\$ (299.7)	\$ (641.4)
Foreign exchange rates	(10.4)	(16.9)
Material cost changes	112.7	121.0
Costs associated with Roundup [®] marketing agreement	14.6	(2.9)
	(182.8)	(540.2)
Impairment, restructuring and other	25.6	135.4
Change in cost of sales	\$ (157.2)	\$ (404.8)

The decrease in cost of sales for fiscal 2023 as compared to fiscal 2022 was primarily driven by:

- lower sales volume in our U.S. Consumer, Hawthorne and Other segments;
- lower warehousing costs included within “volume, mix and other” in our U.S. Consumer and Hawthorne segments; and
- the favorable impact of foreign exchange rates as a result of the strengthening of the U.S. dollar relative to the Canadian dollar;
- partially offset by higher material costs in our U.S. Consumer, Hawthorne and Other segments;
- higher manufacturing costs, primarily labor, included within “volume, mix and other” in our U.S. Consumer, Hawthorne and Other segments;
- inventory write-down charges included within “volume, mix and other” associated with our U.S. Consumer segment;
- an increase in costs associated with the Roundup[®] marketing agreement; and
- an increase in impairment, restructuring and other charges.

The decrease in cost of sales for fiscal 2022 as compared to fiscal 2021 was primarily driven by:

- lower sales volume in our U.S. Consumer, Hawthorne and Other segments;
- the favorable impact of foreign exchange rates as a result of the strengthening of the U.S. dollar relative to the euro and the Canadian dollar; and
- a decrease in costs associated with the Roundup[®] marketing agreement;
- partially offset by higher material costs in our U.S. Consumer and Other segments;
- higher transportation and warehousing costs included within “volume, mix and other” in our U.S. Consumer, Hawthorne and Other segments; and
- an increase in impairment, restructuring and other charges.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Gross Margin

As a percentage of net sales, our gross margin rate was 18.5%, 22.2% and 29.8% for fiscal 2023, fiscal 2022 and fiscal 2021, respectively. Factors contributing to the change in gross margin rate are outlined in the following table:

	Year Ended September 30,	
	2023	2022
Volume, mix and other	(4.0)%	(6.6)%
Material costs	(3.3)	(3.4)
Roundup [®] commissions and reimbursements	(0.3)	(0.2)
Acquisitions	—	(0.1)
Pricing	5.0	6.3
	(2.6)	(4.0)
Impairment, restructuring and other	(1.1)	(3.6)
Change in gross margin rate	(3.7)%	(7.6)%

The decrease in gross margin rate for fiscal 2023 as compared to fiscal 2022 was primarily driven by:

- higher material costs in our U.S. Consumer, Hawthorne and Other segments;
- higher manufacturing costs, primarily labor, included within “volume, mix and other” in our U.S. Consumer, Hawthorne and Other segments;
- unfavorable leverage of fixed costs, included within “volume, mix and other,” driven by lower sales and production volume in our U.S. Consumer, Hawthorne and Other segments;
- inventory write-down charges included within “volume, mix and other” associated with our U.S. Consumer segment; and
- an increase in impairment, restructuring and other charges;
- partially offset by increased pricing in our U.S. Consumer, Hawthorne and Other segments; and
- lower warehousing costs included within “volume, mix and other” in our U.S. Consumer and Hawthorne segments.

The decrease in gross margin rate for fiscal 2022 as compared to fiscal 2021 was primarily driven by:

- higher material costs in our U.S. Consumer, Hawthorne and Other segments;
- higher transportation and warehousing costs included within “volume, mix and other” associated with our U.S. Consumer, Hawthorne and Other segments;
- unfavorable leverage of fixed costs driven by lower sales volume in our U.S. Consumer, Hawthorne and Other segments; and
- an increase in impairment, restructuring and other charges;
- partially offset by increased pricing in our U.S. Consumer, Hawthorne and Other segments.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Selling, General and Administrative Expenses

The following table sets forth the components of selling, general and administrative expenses (“SG&A”):

	Year Ended September 30,		
	2023	2022	2021
Advertising	\$ 123.7	\$ 120.3	\$ 165.7
Advertising as a percentage of net sales	3.5 %	3.1 %	3.4 %
Share-based compensation	49.7	34.3	40.6
Research and development	35.7	45.3	45.4
Amortization of intangibles	22.6	31.0	29.1
Other selling, general and administrative	319.6	382.1	462.7
	<u>\$ 551.3</u>	<u>\$ 613.0</u>	<u>\$ 743.5</u>

SG&A decreased \$61.7, or 10.1%, during fiscal 2023 compared to fiscal 2022. Advertising expense increased \$3.4, or 2.8%, in fiscal 2023 driven by increased media spending in our U.S. Consumer segment. Share-based compensation expense, which excludes certain advertising expenses paid for in Common Shares, increased \$15.4, or 44.9%, driven by short-term variable incentive compensation that was provided to employees as share-based awards for fiscal 2023 in lieu of a cash-based program, partially offset by the recognition of a cumulative adjustment for certain performance-based award units to reflect management’s assessment of a lower probability of achievement of performance goals. Amortization expense decreased \$8.4, or 27.1%, driven by the impairment of certain Hawthorne segment intangible assets during fiscal 2022 and fiscal 2023. Other SG&A and research and development costs decreased by a combined \$72.1, or 16.9%, driven by the reductions in staffing levels and other cost-reduction initiatives.

SG&A decreased \$130.5, or 17.6%, during fiscal 2022 compared to fiscal 2021. Advertising expense decreased \$45.4, or 27.4%, in fiscal 2022 driven by decreased media spending in our U.S. Consumer and Hawthorne segments. Other SG&A decreased \$80.6, or 17.4%, in fiscal 2022 driven by a decrease in short-term variable cash incentive compensation expense, reductions in staffing levels and other cost-reduction initiatives.

Impairment, Restructuring and Other

Activity described herein is classified within the “Cost of sales—impairment, restructuring and other” and “Impairment, restructuring and other” lines in the Consolidated Statements of Operations. The following table details impairment, restructuring and other charges (recoveries) for each of the periods presented:

	Year Ended September 30,		
	2023	2022	2021
Cost of sales—impairment, restructuring and other:			
Restructuring and other charges (recoveries), net	\$ 148.5	\$ 143.6	\$ (0.3)
Right-of-use asset impairments	25.8	—	—
Property, plant and equipment impairments	11.4	16.6	—
COVID-19 related costs	—	—	25.0
Operating expenses—impairment, restructuring and other:			
Goodwill and intangible asset impairments	127.9	668.3	—
Convertible debt other-than-temporary impairments	101.3	—	—
Restructuring and other charges, net	51.2	40.9	0.1
Gains on sale of property, plant and equipment	—	(16.2)	—
COVID-19 related costs	—	—	4.2
Total impairment, restructuring and other charges	<u>\$ 466.1</u>	<u>\$ 853.2</u>	<u>\$ 29.0</u>

During fiscal 2023, we recorded non-cash, pre-tax goodwill and intangible asset impairment charges of \$127.9 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations, comprised of \$117.7 of finite-lived intangible asset impairment charges associated with our Hawthorne segment and \$10.3 of goodwill impairment charges associated with our Other segment.

During fiscal 2023, we recorded a non-cash, pre-tax other-than-temporary impairment charge related to our convertible debt investments of \$101.3 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

During fiscal 2022, we began implementing a series of Company-wide organizational changes and initiatives intended to create operational and management-level efficiencies. As part of this restructuring initiative, we are reducing the size of our supply chain network, reducing staffing levels and implementing other cost-reduction initiatives. In addition, to reduce our on hand inventory to align with the optimized network capacity, we have accelerated the reduction of certain Hawthorne inventory, primarily lighting, growing environments and hardware products. During fiscal 2023, we incurred costs of \$229.0 associated with this restructuring initiative primarily related to inventory write-down charges, employee termination benefits, facility closure costs and impairment of right-of-use assets and property, plant and equipment. We incurred costs of \$16.3 in our U.S. Consumer segment and \$168.5 in our Hawthorne segment in the “Cost of sales—impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2023. We incurred costs of \$7.7 in our U.S. Consumer segment, \$20.7 in our Hawthorne segment, \$0.8 in our Other segment and \$14.9 at Corporate in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2023. During fiscal 2022, we incurred costs of \$65.2 associated with this restructuring initiative primarily related to employee termination benefits and impairment of property, plant and equipment. We incurred costs of \$9.7 in our U.S. Consumer segment and \$27.1 in our Hawthorne segment in the “Cost of sales—impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2022. We incurred costs of \$11.9 in our U.S. Consumer segment, \$8.1 in our Hawthorne segment, \$0.7 in our Other segment and \$7.7 at Corporate in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2022. Costs incurred to date since the inception of this restructuring initiative are \$45.5 for our U.S. Consumer segment, \$224.4 for our Hawthorne segment, \$1.5 for our Other segment and \$22.7 at Corporate. We continue to evaluate additional network and organizational changes, which, if executed, may result in additional restructuring charges in future periods.

During fiscal 2022, we recorded non-cash, pre-tax goodwill and intangible asset impairment charges of \$632.4 as a result of interim impairment testing of our Hawthorne segment in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations, comprised of \$522.4 of goodwill impairment charges and \$110.0 of finite-lived intangible asset impairment charges.

During fiscal 2022, we incurred inventory write-down charges of \$120.9 in the “Cost of sales—impairment, restructuring and other” line in the Consolidated Statements of Operations and finite-lived intangible asset impairment charges of \$35.3 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations associated with our decision to discontinue and exit the market for certain Hawthorne lighting products and brands.

During fiscal 2022, we recorded gains of \$16.2 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations associated with the sale of property, plant and equipment.

During fiscal 2021, we incurred costs of \$29.2 associated with the COVID-19 pandemic primarily related to premium pay. We incurred costs of \$21.2 in our U.S. Consumer segment, \$3.2 in our Hawthorne segment and \$0.6 in our Other segment in the “Cost of sales—impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2021. We incurred costs of \$4.0 in our U.S. Consumer segment and \$0.2 in our Other segment in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2021.

Income (Loss) from Operations

Loss from operations was \$(174.4) in fiscal 2023 compared to \$(434.0) in fiscal 2022. The decrease was driven by lower impairment, restructuring and other charges and lower SG&A, partially offset by lower net sales and a decrease in gross margin rate.

Income (loss) from operations was \$(434.0) in fiscal 2022 compared to \$723.0 in fiscal 2021. The decrease was driven by lower net sales, a decrease in gross margin rate, higher impairment, restructuring and other charges and lower other income, partially offset by lower SG&A.

Equity in (Income) Loss of Unconsolidated Affiliates

Equity in (income) loss of unconsolidated affiliates associated with Bonnie Plants, LLC was \$101.1, \$12.9 and \$(14.4) in fiscal 2023, fiscal 2022 and fiscal 2021, respectively. During fiscal 2023, we recorded a non-cash, pre-tax impairment charge of \$94.7 associated with our investment in Bonnie Plants, LLC. Refer to “NOTE 9. INVESTMENT IN UNCONSOLIDATED AFFILIATES” of the Notes to the Consolidated Financial Statements included in this Form 10-K for more information regarding Bonnie Plants, LLC.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Interest Expense

Interest expense was \$178.1 in fiscal 2023, an increase of 50.8% compared to \$118.1 in fiscal 2022. The increase was driven by an increase in our weighted average interest rate, net of the impact of interest rate swaps, of 180 basis points, primarily due to higher borrowing rates on the Sixth A&R Credit Agreement. While we had net debt repayments of \$353.6 during fiscal 2023, our seasonal borrowing and repayment pattern resulted in an average debt balance for fiscal 2023 that was consistent with fiscal 2022.

Interest expense was \$118.1 in fiscal 2022, an increase of 49.7% compared to \$78.9 in fiscal 2021. The increase was driven by higher average borrowings of \$1,119.6 due to higher inventory production, capital expenditures, acquisition activity and repurchases of our Common Shares.

Other Non-Operating Income, Net

Other non-operating income was \$0.3, \$6.9 and \$18.6 in fiscal 2023, fiscal 2022 and fiscal 2021, respectively. On December 31, 2020, we acquired a 50% equity interest in Bonnie Plants, LLC in exchange for cash payments of \$102.3, forgiveness of our outstanding loan receivable with AFC and surrender of our options to increase our economic interest in the Bonnie Plants business. We recorded a gain of \$12.5 during the first quarter of fiscal 2021 to write-up the value of our loan receivable with AFC to its closing date fair value.

Income Tax Expense (Benefit) from Continuing Operations

A reconciliation of the federal corporate income tax rate and the effective tax rate on income from continuing operations before income taxes is summarized below:

	Year Ended September 30,		
	2023	2022	2021
Statutory income tax rate	21.0 %	21.0 %	21.0 %
Effect of foreign operations	0.2	(1.6)	(0.2)
State taxes, net of federal benefit	3.2	2.6	3.9
Effect of other permanent differences	(0.8)	2.8	(1.1)
Research and Experimentation and other federal tax credits	0.2	0.2	(0.2)
Effect of tax contingencies	0.1	(1.8)	—
Change in valuation allowances	(8.7)	(0.9)	0.1
Other	1.0	(0.7)	0.1
Effective income tax rate	16.2 %	21.6 %	23.6 %

During fiscal 2023, we recorded a non-cash, pre-tax other-than-temporary impairment charge related to our convertible debt investments of \$101.3 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations. Deferred tax assets related to unrealized losses on convertible debt investments were \$33.4 and \$25.3 at September 30, 2023 and 2022, respectively. A full valuation allowance has been established against these losses at September 30, 2023 as we do not expect to utilize them prior to their expiration. This discrete item, which is included in the “Change in valuation allowances” line in the table above, decreased the fiscal 2023 effective tax rate because we incurred a net loss during this period.

During fiscal 2022, we recorded non-cash, pre-tax goodwill and intangible asset impairment charges of \$668.3 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations. The tax impact of the impairment charges was a benefit of \$148.3, which is net of the impact of non-deductible goodwill of \$18.8, for fiscal 2022 and was recorded in the “Income tax expense (benefit) from continuing operations” line in the Consolidated Statements of Operations. The tax impact of non-deductible goodwill was considered a discrete item because we have no remaining non-deductible goodwill. This discrete item, which is included in the “Effect of foreign operations” line in the table above, decreased the fiscal 2022 effective tax rate by approximately 340 bps because we incurred a net loss during the period. Additionally, excess tax benefits related to share-based compensation, which are included in the “Effect of other permanent differences” line in the table above, increased the fiscal 2022 effective tax rate by approximately 260 bps.

Income (Loss) from Continuing Operations

Loss from continuing operations was \$(380.1), or \$(6.79) per diluted share, in fiscal 2023 compared to \$(437.5), or \$(7.88) per diluted share, in fiscal 2022. The decrease was driven by lower impairment, restructuring and other charges, and lower SG&A, partially offset by lower net sales, a decrease in gross margin rate, higher equity in loss of unconsolidated affiliates, higher interest expense, lower other non-operating income and lower income tax benefit.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Income (loss) from continuing operations was \$(437.5), or \$(7.88) per diluted share, in fiscal 2022 compared to \$517.3, or \$9.03 per diluted share, in fiscal 2021. The decrease was driven by lower net sales, a decrease in gross margin rate, higher impairment, restructuring and other charges, lower other income, lower equity in income of unconsolidated affiliates, higher interest expense and lower other non-operating income, partially offset by lower SG&A.

Diluted average common shares used in the diluted loss per common share calculation for fiscal 2023 and fiscal 2022 were 56.0 million and 55.5 million, respectively, which excluded potential common shares of 0.4 million and 0.6 million, respectively, because the effect of their inclusion would be anti-dilutive as we incurred a net loss for fiscal 2023 and fiscal 2022. Diluted average common shares used in the diluted income per common share calculation for fiscal 2021 were 57.2 million, which included dilutive potential common shares of 1.5 million.

Segment Results

The performance of each reportable segment is evaluated based on several factors, including income (loss) from continuing operations before income taxes, amortization, impairment, restructuring and other charges (“Segment Profit (Loss)”), which is a non-GAAP financial measure. Senior management uses Segment Profit (Loss) to evaluate segment performance because they believe this measure is indicative of performance trends and the overall earnings potential of each segment.

The following table sets forth net sales by segment:

	Year Ended September 30,		
	2023	2022	2021
U.S. Consumer	\$ 2,843.7	\$ 2,928.8	\$ 3,197.7
Hawthorne	467.3	716.2	1,424.2
Other	240.3	279.1	303.1
Consolidated	<u>\$ 3,551.3</u>	<u>\$ 3,924.1</u>	<u>\$ 4,925.0</u>

The following table sets forth Segment Profit (Loss) as well as a reconciliation to income (loss) from continuing operations before income taxes, the most directly comparable measure prepared in accordance with U.S. generally accepted accounting principles (“GAAP”):

	Year Ended September 30,		
	2023	2022	2021
U.S. Consumer	\$ 454.1	\$ 568.6	\$ 726.7
Hawthorne	(48.1)	(21.1)	163.8
Other	12.4	20.2	42.1
Total Segment Profit (Non-GAAP)	418.4	567.7	932.6
Corporate	(101.6)	(112.4)	(149.7)
Intangible asset amortization	(25.2)	(37.1)	(30.9)
Impairment, restructuring and other	(466.0)	(852.2)	(29.0)
Equity in income (loss) of unconsolidated affiliates	(101.1)	(12.9)	14.4
Interest expense	(178.1)	(118.1)	(78.9)
Other non-operating income, net	0.3	6.9	18.6
Income (loss) from continuing operations before income taxes (GAAP)	<u>\$ (453.3)</u>	<u>\$ (558.1)</u>	<u>\$ 677.1</u>

U.S. Consumer

U.S. Consumer segment net sales were \$2,843.7 in fiscal 2023, a decrease of 2.9% from fiscal 2022 net sales of \$2,928.8. The decrease was driven by lower sales volume of 8.3%, partially offset by increased pricing of 5.4%. The decrease in sales volume for fiscal 2023 was driven by lawn care, plant food and controls products.

U.S. Consumer Segment Profit was \$454.1 in fiscal 2023, a decrease of 20.1% from fiscal 2022 Segment Profit of \$568.6. The decrease for fiscal 2023 was primarily due to lower net sales and a lower gross margin rate, partially offset by lower SG&A.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

U.S. Consumer segment net sales were \$2,928.8 in fiscal 2022, a decrease of 8.4% from fiscal 2021 net sales of \$3,197.7. The decrease was driven by lower sales volume of 15.6%, partially offset by increased pricing of 7.2%. The decrease in sales volume for fiscal 2022 was driven by lawn care, soils, controls, plant food and mulch products.

U.S. Consumer Segment Profit was \$568.6 in fiscal 2022, a decrease of 21.8% from fiscal 2021 Segment Profit of \$726.7. The decrease for fiscal 2022 was primarily due to lower net sales and a lower gross margin rate, partially offset by lower SG&A.

Hawthorne

Hawthorne segment net sales were \$467.3 in fiscal 2023, a decrease of 34.8% from fiscal 2022 net sales of \$716.2. The decrease was driven by lower sales volume of 38.1%, partially offset by increased pricing of 2.5% and acquisitions of 0.8%. The decrease in sales volume for fiscal 2023 was driven by growing environments, growing media, hardware, nutrients and lighting products.

Hawthorne Segment Loss was \$48.1 in fiscal 2023 compared to fiscal 2022 Segment Loss of \$21.1. The increase for fiscal 2023 was driven by lower net sales and a lower gross margin rate, partially offset by lower SG&A.

Hawthorne segment net sales were \$716.2 in fiscal 2022, a decrease of 49.7% from fiscal 2021 net sales of \$1,424.2. The decrease was driven by lower sales volume of 56.0% and unfavorable foreign exchange rates of 0.8%, partially offset by increased pricing of 3.8% and acquisitions of 3.3%. The decrease in sales volume for fiscal 2022 was driven by lighting, nutrients, growing media, hardware and growing environments products.

Hawthorne Segment Loss was \$21.1 in fiscal 2022 compared to fiscal 2021 Segment Profit of \$163.8. The decrease for fiscal 2022 was driven by lower net sales and a lower gross margin rate, partially offset by lower SG&A.

Other

Other segment net sales were \$240.3 in fiscal 2023, a decrease of 13.9% from fiscal 2022 net sales of \$279.1. The decrease was driven by lower sales volume of 16.0% and unfavorable foreign exchange rates of 4.8%, partially offset by increased pricing of 6.9%.

Other Segment Profit was \$12.4 in fiscal 2023, a decrease of 38.6% from fiscal 2022 Segment Profit of \$20.2. The decrease was driven by lower net sales and a lower gross margin rate.

Other segment net sales were \$279.1 in fiscal 2022, a decrease of 7.9% from fiscal 2021 net sales of \$303.1. The decrease was driven by lower sales volume of 13.7% and unfavorable foreign exchange rates of 1.9%, partially offset by increased pricing of 7.7%.

Other Segment Profit was \$20.2 in fiscal 2022, a decrease of 52.0% from fiscal 2021 Segment Profit of \$42.1. The decrease was driven by lower net sales and a lower gross margin rate, partially offset by lower SG&A.

Corporate

Corporate expenses were \$101.6 in fiscal 2023, a decrease of 9.6% from fiscal 2022 expenses of \$112.4. The decrease was driven by lower share-based compensation expense due to the recognition of a cumulative adjustment for certain performance-based award units to reflect management's assessment of a lower probability of achievement of performance goals, and reductions in staffing levels and other cost-reduction initiatives.

Corporate expenses were \$112.4 in fiscal 2022, a decrease of 24.9% from fiscal 2021 expenses of \$149.7. The decrease was driven by lower short-term variable cash incentive compensation expense, reductions in staffing levels and other cost-reduction initiatives.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Liquidity and Capital Resources

The following table summarizes cash activities for the years ended September 30:

	2023	2022	2021
Net cash provided by (used in) operating activities	\$ 531.0	\$ (129.0)	\$ 271.5
Net cash used in investing activities	(65.7)	(283.2)	(538.6)
Net cash (used in) provided by financing activities	(520.1)	255.3	494.0

Operating Activities

Cash provided by operating activities totaled \$531.0 for fiscal 2023, an increase of \$660.0 compared to cash used in operating activities of \$129.0 for fiscal 2022. This increase was driven by a reduction in inventory, lower short-term variable cash incentive compensation payouts, higher income tax refunds and lower SG&A, partially offset by lower gross margin, higher interest payments, higher payments associated with restructuring activities and accounts payable timing. Accounts payable timing is driven by the unfavorable impact of extended payment terms with vendors for payments originally due in the final weeks of fiscal 2022 that were paid in the first quarter of fiscal 2023.

Cash used in operating activities totaled \$129.0 for fiscal 2022, a decrease of \$400.5 compared to cash provided by operating activities of \$271.5 for fiscal 2021. This decrease was driven by higher inventory, lower accounts payable, lower net income and higher interest payments, partially offset by lower tax payments and lower short-term variable cash incentive compensation payouts. Higher inventory was driven by higher production, lower sales and higher input costs. Lower accounts payable was driven by the timing of production. Fiscal 2022 was also favorably impacted by extended payment terms with vendors for payments originally due in the final weeks of fiscal 2022 that were paid in the first quarter of fiscal 2023.

The seasonal nature of our North America consumer lawn and garden business generally requires cash to fund significant increases in inventories during the first half of the fiscal year. Receivables and payables also build substantially in our second quarter of the fiscal year in line with the timing of sales to support our retailers' spring selling season.

Investing Activities

Cash used in investing activities totaled \$65.7 for fiscal 2023, a decrease of \$217.5 compared to \$283.2 for fiscal 2022. Cash used for investments in property, plant and equipment during fiscal 2023 was \$92.8, a decrease from fiscal 2022 due to higher spending in the prior period on capital projects to expand network capacity. We also received proceeds of \$37.0 during fiscal 2023 related to the payoff of seller financing that we provided in connection with a fiscal 2017 divestiture. In addition, we had other investing cash outflows of \$12.4 primarily comprised of cash outflows associated with currency forward contracts.

Cash used in investing activities totaled \$283.2 for fiscal 2022, a decrease of \$255.4 compared to \$538.6 for fiscal 2021. Cash used for investments in property, plant and equipment during fiscal 2022 was \$113.5. We also completed the acquisitions of Luxx Lighting, Inc., True Liberty Bags and Cyco during fiscal 2022 in exchange for aggregate cash payments of \$237.3, as well as the issuance of 0.1 million Common Shares, a non-cash investing and financing activity, with a fair value of \$21.0 based on the share price at the time of payment. In addition, during fiscal 2022, we made payments of \$25.0 in connection with a minority non-equity convertible debt investment in RIV Capital, received proceeds from the sale of long-lived assets of \$63.3 and received \$29.3 associated with currency forward contracts.

For the three fiscal years ended September 30, 2023, we allocated our capital spending as follows: 64% for maintenance of existing productive assets; 20% for cost savings projects, focused primarily on supply chain and information technology, and 16% for innovation and expansion. We expect fiscal 2024 capital expenditures to be generally consistent with our recent capital spending amounts and allocations.

Financing Activities

Cash used in financing activities totaled \$520.1 for fiscal 2023 compared to cash provided by financing activities of \$255.3 for fiscal 2022. During fiscal 2023, we had net debt repayments of \$353.6, paid dividends of \$149.1, paid financing and issuance fees of \$6.4 and repurchased Common Shares for \$9.3 (which includes cash paid to tax authorities to satisfy statutory income tax withholding obligations related to share-based compensation). Higher debt repayment and lower Common Share repurchases are driven by our focus on using available cash flow to reduce our debt.

Cash provided by financing activities totaled \$255.3 in fiscal 2022 compared to \$494.0 in fiscal 2021. During fiscal 2022, we had net borrowings of \$680.1 and paid financing and issuance fees of \$9.6. We also repurchased Common Shares for \$257.9 and paid dividends of \$166.2 during fiscal 2022.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Accounts Receivable Sales

On October 27, 2023, we entered into an agreement under which we may sell up to \$600.0 of a portfolio of available and eligible outstanding customer accounts receivable generated by sales to four specified customers. The agreement is uncommitted and has an initial term that expires October 25, 2024, unless earlier terminated by the purchaser.

Supplier Finance Program

We have an agreement to provide a supplier finance program which facilitates participating suppliers' ability to finance our payment obligations with a designated third-party financial institution. Participating suppliers may, at their sole discretion, elect to finance our payment obligations prior to their scheduled due dates at a discounted price to the participating financial institution. Our obligations to our suppliers, including amounts due and scheduled payment dates, are not impacted by suppliers' decisions to finance amounts under this arrangement. The payment terms that we negotiate with our suppliers are consistent, regardless of whether a supplier participates in the program. Our current payment terms with a majority of our suppliers generally range from 30 to 60 days, which we deem to be commercially reasonable. Our outstanding payment obligations under our supplier finance program were \$18.3 and \$8.6 at September 30, 2023 and 2022, respectively, and are recorded within accounts payable in the Consolidated Balance Sheets. The associated payments were \$185.3 for fiscal 2023 and are classified as operating activities in the Consolidated Statements of Cash Flows.

Share Repurchases

On February 6, 2020, Scotts Miracle-Gro announced that its Board of Directors authorized the repurchase of up to \$750.0 of Common Shares from April 30, 2020 through March 25, 2023. There were no share repurchases under this share repurchase authorization during fiscal 2023 through its expiration on March 25, 2023. During fiscal 2022 and fiscal 2021, Scotts Miracle-Gro repurchased 1.1 million and 0.6 million Common Shares under this share repurchase authorization for \$175.0 and \$113.1, respectively. Treasury share purchases also include cash paid to tax authorities to satisfy statutory income tax withholding obligations related to share-based compensation of \$9.3, \$82.9 and \$16.3 for fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

Cash and Cash Equivalents

Our cash and cash equivalents were held in cash depository accounts with major financial institutions around the world or invested in high quality, short-term liquid investments having original maturities of three months or less. The cash and cash equivalents balances of \$31.9 and \$86.8 at September 30, 2023 and 2022, respectively, included \$26.6 and \$4.2, respectively, held by controlled foreign corporations. As of September 30, 2023, we maintain our assertion of indefinite reinvestment of the earnings of all material foreign subsidiaries.

Borrowing Agreements

Credit Facilities

Our primary sources of liquidity are cash generated by operations and borrowings under our credit facilities, which are guaranteed by substantially all of Scotts Miracle-Gro's domestic subsidiaries. On July 5, 2018, we entered into a fifth amended and restated credit agreement, which provided us with five-year senior secured loan facilities in the aggregate principal amount of \$2,300.0, comprised of a revolving credit facility of \$1,500.0 and a term loan in the original principal amount of \$800.0.

On April 8, 2022, we entered into the Sixth A&R Credit Agreement, providing the Company and certain of its subsidiaries with five-year senior secured loan facilities in the aggregate principal amount of \$2,500.0, comprised of a revolving credit facility of \$1,500.0 and a term loan in the original principal amount of \$1,000.0 (the "Sixth A&R Credit Facilities"). The Sixth A&R Credit Agreement replaced the fifth amended and restated credit agreement and will terminate on April 8, 2027. The Sixth A&R Credit Facilities are available for the issuance of letters of credit up to \$100.0. The terms of the Sixth A&R Credit Agreement include customary representations and warranties, affirmative and negative covenants, financial covenants, and events of default.

Under the terms of the Sixth A&R Credit Agreement, loans bear interest, at our election, at a rate per annum equal to either (i) the Alternate Base Rate plus the Applicable Spread (each, as defined in the Sixth A&R Credit Agreement) or (ii) the Adjusted Term SOFR Rate for the Interest Period in effect for such borrowing plus the Applicable Spread (all as defined in the Sixth A&R Credit Agreement). Swingline Loans bear interest at the applicable Swingline Rate set forth in the Sixth A&R Credit Agreement. Interest rates for other select non-U.S. dollar borrowings, including borrowings denominated in euro, Pounds Sterling and Canadian dollars, are based on separate interest rate indices, as set forth in the Sixth A&R Credit Agreement.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

On June 8, 2022, we entered into Amendment No. 1 to the Sixth A&R Credit Agreement. Amendment No. 1 increased the maximum permitted leverage ratio for the quarterly leverage covenant until April 1, 2024. Amendment No. 1 also increased the interest rate applicable to borrowings under the revolving credit facility by 35 bps and the term loan facility by 50 bps, and increased the annual facility fee rate on the revolving credit facility by 15 bps, in each case, when the Company's quarterly-tested leverage ratio exceeded 4.75.

On July 31, 2023, we entered into Amendment No. 2 to the Sixth A&R Credit Agreement. Amendment No. 2 (i) reduces the revolving loan commitments by \$250.0; (ii) increases the maximum permitted leverage ratio for the quarterly leverage covenant until the earlier of (a) October 1, 2025 and (b) subject to certain conditions specified in Amendment No. 2, the termination by the Company of such adjustment (such period, the "Leverage Adjustment Period"); (iii) replaces the interest coverage covenant with a fixed charge coverage covenant; (iv) increases the interest rate applicable to borrowings under the revolving credit facility and the term loan facility by 25 bps for each existing pricing tier and adds a pricing tier applicable to periods when the leverage ratio exceeds 6.00; (v) limits the amount of certain incremental investments, loans and advances to \$25.0 during the Leverage Adjustment Period; and (vi) adds our intellectual property (subject to certain exceptions) as collateral to secure our obligations under the Sixth A&R Credit Agreement. Additionally, Amendment No. 2 limits our ability to declare or pay any discretionary dividends, distributions or other restricted payments during the Leverage Adjustment Period to only the payment of (i) regularly scheduled cash dividends to holders of our Common Shares in an aggregate amount not to exceed \$225.0 per fiscal year and (ii) other dividends, distributions or other restricted payments in an aggregate amount not to exceed \$25.0. Amendment No. 2 also subjects our ability to make certain investments to pro forma compliance with certain leverage levels specified in Amendment No. 2. Pursuant to Amendment No. 2, the Sixth A&R Credit Agreement is secured by (i) a perfected first priority security interest in all of the accounts receivable, inventory, equipment and intellectual property (subject to certain exceptions) of Scotts Miracle-Gro and certain of its domestic subsidiaries and (ii) the pledge of all of the capital stock of certain of Scotts Miracle-Gro's domestic subsidiaries and a portion of the capital stock of certain of its foreign subsidiaries.

At September 30, 2023, we had letters of credit outstanding in the aggregate principal amount of \$5.0, and had \$1,156.7 of borrowing availability under the Sixth A&R Credit Agreement. The weighted average interest rates on average borrowings under the credit facilities, excluding the impact of interest rate swaps, were 7.6%, 2.8% and 1.9% for fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

The Sixth A&R Credit Agreement contains, among other obligations, an affirmative covenant regarding our leverage ratio determined as of the end of each of our fiscal quarters calculated as average total indebtedness, divided by our earnings before interest, taxes, depreciation and amortization, as adjusted pursuant to the terms of Amendment No. 2 ("Adjusted EBITDA"). Pursuant to Amendment No. 2, the maximum permitted leverage ratio is (i) 7.75 for the fourth quarter of fiscal 2023, (ii) 8.25 for the first quarter of fiscal 2024, (iii) 7.75 for the second quarter of fiscal 2024, (iv) 6.50 for the third quarter of fiscal 2024, (v) 6.00 for the fourth quarter of fiscal 2024, (vi) 5.50 for the first quarter of fiscal 2025, (vii) 5.25 for the second quarter of fiscal 2025, (viii) 5.00 for the third quarter of fiscal 2025, (ix) 4.75 for the fourth quarter of fiscal 2025 and (x) 4.50 for the first quarter of fiscal 2026 and thereafter. Our leverage ratio was 6.57 at September 30, 2023. Pursuant to Amendment No. 2, the Sixth A&R Credit Agreement also contains an affirmative covenant regarding our fixed charge coverage ratio determined as of the end of each of our fiscal quarters, calculated as Adjusted EBITDA minus capital expenditures and expense for taxes paid in cash, divided by the sum of interest expense plus restricted payments, as described in Amendment No. 2. The minimum required fixed charge coverage ratio is (i) 0.75 for the fourth quarter of fiscal 2023 through the third quarter of fiscal 2024 and (ii) 1.00 for the fourth quarter of fiscal 2024 and thereafter. Our fixed charge coverage ratio was 1.56 for the twelve months ended September 30, 2023.

As of September 30, 2023, we were in compliance with all applicable covenants in the agreements governing our debt. Based on our projections of financial performance for the twelve-month period subsequent to the date of the filing of this Form 10-K, we expect to remain in compliance with the financial covenants under the Sixth A&R Credit Agreement. However, our assessment of our ability to meet our future obligations is inherently subjective, judgment-based, and susceptible to change based on future events. A covenant violation may result in an event of default. Such a default would allow the lenders under the Sixth A&R Credit Agreement to accelerate the maturity of the indebtedness thereunder and would also implicate cross-default provisions under the Senior Notes and cause the Senior Notes to become due and payable at that time. As of September 30, 2023, our indebtedness under the Sixth A&R Credit Agreement and Senior Notes was \$2,613.3. We do not have sufficient cash on hand or available liquidity that can be utilized to repay these outstanding amounts in the event of default.

As part of our contingency planning to address potential future circumstances that could result in noncompliance, we have contemplated alternative plans including additional restructuring activities to reduce operating expenses and certain cash management strategies that are within our control. Additionally, we have contemplated alternative plans that are subject to market conditions and not in our control, including, among others, discussions with our lenders to amend the terms of our financial covenants under the Sixth A&R Credit Agreement and generating cash by completing other financing transactions, which may include issuing equity. There is no assurance that we will be successful in implementing these alternative plans.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Senior Notes

On December 15, 2016, Scotts Miracle-Gro issued \$250.0 aggregate principal amount of 5.250% Senior Notes due 2026. The 5.250% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with our existing and future unsecured senior debt. The 5.250% Senior Notes have interest payment dates of June 15 and December 15 of each year.

On October 22, 2019, Scotts Miracle-Gro issued \$450.0 aggregate principal amount of 4.500% Senior Notes due 2029. The 4.500% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with our existing and future unsecured senior debt. The 4.500% Senior Notes have interest payment dates of April 15 and October 15 of each year.

On March 17, 2021, Scotts Miracle-Gro issued \$500.0 aggregate principal amount of 4.000% Senior Notes due 2031. The 4.000% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with our existing and future unsecured senior debt. The 4.000% Senior Notes have interest payment dates of April 1 and October 1 of each year.

On August 13, 2021, Scotts Miracle-Gro issued \$400.0 aggregate principal amount of 4.375% Senior Notes due 2032. The 4.375% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with our existing and future unsecured senior debt. The 4.375% Senior Notes have interest payment dates of February 1 and August 1 of each year.

Substantially all of Scotts Miracle-Gro's directly and indirectly owned domestic subsidiaries serve as guarantors of the 5.250% Senior Notes, the 4.500% Senior Notes, the 4.000% Senior Notes and the 4.375% Senior Notes.

The Senior Notes contain an affirmative covenant regarding our interest coverage ratio determined as of the end of each of our fiscal quarters, calculated as Adjusted EBITDA divided by interest expense excluding costs related to refinancings. The minimum required interest coverage ratio is 2.00. Our interest coverage ratio was 2.81 for the twelve months ended September 30, 2023.

Receivables Facility

We also maintained a Master Repurchase Agreement (including the annexes thereto, the "Repurchase Agreement") and a Master Framework Agreement, as amended (the "Framework Agreement" and, together with the Repurchase Agreement, the "Receivables Facility") under which we could sell a portfolio of available and eligible outstanding customer accounts receivable to the purchasers subject to agreeing to repurchase the receivables on a weekly basis. The eligible accounts receivable consisted of accounts receivable generated by sales to three specified customers. The eligible amount of customer accounts receivables which could be sold under the Receivables Facility was \$400.0 and the commitment amount during the seasonal commitment period that began on February 24, 2023 and ended on June 16, 2023 was \$160.0. The Receivables Facility expired on August 18, 2023.

The sale of receivables under the Receivables Facility was accounted for as short-term debt and we continued to carry the receivables on our Consolidated Balance Sheets, primarily as a result of our requirement to repurchase receivables sold. As of September 30, 2022, there were \$75.0 in borrowings on receivables pledged as collateral under the Receivables Facility, and the carrying value of the receivables pledged as collateral was \$79.8.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Interest Rate Swap Agreements

We enter into interest rate swap agreements with major financial institutions that effectively convert a portion of our variable rate debt to a fixed rate. Interest payments made between the effective date and expiration date are hedged by the swap agreements. Swap agreements that were hedging interest payments as of September 30, 2023 and 2022 had a maximum total U.S. dollar equivalent notional amount of \$600.0 and \$800.0, respectively. On October 26, 2023, we executed an interest rate swap agreement with a notional amount that adjusts in accordance with a specified seasonal schedule, and a maximum notional amount of \$100.0. This swap agreement has a fixed rate of 4.74%, an effective date of November 20, 2023 and an expiration date of March 22, 2027. The notional amount, effective date, expiration date and rate of each of the swap agreements outstanding at September 30, 2023 are shown in the table below:

Notional Amount (\$)	Effective Date (a)	Expiration Date	Fixed Rate
200 (b)	1/20/2022	6/20/2024	0.49 %
200	6/7/2023	6/8/2026	0.80 %
150	6/7/2023	4/7/2027	3.37 %
50	6/7/2023	4/7/2027	3.34 %

(a) The effective date refers to the date on which interest payments are first hedged by the applicable swap agreement.

(b) Notional amount adjusts in accordance with a specified seasonal schedule. This represents the maximum notional amount at any point in time.

Availability and Use of Cash

We believe that our cash flows from operations and borrowings under our agreements described herein will be sufficient to meet debt service, capital expenditures and working capital needs for the foreseeable future. However, we cannot ensure that our business will generate sufficient cash flow from operations or that future borrowings will be available under our borrowing agreements in amounts sufficient to pay indebtedness or fund other liquidity needs. Actual results of operations will depend on numerous factors, many of which are beyond our control as further discussed in “ITEM 1A. RISK FACTORS — Risks Related to Our M&A, Lending and Financing Activities — *Our indebtedness could limit our flexibility and adversely affect our financial condition*” of this Form 10-K.

Financial Disclosures About Guarantors and Issuers of Guaranteed Securities

The 5.250% Senior Notes, 4.500% Senior Notes, 4.000% Senior Notes and 4.375% Senior Notes were issued by Scotts Miracle-Gro on December 15, 2016, October 22, 2019, March 17, 2021 and August 13, 2021, respectively. The Senior Notes are guaranteed by certain consolidated domestic subsidiaries of Scotts Miracle-Gro (collectively, the “Guarantors”) and, therefore, we report summarized financial information in accordance with SEC Regulation S-X, Rule 13-01, “Guarantors and Issuers of Guaranteed Securities Registered or Being Registered.”

The guarantees are “full and unconditional,” as those terms are used in Regulation S-X, Rule 3-10(b)(3), except that a Guarantor’s guarantee will be released in certain circumstances set forth in the indentures governing the Senior Notes, such as: (i) upon any sale or other disposition of all or substantially all of the assets of the Guarantor (including by way of merger or consolidation) to any person other than Scotts Miracle-Gro or any “restricted subsidiary” under the applicable indenture; (ii) if the Guarantor merges with and into Scotts Miracle-Gro, with Scotts Miracle-Gro surviving such merger; (iii) if the Guarantor is designated an “unrestricted subsidiary” in accordance with the applicable indenture or otherwise ceases to be a “restricted subsidiary” (including by way of liquidation or dissolution) in a transaction permitted by such indenture; (iv) upon legal or covenant defeasance; (v) at the election of Scotts Miracle-Gro following the Guarantor’s release as a guarantor under the Sixth A&R Credit Agreement, except a release by or as a result of the repayment of the Sixth A&R Credit Agreement; or (vi) if the Guarantor ceases to be a “restricted subsidiary” and the Guarantor is not otherwise required to provide a guarantee of the Senior Notes pursuant to the applicable indenture.

Our foreign subsidiaries and certain of our domestic subsidiaries are not guarantors (collectively, the “Non-Guarantors”) of the Senior Notes. Payments on the Senior Notes are only required to be made by Scotts Miracle-Gro and the Guarantors. As a result, no payments are required to be made from the assets of the Non-Guarantors, unless those assets are transferred by dividend or otherwise to Scotts Miracle-Gro or a Guarantor. In the event of a bankruptcy, insolvency, liquidation or reorganization of any of the Non-Guarantors, holders of their indebtedness, including their trade creditors and other obligations, will be entitled to payment of their claims from the assets of the Non-Guarantors before any assets are made available for distribution to Scotts Miracle-Gro or the Guarantors. As a result, the Senior Notes are effectively subordinated to all the liabilities of the Non-Guarantors.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

The guarantees may be subject to review under federal bankruptcy laws or relevant state fraudulent conveyance or fraudulent transfer laws. In certain circumstances, the court could void the guarantee, subordinate the amounts owing under the guarantee, or take other actions detrimental to the holders of the Senior Notes.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or a valid antecedent debt is satisfied. A court would likely find that a Guarantor did not receive reasonably equivalent value or fair consideration for its guarantee to the extent such Guarantor did not obtain a reasonably equivalent benefit from the issuance of the Senior Notes.

The measure of insolvency varies depending upon the law of the jurisdiction that is being applied. Regardless of the measure being applied, a court could determine that a Guarantor was insolvent on the date the guarantee was issued, so that payments to the holders of the Senior Notes would constitute a preference, fraudulent transfer or conveyances on other grounds. If a guarantee is voided as a fraudulent conveyance or is found to be unenforceable for any other reason, the holders of the Senior Notes will not have a claim against the Guarantor.

Each guarantee contains a provision intended to limit the Guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent conveyance. However, there can be no assurance as to what standard a court will apply in making a determination of the maximum liability of each Guarantor. Moreover, this provision may not be effective to protect the guarantees from being voided under fraudulent conveyance laws. There is a possibility that the entire guarantee may be set aside, in which case the entire liability may be extinguished.

The following tables present summarized financial information on a combined basis for Scotts Miracle-Gro and the Guarantors. Transactions between Scotts Miracle-Gro and the Guarantors have been eliminated and the summarized financial information does not reflect investments of the Scotts Miracle-Gro and the Guarantors in the Non-Guarantor subsidiaries.

	September 30, 2023
Current assets	\$ 1,212.0
Non-current assets ^(a)	1,911.2
Current liabilities	683.9
Non-current liabilities	2,833.3

(a) Includes amounts due from Non-Guarantor subsidiaries of \$26.2.

	Year Ended September 30, 2023
Net sales	\$ 3,203.3
Gross margin	642.7
Net loss ^(a)	(333.2)

(a) Includes intercompany expense from Non-Guarantor subsidiaries of \$12.1.

Judicial and Administrative Proceedings

We are party to various pending judicial and administrative proceedings arising in the ordinary course of business, including, among others, proceedings based on accidents or product liability claims and alleged violations of environmental laws. We have reviewed these pending judicial and administrative proceedings, including the probable outcomes, reasonably anticipated costs and expenses, and the availability and limits of our insurance coverage, and have established what we believe to be appropriate accruals. We believe that our assessment of contingencies is reasonable and that the related accruals, in the aggregate, are adequate; however, there can be no assurance that future quarterly or annual operating results will not be materially affected by these proceedings, whether as a result of adverse outcomes or as a result of significant defense costs.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Contractual Obligations

The following table summarizes our future cash outflows for contractual obligations as of September 30, 2023:

Contractual Cash Obligations	Total	Payments Due by Period			
		Less Than 1 Year	1-3 Years	3-5 Years	More Than 5 Years
Debt obligations	\$ 2,613.7	\$ 50.4	\$ 100.0	\$ 1,113.3	\$ 1,350.0
Interest expense on debt obligations	688.0	128.9	262.1	167.4	129.6
Finance lease obligations	20.8	2.6	4.6	3.4	10.2
Operating lease obligations	344.8	88.9	128.9	54.2	72.8
Purchase obligations	799.4	349.8	321.9	76.6	51.1
Other, primarily retirement plan obligations	53.4	6.1	10.8	10.8	25.7
Total contractual cash obligations	\$ 4,520.1	\$ 626.7	\$ 828.3	\$ 1,425.7	\$ 1,639.4

We had long-term debt obligations and interest payments due primarily under the 5.250% Senior Notes, 4.500% Senior Notes, 4.000% Senior Notes and 4.375% Senior Notes and our credit facilities. Amounts in the table represent scheduled future maturities of debt principal for the periods indicated.

The interest payments for our credit facilities are based on outstanding borrowings as of September 30, 2023. Actual interest expense will likely be higher due to the seasonality of our business and associated higher average borrowings.

Purchase obligations primarily represent commitments for materials used in our manufacturing processes, including urea and packaging, as well as commitments for warehouse services, grass seed, marketing services and information technology services which comprise the unconditional purchase obligations disclosed in “NOTE 19. COMMITMENTS” of the Notes to Consolidated Financial Statements included in this Form 10-K.

Other obligations include actuarially determined retiree benefit payments and pension funding to comply with local funding requirements. Pension funding requirements are based on preliminary estimates using actuarial assumptions determined as of September 30, 2023. These amounts represent expected payments through 2033. Based on the accounting rules for defined benefit pension plans and retirement health care plans, the liabilities reflected in our Consolidated Balance Sheets differ from these expected future payments (see Notes to Consolidated Financial Statements included in this Form 10-K). The above table excludes liabilities for unrecognized tax benefits and insurance accruals as we are unable to estimate the timing of payments for these items.

Non-GAAP Measures

Use of Non-GAAP Measures

To supplement the financial measures prepared in accordance with GAAP, we use non-GAAP financial measures. The reconciliations of these non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP are shown in the following tables. These non-GAAP financial measures should not be considered in isolation from, or as a substitute for or superior to, financial measures reported in accordance with GAAP. Moreover, these non-GAAP financial measures have limitations in that they do not reflect all the items associated with the operations of the business as determined in accordance with GAAP. Other companies may calculate similarly titled non-GAAP financial measures differently than us, limiting the usefulness of those measures for comparative purposes.

In addition to GAAP measures, we use these non-GAAP financial measures to evaluate our performance, engage in financial and operational planning, determine incentive compensation and monitor compliance with the financial covenants contained in our borrowing agreements because we believe that these non-GAAP financial measures provide additional perspective on and, in some circumstances are more closely correlated to, the performance of our underlying, ongoing business.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

We believe that these non-GAAP financial measures are useful to investors in their assessment of our operating performance and valuation. In addition, these non-GAAP financial measures address questions routinely received from analysts and investors and, in order to ensure that all investors have access to the same data, we have determined that it is appropriate to make this data available to all investors. Non-GAAP financial measures exclude the impact of certain items (as further described below) and provide supplemental information regarding operating performance. By disclosing these non-GAAP financial measures, we intend to provide investors with a supplemental comparison of operating results and trends for the periods presented. We believe these non-GAAP financial measures are also useful to investors as such measures allow investors to evaluate performance using the same metrics that we use to evaluate past performance and prospects for future performance. We view free cash flow as an important measure because it is one factor used in determining the amount of cash available for dividends and discretionary investment.

Exclusions from Non-GAAP Financial Measures

Non-GAAP financial measures reflect adjustments based on the following items:

- Impairments, which are excluded because they do not occur in or reflect the ordinary course of our ongoing business operations and their exclusion results in a metric that provides supplemental information about the sustainability of operating performance.
- Restructuring and employee severance costs, which include charges for discrete projects or transactions that fundamentally change our operations and are excluded because they are not part of the ongoing operations of our underlying business, which includes normal levels of reinvestment in the business.
- Costs related to refinancing, which are excluded because they do not typically occur in the normal course of business and may obscure analysis of trends and financial performance. Additionally, the amount and frequency of these types of charges is not consistent and is significantly impacted by the timing and size of debt financing transactions.
- Discontinued operations and other unusual items, which include costs or gains related to discrete projects or transactions and are excluded because they are not comparable from one period to the next and are not part of the ongoing operations of our underlying business.

The tax effect for each of the items listed above is determined using the tax rate and other tax attributes applicable to the item and the jurisdiction(s) in which the item is recorded.

Definitions of Non-GAAP Financial Measures

The reconciliations below include the following financial measures that are not calculated in accordance with GAAP:

- **Adjusted income (loss) from operations:** Income (loss) from operations excluding impairment, restructuring and other charges / recoveries.
- **Adjusted net income (loss) attributable to controlling interest from continuing operations:** Net income (loss) attributable to controlling interest excluding impairment, restructuring and other charges / recoveries, costs related to refinancing, certain other non-operating income / expense items and discontinued operations, each net of tax.
- **Adjusted diluted net income (loss) per common share from continuing operations:** Diluted net income (loss) per common share from continuing operations excluding impairment, restructuring and other charges / recoveries, costs related to refinancing and certain other non-operating income / expense items, each net of tax.
- **Adjusted EBITDA:** Net income (loss) before interest, taxes, depreciation and amortization as well as certain other items such as the impact of the cumulative effect of changes in accounting, costs associated with debt refinancing and other non-recurring or non-cash items affecting net income (loss). A form of Adjusted EBITDA is used in agreements governing the Company's outstanding indebtedness for debt covenant compliance purposes. Adjusted EBITDA as used in those agreements includes additional adjustments to the Adjusted EBITDA presented in the reconciliations below which may decrease or increase Adjusted EBITDA for purposes of the Company's financial covenants.
- **Free cash flow:** Net cash provided by (used in) operating activities reduced by investments in property, plant and equipment.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Reconciliations of the non-GAAP financial measures to the most directly comparable GAAP financial measures are presented in the following table:

	Year Ended September 30,		
	2023	2022	2021
Income (loss) from operations (GAAP)	\$ (174.4)	\$ (434.0)	\$ 723.0
Impairment, restructuring and other charges	466.0	852.2	29.0
Adjusted income from operations (Non-GAAP)	<u>\$ 291.7</u>	<u>\$ 418.2</u>	<u>\$ 752.1</u>
Net income (loss) attributable to controlling interest (GAAP)	\$ (380.1)	\$ (437.5)	\$ 512.5
Loss from discontinued operations, net of tax	—	—	3.9
Impairment, restructuring and other charges	466.0	852.2	29.0
Equity in loss of unconsolidated affiliates	94.7	—	—
Other non-operating income, net	—	—	(12.6)
Adjustment to income tax expense (benefit) from continuing operations	(112.5)	(184.7)	(5.1)
Adjusted net income attributable to controlling interest from continuing operations (Non-GAAP)	<u>\$ 68.1</u>	<u>\$ 230.0</u>	<u>\$ 527.7</u>
Diluted net income (loss) per common share from continuing operations (GAAP)	\$ (6.79)	\$ (7.88)	\$ 9.03
Impairment, restructuring and other charges	8.26	15.19	0.51
Equity in loss of unconsolidated affiliates	1.68	—	—
Other non-operating income, net	—	—	(0.22)
Adjustment to income tax expense (benefit) from continuing operations	(1.99)	(3.29)	(0.09)
Adjusted diluted net income per common share from continuing operations (Non-GAAP)	<u>\$ 1.21</u>	<u>\$ 4.10</u>	<u>\$ 9.23</u>
Net cash provided by (used in) operating activities (GAAP)	\$ 531.0	\$ (129.0)	\$ 271.5
Investments in property, plant and equipment	(92.8)	(113.5)	(106.9)
Free cash flow (Non-GAAP)	<u>\$ 438.2</u>	<u>\$ (242.5)</u>	<u>\$ 164.6</u>

The sum of the components may not equal the total due to rounding.

Due to the GAAP net loss for fiscal 2023 and fiscal 2022, diluted average common shares used in the GAAP diluted loss per common share calculation for fiscal 2023 and fiscal 2022 were 56.0 million and 55.5 million, respectively, which excluded potential common shares of 0.4 million and 0.6 million, respectively, because the effect of their inclusion would be anti-dilutive. Diluted average common shares used in the fiscal 2023 non-GAAP adjusted diluted income per common share calculation, and the calculation of the fiscal 2023 earnings per share impact from the GAAP to non-GAAP reconciling items, were 56.4 million, which included dilutive potential common shares of 0.4 million. Diluted average common shares used in the fiscal 2022 non-GAAP adjusted diluted income per common share calculation, and the calculation of the fiscal 2022 earnings per share impact from the GAAP to non-GAAP reconciling items, were 56.1 million, which included dilutive potential common shares of 0.6 million. Diluted average common shares used in the GAAP and non-GAAP diluted income per common share calculation were 57.2 million for fiscal 2021, which included dilutive potential common shares of 1.5 million.

We view our credit facility as material to our ability to fund operations, particularly in light of our seasonality. Refer to “ITEM 1A. RISK FACTORS — Risks Related to Our M&A, Lending and Financing Activities — *Our indebtedness could limit our flexibility and adversely affect our financial condition*” of this Form 10-K for a more complete discussion of the risks associated with our debt and our credit facility and the restrictive covenants therein. Our ability to generate cash flows sufficient to cover our debt service costs is essential to our ability to maintain our borrowing capacity. We believe that Adjusted EBITDA provides additional information for determining our ability to meet debt service requirements. Refer to “ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Liquidity and Capital Resources — Borrowing Agreements” of this Form 10-K for more information regarding our credit facility.

Beginning in fiscal 2022, equity in income / loss of unconsolidated affiliates is excluded from the calculation of non-GAAP Adjusted EBITDA. This exclusion is consistent with the calculation of that measure as required by the Company’s borrowing arrangements. This change was first reflected in the calculation of Adjusted EBITDA for fiscal 2022. The fiscal 2021 amounts have not been reclassified to conform to the revised calculation.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Our calculation of Adjusted EBITDA does not represent and should not be considered as an alternative to net income or cash flows from operating activities as determined by GAAP. We make no representation or assertion that Adjusted EBITDA is indicative of our cash flows from operating activities or results of operations. We have provided a reconciliation of Adjusted EBITDA to net income solely for the purpose of complying with SEC regulations and not as an indication that Adjusted EBITDA is a substitute measure for net income.

A reconciliation of net income to Adjusted EBITDA is as follows:

	Year Ended September 30,		
	2023	2022	2021
Net income (loss) (GAAP)	\$ (380.1)	\$ (437.5)	\$ 513.4
Income tax expense (benefit) from continuing operations	(73.2)	(120.6)	159.8
Income tax benefit from discontinued operations	—	—	(8.4)
Loss on contingent consideration from discontinued operations	—	—	12.2
Interest expense	178.1	118.1	78.9
Depreciation	67.3	68.1	62.9
Amortization	25.2	37.1	30.9
Impairment, restructuring and other charges from continuing operations	466.0	852.2	29.0
Equity in loss of unconsolidated affiliates	101.1	12.9	—
Other non-operating income, net	—	—	(12.6)
Interest income	(6.4)	(6.7)	(4.1)
Share-based compensation expense	68.9	34.3	40.6
Adjusted EBITDA (Non-GAAP)	<u>\$ 446.9</u>	<u>\$ 557.9</u>	<u>\$ 902.6</u>

Regulatory Matters

We are subject to local, state, federal and foreign environmental protection laws and regulations with respect to our business operations and believe we are operating in substantial compliance, or taking actions aimed at ensuring compliance with, such laws and regulations. We are involved in several legal actions with various governmental agencies related to environmental matters. While it is difficult to quantify the potential financial impact of actions involving these environmental matters, particularly remediation costs at waste disposal sites and future capital expenditures for environmental control equipment, in the opinion of management, the ultimate liability arising from such environmental matters, taking into account established accruals, is not expected to have a material effect on our financial condition, results of operations or cash flows. However, there can be no assurance that the resolution of these matters will not materially affect our future quarterly or annual results of operations, financial condition or cash flows. Additional information on environmental matters affecting us is provided in “ITEM 1. BUSINESS — Regulatory Considerations” and “ITEM 3. LEGAL PROCEEDINGS” of this Form 10-K.

Critical Accounting Policies and Estimates

The preparation of financial statements requires management to use judgment and make estimates that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosures of contingent assets and liabilities. We evaluate our estimates on an ongoing basis. By their nature, these judgments are subject to uncertainty. We base our estimates on historical experience and on various other sources that we believe to be reasonable under the circumstances. Certain accounting policies are particularly significant, including those related to revenue recognition, income taxes and goodwill and intangible assets. Our critical accounting policies are reviewed periodically with the Audit Committee of the Board of Directors of Scotts Miracle-Gro.

Revenue Recognition and Promotional Allowances

Our revenue is primarily generated from sales of branded and private label lawn and garden care and indoor and hydroponic gardening finished products. Product sales are recognized at a point in time when control of products transfers to customers and we have no further obligation to provide services related to such products. Sales are typically recognized when products are delivered to or picked up by the customer. We are generally the principal in a transaction and, therefore, primarily record revenue on a gross basis. Revenue for product sales is recorded net of sales returns and allowances. Revenues are measured based on the amount of consideration that we expect to receive as derived from a list price, reduced by estimates for

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

variable consideration. Variable consideration includes the cost of current and continuing promotional programs and expected sales returns.

Our promotional programs primarily include rebates based on sales volumes, in-store promotional allowances, cooperative advertising programs, direct consumer rebate programs and special purchasing incentives. The cost of promotional programs is estimated considering all reasonably available information, including current expectations and historical experience. Promotional costs (including allowances and rebates) incurred during the year are expensed to interim periods in relation to revenues and are recorded as a reduction of net sales. Provisions for estimated returns and allowances are recorded at the time revenue is recognized based on historical rates and are periodically adjusted for known changes in return levels. Shipping and handling costs are accounted for as contract fulfillment costs and included in the “Cost of sales” line in the Consolidated Statements of Operations. We exclude from revenue any amounts collected from customers for sales or other taxes.

Income Taxes

Our annual effective tax rate is established based on our pre-tax income (loss), statutory tax rates and the tax impacts of items treated differently for tax purposes than for financial reporting purposes. We record income tax liabilities utilizing known obligations and estimates of potential obligations. A deferred tax asset or liability is recognized whenever there are future tax effects from existing temporary differences and operating loss and tax credit carryforwards. Valuation allowances are used to reduce deferred tax assets to the balances that are more likely than not to be realized. In determining whether a valuation allowance is warranted, we take into account many factors, including the specific tax jurisdiction, both historical and projected future earnings, carryback and carryforward periods and tax planning strategies. Many of the judgments made in adjusting valuation allowances involve assumptions and estimates that are highly subjective. When we determine that deferred tax assets could be realized in greater or lesser amounts than recorded, the asset balance and Consolidated Statements of Operations reflect the change in the period such determination is made. Due to changes in facts and circumstances and the estimates and judgments involved in determining the proper valuation allowances, differences between actual future events and prior estimates and judgments could result in adjustments to these valuation allowances. During fiscal 2023, we recognized a non-cash, pre-tax other-than-temporary impairment charge related to our convertible debt investments of \$101.3 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations. Deferred tax assets related to unrealized losses on convertible debt investments were \$33.4 and \$25.3 at September 30, 2023 and 2022, respectively. A full valuation allowance has been established against these losses at September 30, 2023 as we do not expect to utilize them prior to their expiration.

We also establish a liability for tax return positions in which there is uncertainty as to whether or not the position will ultimately be sustained. These uncertain tax positions are adjusted as a result of changes in factors such as tax legislation, interpretations of laws by courts, rulings by tax authorities, new audit developments, changes in estimates and the expiration of the statute of limitations. Amounts for uncertain tax positions are adjusted in quarters when new information becomes available or when positions are effectively settled. Many of the judgments made in adjusting uncertain tax positions involve assumptions and estimates regarding audit outcomes and the timing of audit settlements, which are often uncertain and subject to change.

Goodwill and Indefinite-Lived Intangible Assets

We have significant investments in intangible assets and goodwill. We perform our annual goodwill and indefinite-lived intangible asset testing as of the first day of our fiscal fourth quarter or more frequently if circumstances indicate potential impairment. In our evaluation of impairment for goodwill and indefinite-lived intangible assets, we perform either an initial qualitative or quantitative evaluation for each of our reporting units and indefinite-lived intangible assets. Factors considered in the qualitative test include operating results as well as new events and circumstances impacting the operations or cash flows of the reporting unit or indefinite-lived intangible assets. For the quantitative test, the review for impairment of goodwill and indefinite-lived intangible assets is based on a combination of income-based approaches, including the relief-from-royalty method for indefinite-lived trade names, and market-based approaches. If it is determined that an impairment has occurred, an impairment loss is recognized for the amount by which the carrying value of the reporting unit or intangible asset exceeds its estimated fair value.

Under the income-based approach, we determine fair value using a discounted cash flow approach that requires significant judgment with respect to revenue and profitability growth rates, based upon annual budgets and longer-range strategic plans, and the selection of an appropriate discount rate. These budgets and plans are used for internal purposes and are also the basis for communication with outside parties about future business trends. Under the market-based approach, we determine fair value by comparing our reporting units to similar businesses or guideline companies whose securities are actively traded in public markets. We also use the guideline transaction method to determine fair value based on pricing multiples derived from the sale of companies that are similar to our reporting units.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

Fair value estimates employed in our annual impairment review of indefinite-lived intangible assets and goodwill were determined using models involving several assumptions. Changes in our assumptions could materially impact our fair value estimates. Assumptions critical to our fair value estimates were: (i) discount rates; (ii) royalty rates used in our intangible asset valuations; (iii) projected future revenues and profitability; and (iv) projected long-term growth rates used in the derivation of terminal year values. These and other assumptions are impacted by economic conditions and expectations of management and may change in the future based on period specific facts and circumstances. While we believe the assumptions we used to estimate future cash flows are reasonable, there can be no assurance that the expected future cash flows will be realized. As a result, impairment charges that possibly would have been recognized in earlier periods may not be recognized until later periods if actual results deviate unfavorably from earlier estimates. The use of different assumptions would increase or decrease discounted cash flows or earnings projections and, therefore, could change impairment determinations.

We performed annual goodwill impairment testing as of the first day of our fourth quarter of fiscal 2023. This test resulted in a non-cash, pre-tax goodwill impairment charge of \$10.3 related to our Other segment, which was recorded during the fourth quarter of fiscal 2023 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations. The impairment was driven by revisions to our internal forecasts in response to decreased sales volume and inflationary cost pressures. The carrying value of goodwill of our Other segment reporting unit, after recognizing the impairment, is zero. The estimated fair value of our Other segment reporting unit was based upon an equal weighting of the income-based and market-based approaches, utilizing estimated cash flows and a terminal value, discounted at a rate of return that reflects the relative risk of the cash flows, as well as valuation multiples derived from comparable publicly traded companies that are applied to operating performance of the reporting unit. The fair value estimate utilizes significant unobservable inputs and thus represents a Level 3 fair value measurement. While we consider our assumptions to be reasonable and appropriate, they are complex and subjective. Refer to “NOTE 5. GOODWILL AND INTANGIBLE ASSETS, NET” for more information.

During fiscal 2022, our Hawthorne reporting unit experienced adverse financial results due to decreased sales volume and higher transportation and warehousing costs. Sales volume decreased due to an oversupply of cannabis, which significantly decreased cannabis wholesale prices and indoor and outdoor cannabis cultivation. As a result, we revised our internal forecasts relating to our Hawthorne reporting unit. We concluded that the changes in circumstances in this reporting unit and the decline in the Company’s market capitalization triggered the need for an interim impairment review of its goodwill during the third quarter of fiscal 2022. We elected to bypass the qualitative assessment and perform quantitative interim goodwill impairment testing for our Hawthorne reporting unit. We updated our assumptions from prior periods to include the longer duration and increased significance of lower sales volumes and cost increases. This quantitative test resulted in a non-cash, pre-tax goodwill impairment charge of \$522.4 related to our Hawthorne reporting unit, which was recorded during the third quarter of fiscal 2022 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations. The carrying value of goodwill of our Hawthorne reporting unit, after recognizing the impairment, is zero. The estimated fair value of our Hawthorne reporting unit was based upon an equal weighting of the income-based and market-based approaches, utilizing estimated cash flows and a terminal value, discounted at a rate of return that reflects the relative risk of the cash flows, as well as valuation multiples derived from comparable publicly traded companies that are applied to operating performance of the reporting unit. The fair value estimate utilizes significant unobservable inputs and, therefore, represents a Level 3 fair value measurement. While we consider our assumptions to be reasonable and appropriate, they are complex and subjective. Refer to “NOTE 5. GOODWILL AND INTANGIBLE ASSETS, NET” for more information.

At September 30, 2023, goodwill totaled \$243.9, all of which was associated with our U.S. Consumer segment. Based on the results of the annual quantitative evaluation for fiscal 2023, the fair value of our U.S. Consumer segment reporting unit exceeded its carrying value by 182%. A 100 basis point change in the discount rate would not have resulted in an impairment for this reporting unit.

At September 30, 2023, indefinite-lived intangible assets consisted of trade names of \$168.2 and the Roundup® marketing agreement amendment of \$155.7, all of which were associated with our U.S. Consumer segment. Based on the results of the annual quantitative evaluation for fiscal 2023, the fair values of our indefinite-lived intangible assets exceeded their respective carrying values in a range of 14% to over 1,200%. A 100 basis point change in the discount rate would not have resulted in an impairment of any of our indefinite-lived intangible assets.

Other Significant Accounting Policies

Other significant accounting policies, primarily those with lower levels of uncertainty than those discussed above, are also critical to understanding the consolidated financial statements. The Notes to Consolidated Financial Statements included in this Form 10-K contain additional information related to our accounting policies, including recent accounting pronouncements, and should be read in conjunction with this discussion.

THE SCOTTS MIRACLE-GRO COMPANY

(Dollars in millions, except per share data)

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As part of our ongoing business, we are exposed to certain market risks, including fluctuations in interest rates, foreign currency exchange rates and commodity prices. Financial derivatives and other instruments are used to manage these risks. These instruments are not used for speculative purposes.

Interest Rate Risk

The following table summarizes information about our debt instruments and derivative financial instruments that are sensitive to changes in interest rates as of September 30, 2023 and 2022. For debt instruments, the table presents principal cash flows and related weighted-average interest rates by expected maturity dates. For interest rate swap agreements, the table presents expected cash flows based on notional amounts and weighted-average interest rates by contractual maturity dates. We have outstanding interest rate swap agreements with major financial institutions that effectively convert a portion of the Company's variable-rate debt to a fixed rate. The swap agreements had a maximum total U.S. dollar equivalent notional amount of \$600.0 and \$800.0 at September 30, 2023 and 2022, respectively. Weighted-average variable rates are based on rates in effect at September 30, 2023 and 2022. Assuming average unhedged variable interest rate borrowing levels during fiscal 2023 of \$1,200.0, a change in our variable interest rate of 100 basis points for a full twelve-month period would have an impact of \$12.0 on interest expense.

	Expected Maturity Date						Total	Fair Value
	2024	2025	2026	2027	2028	After		
2023								
Long-term debt:								
Fixed rate debt	\$ —	\$ —	\$ —	\$ 250.0	\$ —	\$ 1,350.0	\$ 1,600.0	\$ 1,283.9
Average rate	—	—	—	5.3 %	—	4.3 %	4.4 %	—
Variable rate debt	\$ 50.0	\$ 50.0	\$ 50.0	\$ 863.3	\$ —	\$ —	\$ 1,013.3	\$ 1,013.3
Average rate	8.2 %	8.2 %	8.2 %	8.1 %	—	—	8.1 %	—
Interest rate derivatives:								
Interest rate swaps	\$ 13.1	\$ 9.3	\$ 7.5	\$ 1.5	\$ —	\$ —	\$ 31.4	\$ 31.4
Average rate	1.6 %	2.1 %	2.3 %	3.4 %	—	—	2.1 %	—
2022								
Long-term debt:								
Fixed rate debt	\$ —	\$ —	\$ —	\$ —	\$ 250.0	\$ 1,350.0	\$ 1,600.0	\$ 1,190.3
Average rate	—	—	—	—	5.3 %	4.3 %	4.4 %	—
Variable rate debt	\$ 125.0	\$ 50.0	\$ 50.0	\$ 50.0	\$ 1,075.5	\$ —	\$ 1,350.5	\$ 1,350.5
Average rate	4.6 %	5.4 %	5.4 %	5.4 %	5.3 %	—	5.2 %	—
Interest rate derivatives:								
Interest rate swaps	\$ 12.5	\$ 8.4	\$ 5.8	\$ 4.3	\$ —	\$ —	\$ 31.0	\$ 31.0
Average rate	1.2 %	0.8 %	0.9 %	0.9 %	—	—	1.0 %	—

Excluded from the information provided above are miscellaneous debt instruments of \$0.4 and \$12.7 and finance lease obligations of \$16.9 and \$28.9 at September 30, 2023 and 2022, respectively.

Other Market Risks

We are subject to market risk from fluctuations in foreign currency exchange rates and fluctuating prices of certain raw materials, including urea and other fertilizer inputs, resins, diesel, gasoline, natural gas, sphagnum peat, bark and grass seed. Refer to "NOTE 16. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES" of the Notes to Consolidated Financial Statements included in this Form 10-K for discussion of these market risks and the derivatives used to manage these risks.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The financial statements and other information required by this Item are contained in the Consolidated Financial Statements, Notes to Consolidated Financial Statements and Schedules Supporting the Consolidated Financial Statements listed in the “Index to Consolidated Financial Statements and Financial Statement Schedules” on page 56 of this Form 10-K.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

With the participation of the principal executive officer and the principal financial officer of The Scotts Miracle-Gro Company (the “Registrant”), the Registrant’s management has evaluated the effectiveness of the Registrant’s disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934), as of the end of the fiscal year covered by this Form 10-K. Based upon that evaluation, the Registrant’s principal executive officer and principal financial officer have concluded that the Registrant’s disclosure controls and procedures were effective as of the end of the fiscal year covered by this Form 10-K.

Management’s Annual Report on Internal Control Over Financial Reporting

The “Annual Report of Management on Internal Control Over Financial Reporting” required by Item 308(a) of SEC Regulation S-K is included on page 57 of this Form 10-K.

Attestation Report of Independent Registered Public Accounting Firm

The “Report of Independent Registered Public Accounting Firm” required by Item 308(b) of SEC Regulation S-K is included on page 58 of this Form 10-K.

Changes in Internal Control Over Financial Reporting

No changes in the Registrant’s internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) occurred during the Registrant’s fiscal quarter ended September 30, 2023, that have materially affected, or are reasonably likely to materially affect, the Registrant’s internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

Insider Trading Arrangements

On August 16, 2023, Denise Stump, the Company’s former Executive Vice President, Global Human Resources and Chief Ethics Officer, adopted a Rule 10b5-1 plan providing for the sale of up to 19,974 Common Shares. Pursuant to this plan, Ms. Stump may sell Common Shares beginning December 1, 2023 and ending March 28, 2024 if certain price targets are met. The trading arrangement is intended to satisfy the affirmative defense of Rule 10b5-1(c).

On September 5, 2023, the Hagedorn Partnership, L.P., on behalf of Katherine Littlefield, a member of our board of directors, adopted a Rule 10b5-1 plan providing for the sale of up to 36,667 Common Shares. Pursuant to this plan, the Hagedorn Partnership, L.P. may sell Common Shares beginning December 4, 2023 and ending December 4, 2024 if certain price targets are met. The trading arrangement is intended to satisfy the affirmative defense of Rule 10b5-1(c).

ITEM 9C. DISCLOSURE REGARDING FOREIGN JURISDICTIONS THAT PREVENT INSPECTIONS

Not Applicable.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

Directors, Executive Officers and Persons Nominated or Chosen to Become Directors or Executive Officers

The information required by Item 401 of SEC Regulation S-K concerning the directors of Scotts Miracle-Gro and the nominees for election or re-election as directors of Scotts Miracle-Gro at its Annual Meeting of Shareholders to be held on January 22, 2024 (the “2024 Annual Meeting”) is incorporated herein by reference from the disclosure which will be included under the caption “PROPOSAL NUMBER 1 — ELECTION OF DIRECTORS” in Scotts Miracle-Gro’s definitive Proxy Statement relating to the 2024 Annual Meeting (the “Proxy Statement”), which will be filed pursuant to SEC Regulation 14A not later than 120 days after the end of Scotts Miracle-Gro’s fiscal year ended September 30, 2023.

The information required by Item 401 of SEC Regulation S-K concerning the executive officers of Scotts Miracle-Gro is incorporated herein by reference from the disclosure included under the caption “SUPPLEMENTAL ITEM. EXECUTIVE OFFICERS OF THE REGISTRANT” in Part I of this Form 10-K.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

The information required by Item 405 of SEC Regulation S-K is incorporated herein by reference from the disclosure which will be included under the caption “DELINQUENT 16(a) REPORTS” in its Proxy Statement.

Procedures for Recommending Director Nominees

Information concerning the procedures by which shareholders of Scotts Miracle-Gro may recommend nominees to Scotts Miracle-Gro’s Board of Directors is incorporated herein by reference from the disclosures which will be included under the captions “CORPORATE GOVERNANCE — Nominations of Directors” and “MEETINGS AND COMMITTEES OF THE BOARD — Committees of the Board — Nominating and Governance Committee” in the Proxy Statement. These procedures have not materially changed from those described in Scotts Miracle-Gro’s definitive Proxy Statement for the 2023 Annual Meeting of Shareholders held on January 23, 2023.

Audit Committee

The information required by Items 407(d)(4) and 407(d)(5) of SEC Regulation S-K is incorporated herein by reference from the disclosure which will be included under the caption “MEETINGS AND COMMITTEES OF THE BOARD — Committees of the Board” in the Proxy Statement.

Committee Charters; Code of Business Conduct & Ethics; Corporate Governance Guidelines

The Board of Directors of Scotts Miracle-Gro has adopted charters for each of the Audit Committee, the Nominating and Governance Committee, the Compensation and Organization Committee, the Innovation and Technology Committee and the Finance Committee, as well as Corporate Governance Guidelines, as contemplated by the applicable sections of the New York Stock Exchange Listed Company Manual.

In accordance with the requirements of Section 303A.10 of the New York Stock Exchange Listed Company Manual and Item 406 of SEC Regulation S-K, the Board of Directors of Scotts Miracle-Gro has adopted a Code of Business Conduct & Ethics covering the members of Scotts Miracle-Gro’s Board of Directors and associates (employees) of Scotts Miracle-Gro and its subsidiaries, including, without limitation, Scotts Miracle-Gro’s principal executive officer, principal financial officer and principal accounting officer. Scotts Miracle-Gro intends to disclose the following events, if they occur, on its Internet website located at <http://investor.scotts.com> within four business days following their occurrence: (A) the date and nature of any amendment to a provision of Scotts Miracle-Gro’s Code of Business Conduct & Ethics that (i) applies to Scotts Miracle-Gro’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, (ii) relates to any element of the code of ethics definition enumerated in Item 406(b) of SEC Regulation S-K, and (iii) is not a technical, administrative or other non-substantive amendment; and (B) a description of any waiver (including the nature of the waiver, the name of the person to whom the waiver was granted and the date of the waiver), including an implicit waiver, from a provision of the Code of Business Conduct & Ethics granted to Scotts Miracle-Gro’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, that relates to one or more of the elements of the code of ethics definition enumerated in Item 406(b) of SEC Regulation S-K. In addition, Scotts Miracle-Gro will disclose any waivers from the provisions of the Code of Business Conduct & Ethics granted to an executive officer or a director of Scotts Miracle-Gro on Scotts Miracle-Gro’s Internet website located at <http://investor.scotts.com> within four business days of the determination to grant any such waiver.

The text of Scotts Miracle-Gro's Code of Business Conduct & Ethics, Scotts Miracle-Gro's Corporate Governance Guidelines, the Audit Committee charter, the Nominating and Governance Committee charter, the Compensation and Organization Committee charter, the Innovation and Technology Committee charter and the Finance Committee charter are posted under the "Corporate Governance" link on Scotts Miracle-Gro's Internet website located at <http://investor.scotts.com>. Interested persons and shareholders of Scotts Miracle-Gro may also obtain copies of each of these documents without charge by writing to The Scotts Miracle-Gro Company, Attention: Corporate Secretary, 14111 Scottslawn Road, Marysville, Ohio 43041.

ITEM 11. EXECUTIVE COMPENSATION

The information required by Item 402 of SEC Regulation S-K is incorporated herein by reference from the disclosures which will be included under the captions "EXECUTIVE COMPENSATION," "NON-EMPLOYEE DIRECTOR COMPENSATION," "EXECUTIVE COMPENSATION TABLES," "SEVERANCE AND CHANGE IN CONTROL (CIC) ARRANGEMENTS," and "PAYMENTS ON TERMINATION OF EMPLOYMENT AND/OR CHANGE IN CONTROL" in the Proxy Statement.

The information required by Item 407(e)(4) of SEC Regulation S-K is incorporated herein by reference from the disclosure which will be included under the caption "MEETINGS AND COMMITTEES OF THE BOARD — Compensation and Organization Committee Interlocks and Insider Participation" in the Proxy Statement.

The information required by Item 407(e)(5) of SEC Regulation S-K is incorporated herein by reference from the disclosure which will be included under the caption "COMPENSATION COMMITTEE REPORT" in the Proxy Statement.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

Ownership of Common Shares of Scotts Miracle-Gro

The information required by Item 403 of SEC Regulation S-K is incorporated herein by reference from the disclosure which will be included under the caption "SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT" in the Proxy Statement.

Equity Compensation Plan Information

The information required by Item 201(d) of SEC Regulation S-K is incorporated herein by reference from the disclosure which will be included under the caption "EQUITY COMPENSATION PLAN INFORMATION" in the Proxy Statement.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Certain Relationships and Related Person Transactions

The information required by Item 404 of SEC Regulation S-K is incorporated herein by reference from the disclosures which will be included under the caption "CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS" in the Proxy Statement.

Director Independence

The information required by Item 407(a) of SEC Regulation S-K is incorporated herein by reference from the disclosures which will be included under the captions "CORPORATE GOVERNANCE — Director Independence" and "MEETINGS AND COMMITTEES OF THE BOARD" in the Proxy Statement.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

The information required by this Item 14 is incorporated herein by reference from the disclosures which will be included under the captions "AUDIT COMMITTEE MATTERS — Fees of the Independent Registered Public Accounting Firm" and "AUDIT COMMITTEE MATTERS — Pre-Approval of Services Performed by the Independent Registered Public Accounting Firm" in the Proxy Statement.

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

(a) LIST OF DOCUMENTS FILED AS PART OF THIS REPORT

1 and 2. Financial Statements and Financial Statement Schedules:

The response to this portion of Item 15 is submitted as a separate section of this Form 10-K. Reference is made to the “Index to Consolidated Financial Statements and Financial Statement Schedules” on page 56 of this Form 10-K.

(b) EXHIBITS

The exhibits listed on the “Index to Exhibits” beginning on page 110 of this Form 10-K are filed or furnished with this Form 10-K or incorporated herein by reference as noted in the “Index to Exhibits.”

(c) FINANCIAL STATEMENT SCHEDULES

The financial statement schedule filed with this Form 10-K is submitted in a separate section hereof. For a description of such financial statement schedules, see “Index to Consolidated Financial Statements and Financial Statement Schedules” on page 56 of this Form 10-K.

ITEM 16. FORM 10-K SUMMARY

None.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the Registrant has duly caused this Report to be signed on its behalf by the undersigned, thereunto duly authorized.

ANNUAL REPORT OF MANAGEMENT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management is responsible for establishing and maintaining adequate internal control over financial reporting to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. Internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of The Scotts Miracle-Gro Company and our consolidated subsidiaries; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures of The Scotts Miracle-Gro Company and our consolidated subsidiaries are being made only in accordance with authorizations of management and directors of The Scotts Miracle-Gro Company and our consolidated subsidiaries, as appropriate; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the assets of The Scotts Miracle-Gro Company and our consolidated subsidiaries that could have a material effect on our consolidated financial statements.

Management, with the participation of our principal executive officer and principal financial officer, assessed the effectiveness of our internal control over financial reporting as of September 30, 2023, the end of our fiscal year. Management based its assessment on criteria established in *Internal Control — Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Management's assessment included evaluation of such elements as the design and operating effectiveness of key financial reporting controls, process documentation, accounting policies and our overall control environment. This assessment is supported by testing and monitoring performed under the direction of management.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluations of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Accordingly, even an effective system of internal control over financial reporting will provide only reasonable assurance with respect to financial statement preparation.

Based on our assessment, management has concluded that our internal control over financial reporting was effective as of September 30, 2023, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external reporting purposes in accordance with accounting principles generally accepted in the United States of America. We reviewed the results of management's assessment with the Audit Committee of the Board of Directors of The Scotts Miracle-Gro Company.

Our independent registered public accounting firm, Deloitte & Touche LLP, independently audited our internal control over financial reporting as of September 30, 2023 and has issued their attestation report which appears herein.

/s/ JAMES HAGEDORN

James Hagedorn

Chief Executive Officer, President and Chairman of the Board

Dated: November 22, 2023

/s/ MATTHEW E. GARTH

Matthew E. Garth

Executive Vice President, Chief Financial Officer and Chief Administrative Officer

Dated: November 22, 2023

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the shareholders and the Board of Directors of
The Scotts Miracle-Gro Company

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of The Scotts Miracle-Gro Company and subsidiaries (the “Company”) as of September 30, 2023 and 2022, the related consolidated statements of operations, comprehensive income (loss), shareholders’ equity (deficit), and cash flows, for each of the three years in the period ended September 30, 2023, and the related notes and the schedules listed in the Index at Item 15 (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of September 30, 2023 and 2022, and the results of its operations and its cash flows for each of the three years in the period ended September 30, 2023, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company’s internal control over financial reporting as of September 30, 2023, based on criteria established in *Internal Control—Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated November 22, 2023, expressed an unqualified opinion on the Company’s internal control over financial reporting.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current-period audit of the financial statements that were communicated or required to be communicated to the audit committee and that (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing a separate opinion on the critical audit matters or on the accounts or disclosures to which they relate.

Intangible Asset Impairment — Hawthorne Asset Group — Refer to Notes 1, 4, and 5 to the financial statements.

Critical Audit Matter Description

The Company’s consolidated tradename finite-lived intangible assets were \$61.7 million and the customer relationships finite-lived intangible assets were \$35.4 million as of September 30, 2023. Finite-lived intangible assets are tested for impairment if events or circumstances indicate that the assets might be impaired. The Company’s impairment evaluation of its Hawthorne asset group’s tradename finite-lived intangible assets, and customer relationships finite-lived intangible assets involves the comparison of the fair value of the intangible asset to its carrying value. For the Hawthorne tradename and customer relationships intangible assets the Company determines fair value using an income approach. The Company used a relief from royalty method for the Hawthorne tradename intangible assets’ fair values and a multi-period excess earnings method to estimate the fair values for the Hawthorne customer relationships intangible assets.

During the year, management recorded a \$117.7 million impairment charge related to the Hawthorne tradename and customer relationships intangible assets.

Given the significant estimates and assumptions management makes to estimate the fair value of the Hawthorne asset group's finite-lived tradenames and customer relationships and the sensitivity of Hawthorne's operations to changes in the U.S. retail hydroponic market, performing audit procedures to evaluate the reasonableness of management's estimates and assumptions with respect to the revenue growth rates, royalty rates, and the selection of appropriate discount rates for Hawthorne, required a high degree of auditor judgment and an increased extent of effort, including the need to involve our fair value specialists.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures with respect to revenue growth rates, royalty rates, and the selection of appropriate discount rates for Hawthorne included the following, among others:

- We tested the effectiveness of controls over management's intangible asset impairment evaluations, including those over the determination of the fair value of the Hawthorne finite-lived intangible assets, such as controls related to the revenue growth rates, royalty rates, and the selection of appropriate discount rates.
- We evaluated management's ability to accurately forecast the revenue growth rates by comparing actual results to management's historical forecasts. Due to the uncertain growth in the U.S. retail hydroponic market, we evaluated the reasonableness of management's forecasts of the revenue growth rates by comparing the forecasts to (1) the historical results of Hawthorne, (2) internal communications to management and the board of directors, (3) external communications made by management to analysts and investors, and (4) industry reports containing analyses of the Company's markets.
- We considered the impact of changes in the regulatory environment and market conditions on management's forecasts of the revenue growth rates.
- With the assistance of our fair value specialists, we evaluated the reasonableness of the royalty rates, including testing the source information underlying the determination of the royalty rates, testing the mathematical accuracy of the calculations, and developing a range of independent estimates and comparing those to the royalty rates selected by management.
- With the assistance of our fair value specialists, we evaluated the reasonableness of the discount rates, including testing the source information underlying the determination of the discount rates, testing the mathematical accuracy of the calculations, and developing a range of independent estimates and comparing those to the discount rates selected by management.

Investment in Unconsolidated Affiliates — Refer to Notes 1 and 9 to the financial statements.

Critical Audit Matter Description

The Company's investment interest in Bonnie Plants, LLC is recorded in the "Investment in unconsolidated affiliates" line in the Consolidated Balance Sheets. During 2023, the Company recorded a non-cash, pre-tax impairment charge of \$94.7 million associated with its investment in the "Equity in (income) loss of unconsolidated affiliates" line in the Consolidated Statements of Operations. The impairment was driven by revisions to the Company's internal forecasts in response to decreased sales volume and inflationary cost pressures. The estimated fair value of the investment was based upon an equal weighting of the income-based and market-based approaches, utilizing estimated cash flows and a terminal value, discounted at a rate of return that reflects the relative risk of the cash flows, as well as valuation multiples derived from comparable publicly traded companies that are applied to operating performance of the investment. The fair value estimate utilizes significant unobservable inputs and thus represents a Level 3 fair value measurement.

Evaluating the indicators of potential other-than-temporary impairment and calculating such impairment involves significant and complex management judgment. Therefore, a high degree of auditor judgment and an increased extent of effort was required when performing audit procedures to evaluate the appropriateness of management's assumptions and the conclusions reached around whether these impairment indicators result in an other-than-temporary impairment.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to management's assessment of identified impairment indicators and the conclusions reached around whether these impairment indicators result in an other-than-temporary impairment included the following, among others:

- We tested the effectiveness of controls over management's other-than-temporary impairment evaluations of the Bonnie Plants, LLC equity investment, including those over the determination of various critical assumptions used to determine the fair value of the investment, such as the controls related to the development of revenue and long-term growth rates and the selection of an appropriate discount rate.
- We evaluated management's impairment analysis by assessing whether certain indicators were present and whether those indicators implied an other-than-temporary loss of value. These procedures included but were not limited to:
 - We evaluated the reasonableness of the estimated future cash flows by comparing such estimated cash flows to historical results and other current and forecasted market specific data.
 - With the assistance of our fair value specialists, we evaluated the discount rate and revenue valuation multiples selected by testing the source information for each of the relevant assumptions. This included evaluating the reasonableness of the long-term growth rate, including testing the source information underlying the determination of the long-term growth rate, testing the mathematical accuracy of the calculation, and developing a range of independent estimates and comparing those to the long-term growth rate selected by management.
 - We tested the mathematical accuracy of the discounted cash flows analysis and the resulting estimated fair value of the equity investment.
 - We performed inquiries with relevant members of management to obtain an understanding of their current and expected performance for the investment, including, their understanding of any operational and strategic changes.
 - We evaluated the length of time the investment has incurred losses.
 - We evaluated the investment's performance relative to its peers and to the economy by performing a comparison to peer company results and macro-economic trends.
 - We tested the mathematical accuracy of the impairment as the excess of the investment's carrying value over its estimated fair value.

We have served as the Company's auditor since 2005.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the shareholders and the Board of Directors of The Scotts Miracle-Gro Company

Opinion on Internal Control over Financial Reporting

We have audited the internal control over financial reporting of The Scotts Miracle-Gro Company and subsidiaries (the “Company”) as of September 30, 2023, based on criteria established in *Internal Control — Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of September 30, 2023, based on criteria established in *Internal Control — Integrated Framework (2013)* issued by COSO.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated financial statements as of and for the year ended September 30, 2023, of the Company and our report dated November 22, 2023, expressed an unqualified opinion on those financial statements.

Basis for Opinion

The Company’s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Annual Report of Management on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company’s internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control over Financial Reporting

A company’s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Dollars in millions, except per share data)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Scotts Miracle-Gro Company (“Scotts Miracle-Gro”) and its subsidiaries (collectively, with Scotts Miracle-Gro, the “Company”) are engaged in the manufacturing, marketing and sale of products for lawn and garden care and indoor and hydroponic gardening. The Company’s products are sold in North America, Europe and Asia.

The Company’s North America consumer lawn and garden business is highly seasonal, with approximately 75% of its annual net sales occurring in the second and third fiscal quarters. The Company’s Hawthorne segment is also impacted by seasonal sales patterns for certain product categories due to the timing of outdoor growing in North America during the second and third fiscal quarters, and the timing of certain controlled agricultural lighting project sales during the third and fourth fiscal quarters.

Organization and Basis of Presentation

The Company’s consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The consolidated financial statements include the accounts of Scotts Miracle-Gro and its subsidiaries. All intercompany transactions and accounts have been eliminated in consolidation. The Company’s consolidation criteria are based on majority ownership (as evidenced by a majority voting interest in the entity) and an objective evaluation and determination of effective management control. On February 26, 2021, the Company acquired the remaining outstanding shares of AeroGrow International, Inc. (“AeroGrow”). Prior to this date, the equity owned by other shareholders was shown as noncontrolling interest in the Consolidated Balance Sheets, and the other shareholders’ portion of net earnings and other comprehensive income was shown as net (income) loss or comprehensive (income) loss attributable to noncontrolling interest in the Consolidated Statements of Operations and Consolidated Statements of Comprehensive Income (Loss), respectively. The results of businesses acquired or disposed of are included in the consolidated financial statements from the date of each acquisition or up to the date of disposal, respectively.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes and related disclosures. Although these estimates are based on management’s best knowledge of current events and actions the Company may undertake in the future, actual results ultimately may differ from the estimates.

Advertising

Advertising costs incurred during the year are expensed to interim periods in relation to revenues. Advertising costs, except for external production costs, are generally expensed within the fiscal year in which such costs are incurred. External production costs for advertising programs are deferred until the period in which the advertising is first aired, and deferrals of these costs were not material at September 30, 2023 and 2022. On September 13, 2023, the Company issued 0.4 million restricted shares to a vendor in exchange for advertising services that will be performed during fiscal 2024. As of September 30, 2023, deferred advertising costs associated with the issuance of these restricted shares were \$20.0. Advertising expenses were \$123.7, \$120.3 and \$165.7 for fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

Research and Development

Costs associated with research and development are generally charged to expense as incurred. Expenses for fiscal 2023, fiscal 2022 and fiscal 2021 were \$35.7, \$45.3 and \$45.4, respectively, including product registration costs of \$12.4, \$13.0 and \$12.3, respectively.

Environmental Costs

The Company recognizes environmental liabilities when conditions requiring remediation are probable and the amounts can be reasonably estimated. Expenditures which extend the life of the related property or mitigate or prevent future environmental contamination are capitalized. Environmental liabilities are not discounted or reduced for possible recoveries from insurance carriers.

Earnings per Common Share

Basic income (loss) per Common Share is computed by dividing income (loss) attributable to controlling interest from continuing operations, income (loss) from discontinued operations or net income (loss) attributable to controlling interest by the weighted average number of Common Shares outstanding each period. Diluted income (loss) per Common Share is computed

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

by dividing income (loss) attributable to controlling interest from continuing operations, income (loss) from discontinued operations or net income (loss) attributable to controlling interest by the weighted average number of Common Shares outstanding plus all dilutive potential Common Shares (stock options, restricted stock units, deferred stock units and performance-based award units) outstanding each period.

Share-Based Compensation Awards

Scotts Miracle-Gro grants share-based awards annually to officers and certain other employees and to the non-employee directors of Scotts Miracle-Gro. The share-based awards have consisted of stock options, restricted stock units, deferred stock units and performance-based award units. All of these share-based awards have been made under plans approved by the shareholders. The fair value of awards is expensed over the requisite service period which is typically the vesting period, generally three to five years for awards granted to officers and other employees and one year for awards granted to non-employee directors.

For restricted stock units, deferred stock units and performance-based award units, the fair value of each award is estimated on the grant date based on the current market price of the Common Shares. The grant date fair value of stock option awards is estimated using a binomial model. Expected market price volatility is based on implied volatilities from traded options on Common Shares and historical volatility specific to the Common Shares. Historical data, including demographic factors impacting historical exercise behavior, is used to estimate stock option exercises and employee terminations within the valuation model. The risk-free rate for periods within the contractual life of the stock option is based on the U.S. Treasury yield curve in effect at the time of grant. The expected life of stock options is based on historical experience and expectations for grants outstanding.

Vesting of performance-based award units depends on service and achievement of specified performance targets. Based on the extent to which the targets are achieved, vested shares may range from 50% to 250% of the target award amount. The total amount of compensation expense recognized reflects management's assessment of the probability that performance goals will be achieved. A cumulative adjustment is recognized to compensation expense in the current period to reflect any changes in the probability of achievement of performance goals.

Restricted stock units, deferred stock units and performance-based award units receive dividend equivalents equal to the cash dividends earned during the vesting period that are only paid out upon vesting. Share-based award units are generally forfeited if a holder terminates employment or service with the Company prior to the vesting date, except in cases where employees are eligible for accelerated vesting based on having satisfied retirement requirements relating to age and years of service. The Company estimates that 15% of its share-based awards will be forfeited based on an analysis of historical trends. The Company evaluates the estimated forfeiture rate on an annual basis and makes adjustments as appropriate. Stock options have exercise prices equal to the market price of the underlying Common Shares on the grant date and a term of 10 years. If available, Scotts Miracle-Gro typically uses treasury shares, or if not available, newly-issued Common Shares, to settle vested share-based awards. The Company classifies share-based compensation expense within selling, general and administrative expenses to correspond with the same line item as cash compensation paid to employees. Cash flows resulting from tax deductions in excess of the cumulative compensation cost recognized for share-based awards (excess tax benefits) are classified as operating cash inflows.

Cash and Cash Equivalents

Cash and cash equivalents were held in cash depository accounts with major financial institutions around the world or invested in high quality, short-term liquid investments. The Company considers all highly liquid financial instruments with original maturities of three months or less to be cash equivalents. The Company maintains cash deposits in banks which from time to time exceed the amount of deposit insurance available. Management periodically assesses the financial condition of the Company's banks and believes that the risk of any potential credit loss is minimal.

Accounts Receivable and Allowances

Trade accounts receivable are recorded at the invoiced amount and do not bear interest. Allowances for doubtful accounts reflect the Company's estimate of amounts in its existing accounts receivable that may not be collected due to customer claims or customer inability or unwillingness to pay. The allowance is determined based on a combination of factors, including the Company's ongoing risk assessment regarding the credit worthiness of its customers, historical collection experience and length of time the receivables are past due. Account balances are charged off against the allowance when the Company believes it is probable the receivable will not be recovered.

On October 27, 2023, the Company entered into an agreement under which it may sell up to \$600.0 of a portfolio of available and eligible outstanding customer accounts receivable generated by sales to four specified customers. The agreement is uncommitted and has an initial term that expires October 25, 2024, unless earlier terminated by the purchaser. The receivable

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

sales are non-recourse to the Company, other than with respect to customary, limited recourse in the form of (i) repurchase obligations and indemnification obligations for any violations by the Company of its respective representations or obligations as seller or servicer and (ii) certain repurchase or payment obligations arising from any dilution of, or dispute with respect to, any purchased receivables that arise after the sale of such purchased receivables to the purchaser and not contemplated in the applicable purchase price of such purchased receivable. The recourse obligations of the Company that may arise from time to time are supported by standby letters of credit of \$70.0.

Inventories

Inventories are stated at the lower of cost or net realizable value and include the cost of raw materials, labor, manufacturing overhead and freight and inbound handling costs incurred to pre-position goods in the Company’s warehouse network. The Company makes provisions for obsolete or slow-moving inventories as necessary to properly reflect inventory at the lower of cost or net realizable value. Inventories are valued using the first in, first out method.

Loans Receivable

Loans receivable are carried at outstanding principal amount, and are recognized in the “Other assets” line in the Consolidated Balance Sheets. Loans receivable are impaired when, based on current information and events, it is probable that the Company will be unable to collect all amounts due according to the contractual terms of the loan agreement. If it is determined that an impairment has occurred, an impairment loss is recognized for the amount by which the carrying value of the asset exceeds the present value of expected future cash flows. Interest income is recorded on an accrual basis and is classified in the “Other non-operating income, net” line in the Consolidated Statements of Operations.

Investment in Unconsolidated Affiliates

Non-marketable equity investments in which the Company has the ability to exercise significant influence, but does not control, are accounted for using the equity method of accounting, with the Company’s proportionate share of the earnings and losses of these entities reflected in the Consolidated Statements of Operations. The Company evaluates its equity method investments for impairment whenever events or changes in circumstances indicate that the carrying amounts of such investments may be impaired. If a decline in the value of an equity method investment is determined to be other than temporary, an impairment loss is recognized in earnings for the amount by which the carrying amount of the investment exceeds its estimated fair value.

Long-Lived Assets

Property, plant and equipment are stated at cost. Interest capitalized in property, plant and equipment amounted to \$2.1, \$2.2 and \$0.8 during fiscal 2023, fiscal 2022 and fiscal 2021, respectively. Expenditures for maintenance and repairs are charged to expense as incurred. When properties are retired or otherwise disposed of, the cost of the asset and the related accumulated depreciation are removed from the accounts with the resulting gain or loss being reflected in income from operations.

Depreciation of property, plant and equipment is provided on the straight-line method and is based on the estimated useful economic lives of the assets as follows:

Land improvements	10 – 25 years
Buildings	10 – 40 years
Machinery and equipment	3 – 15 years
Furniture and fixtures	6 – 10 years
Software	3 – 8 years

Intangible assets subject to amortization include technology, patents, customer relationships, non-compete agreements and certain trade names. These intangible assets are amortized over their estimated useful economic lives, which typically range from 3 to 25 years. The Company’s fixed assets and intangible assets subject to amortization are required to be tested for recoverability whenever events or changes in circumstances indicate that carrying amounts may not be recoverable. If an evaluation of recoverability is required, the estimated undiscounted future cash flows associated with the asset group would be compared to the asset group carrying amount to determine if a write-down is required. If the undiscounted cash flows are less than the carrying amount, an impairment loss is recorded to the extent that the carrying amount exceeds fair value and classified as “Impairment, restructuring and other” within “Operating expenses” in the Consolidated Statements of Operations.

The Company had non-cash investing activities of \$32.1, \$33.3 and \$41.6 during fiscal 2023, fiscal 2022 and fiscal 2021, respectively, representing unpaid liabilities to acquire property, plant and equipment.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Internal Use Software

The Company capitalizes certain qualifying costs incurred in the acquisition and development of software for internal use, including the costs of the software, materials, consultants, interest and payroll and payroll-related costs for employees during the application development stage. Internal and external costs incurred during the preliminary project stage and post implementation-operation stage, mainly training and maintenance costs, are expensed as incurred. Once the application is substantially complete and ready for its intended use, qualifying costs are amortized on a straight-line basis over the software's estimated useful life. Capitalized internal use software is included in the "Property, plant and equipment, net" line in the Consolidated Balance Sheets. Capitalized software as a service is included in the "Prepaid and other current assets" line in the Consolidated Balance Sheets and is amortized using the straight-line method over the term of the hosting arrangement which typically ranges from 3 to 8 years.

Goodwill and Indefinite-lived Intangible Assets

Goodwill and indefinite-lived intangible assets are not subject to amortization. Goodwill and indefinite-lived intangible assets are reviewed for impairment by applying a fair-value based test on an annual basis as of the first day of the Company's fiscal fourth quarter or more frequently if circumstances indicate impairment may have occurred. With respect to goodwill, the Company performs either a qualitative or quantitative evaluation for each of its reporting units. Factors considered in the qualitative test include reporting unit specific operating results as well as new events and circumstances impacting the operations or cash flows of the reporting units. For the quantitative test, the Company assesses goodwill for impairment by comparing the carrying value of its reporting units to their respective fair values. A reporting unit is defined as an operating segment or one level below an operating segment. The Company determines the fair value of its reporting units using a combination of income-based and market-based approaches and incorporates assumptions it believes market participants would utilize. The income-based approach utilizes discounted cash flows while the market-based approach utilizes market multiples. These approaches depend upon internally-developed forecasts based on annual budgets and longer-range strategic plans. The Company uses discount rates that are commensurate with the risks and uncertainties inherent in the respective reporting units and in the internally-developed forecasts. To further substantiate fair value, the Company compares the aggregate fair value of the reporting units to the Company's total market capitalization.

With respect to indefinite-lived intangible assets, the Company performs either a qualitative or quantitative evaluation for each asset. Factors considered in the qualitative test include asset specific operating results as well as new events and circumstances impacting the cash flows of the assets. For the quantitative test, the fair value of the Company's indefinite-lived intangible assets is determined under the income-based approach utilizing discounted cash flows and incorporating assumptions the Company believes market participants would utilize. For trade names, fair value is determined using a relief-from-royalty methodology similar to that employed when the associated businesses were acquired but using updated estimates of sales, cash flow and profitability.

If it is determined that an impairment has occurred, an impairment loss is recognized for the amount by which the carrying value of the reporting unit or intangible asset exceeds its estimated fair value and classified as "Impairment, restructuring and other" within "Operating expenses" in the Consolidated Statements of Operations.

Investments in Securities

Convertible debt investments are classified as "available for sale," are reported at fair value and are presented in the "Other assets" line in the Consolidated Balance Sheets. Unrealized gains and losses on these investments are included in accumulated other comprehensive loss ("AOCL") in the Consolidated Balance Sheets. When a decline in fair value is considered to be other-than-temporary at the balance sheet date, an allowance for credit losses (impairment), including any write-off of accrued interest receivable, is charged to earnings. If management can assert that it does not intend to sell the security and it is not more likely than not that it will have to sell the security before recovering its amortized cost basis (net of allowance), then the impairment allowance is separated into two components: (i) the amount related to credit losses (recorded in earnings) and (ii) the amount related to all other factors (recorded in other comprehensive income / loss). Interest income is recorded on an accrual basis and is classified in the "Other non-operating income, net" line in the Consolidated Statements of Operations.

Supplier Finance Program

The Company has an agreement to provide a supplier finance program which facilitates participating suppliers' ability to finance payment obligations of the Company with a designated third-party financial institution. Participating suppliers may, at their sole discretion, elect to finance payment obligations of the Company prior to their scheduled due dates at a discounted price to the participating financial institution. The Company's obligations to its suppliers, including amounts due and scheduled payment dates, are not impacted by suppliers' decisions to finance amounts under this arrangement. The payment

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

terms that the Company negotiates with its suppliers are consistent, regardless of whether a supplier participates in the program. The Company's current payment terms with a majority of its suppliers generally range from 30 to 60 days, which is deemed to be commercially reasonable. The Company's outstanding payment obligations under its supplier finance program were \$18.3 and \$8.6 at September 30, 2023 and 2022, respectively, and are recorded within accounts payable in the Consolidated Balance Sheets. The associated payments were \$185.3 for fiscal 2023 and are classified as operating activities in the Consolidated Statements of Cash Flows.

Insurance and Self-Insurance

The Company maintains insurance for certain risks, including property, management, cargo, cyber, workers compensation and general liability, and is self-insured for employee-related health care benefits up to a specified level for individual claims. The Company accrues for the expected costs associated with these risks by considering historical claims experience, demographic factors, severity factors and other relevant information. Costs are recognized in the period the claim is incurred, and accruals include an actuarially determined estimate of claims incurred but not yet reported.

Income Taxes

The Company uses the asset and liability method to account for income taxes. Deferred tax assets and liabilities are recognized for the anticipated future tax consequences attributable to differences between financial statement amounts and their respective tax bases. Management reviews the Company's deferred tax assets to determine whether their value can be realized based upon available evidence. A valuation allowance is established when management believes that it is more likely than not that some portion of its deferred tax assets will not be realized. Changes in valuation allowances from period to period are included in the Company's tax provision in the period of change.

The Company establishes a liability for tax return positions in which there is uncertainty as to whether or not the position will ultimately be sustained. Amounts for uncertain tax positions are adjusted in quarters when new information becomes available or when positions are effectively settled. The Company recognizes interest expense and penalties related to these unrecognized tax benefits within income tax expense. GAAP provides that a tax benefit from an uncertain tax position may be recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits of the position. The amount recognized is measured as the largest amount of tax benefit that is greater than 50% likely of being realized upon settlement.

U.S. income tax expense and foreign withholding taxes are provided on unremitted foreign earnings that are not indefinitely reinvested at the time the earnings are generated. Where foreign earnings are indefinitely reinvested, no provision for U.S. income or foreign withholding taxes is made. When circumstances change and the Company determines that some or all of the undistributed earnings will be remitted in the foreseeable future, the Company accrues an expense in the current period for U.S. income taxes and foreign withholding taxes attributable to the anticipated remittance.

Translation of Foreign Currencies

The functional currency for each Scotts Miracle-Gro subsidiary is generally its local currency. Assets and liabilities of these subsidiaries are translated at the exchange rate in effect at each fiscal year-end. Income and expense accounts are translated at the average rate of exchange prevailing during the year. Translation gains and losses arising from the use of differing exchange rates from period to period are included in AOCL within shareholders' equity (deficit). Foreign exchange transaction gains and losses are included in the determination of net income and classified as "Other (income) expense, net" in the Consolidated Statements of Operations. The Company recognized foreign exchange transaction (gains) losses of \$1.3, \$1.3 and \$(1.8) during fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

Derivative Instruments

The Company is exposed to market risks, such as changes in interest rates, currency exchange rates and commodity prices. A variety of financial instruments, including forwards, futures and swap contracts, are used to manage these exposures. These financial instruments are recognized at fair value in the Consolidated Balance Sheets, and all changes in fair value are recognized in net income or shareholders' equity (deficit) through AOCL. The Company's objective in managing these exposures is to better control these elements of cost and mitigate the earnings and cash flow volatility associated with changes in the applicable rates and prices.

The Company has established policies and procedures that encompass risk-management philosophy and objectives, guidelines for derivative instrument usage, counterparty credit approval, and the monitoring and reporting of derivative activity. The Company does not enter into derivative instruments for the purpose of speculation.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

The Company formally designates and documents instruments at inception that qualify for hedge accounting of underlying exposures in accordance with GAAP. The Company formally assesses, both at inception and at least quarterly, whether the financial instruments used in hedging transactions are effective at offsetting changes in cash flows of the related underlying exposure. Fluctuations in the value of these instruments generally are offset by changes in the expected cash flows of the underlying exposures being hedged. This offset is driven by the high degree of effectiveness between the exposure being hedged and the hedging instrument. The Company designates certain commodity hedges as cash flow hedges of forecasted purchases of commodities and interest rate swap agreements as cash flow hedges of interest payments on variable rate borrowings. Changes in the fair value of derivative contracts that qualify for hedge accounting are recorded in AOCL. For commodity hedges, realized gains or losses remain as a component of AOCL until the related inventory is sold. Cash flows associated with commodity and interest rate swap hedges are classified as operating activities in the Consolidated Statements of Cash Flows.

During the second quarter of fiscal 2016, the Company entered into definitive agreements with Bonnie Plants, Inc. and its sole shareholder, AFC, that included options beginning in fiscal 2020 providing for either (i) the Company to increase its economic interest in Bonnie’s business of planting, growing, developing, manufacturing, distributing, marketing, and selling live plants, plant food, fertilizer and potting soil (the “Bonnie Business”) or (ii) AFC and Bonnie to repurchase the Company’s economic interest in the Bonnie Business (collectively, the “Bonnie Option”). The Bonnie Option was surrendered at the time of the formation of the Bonnie Plants, LLC joint venture on December 31, 2020. Prior to this, the Bonnie Option was required to be accounted for as a derivative instrument with changes in fair value recognized in the “Other non-operating income, net” line in the Consolidated Statements of Operations.

Leases

The Company determines whether an arrangement contains a lease at inception by determining if the contract conveys the right to control the use of identified property, plant or equipment for a period of time in exchange for consideration and other facts and circumstances. Right-of-use (“ROU”) assets represent the Company’s right to use an underlying asset for the lease term and lease liabilities represent the Company’s obligation to make lease payments arising from the lease. ROU assets are calculated based on the lease liability adjusted for any lease payments paid to the lessor at or before the commencement date and initial direct costs incurred by the Company and exclude any lease incentives received from the lessor. Lease liabilities are recognized based on the present value of the future minimum lease payments over the lease term. The lease term may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. As the Company’s leases typically do not contain a readily determinable implicit rate, the Company determines the present value of the lease liability using its incremental borrowing rate at the lease commencement date based on the lease term. The Company considers its credit rating and the current economic environment in determining this collateralized rate. Variable lease payments are the portion of lease payments that are not fixed over the lease term. Variable lease payments are expensed as incurred and include certain non-lease components, such as maintenance and other services provided by the lessor, and other charges included in the lease, as applicable. The Company elected to exclude short-term leases, defined as leases with initial terms of 12 months or less, from its Consolidated Balance Sheets.

Statements of Cash Flows

Supplemental cash flow information was as follows:

	Year Ended September 30,		
	2023	2022	2021
Interest paid	\$ 173.5	\$ 112.5	\$ 61.6
Income taxes paid (refunded)	(18.2)	27.2	179.7

During fiscal 2023, the Company received proceeds of \$37.0 related to the payoff of seller financing that the Company provided in connection with a fiscal 2017 divestiture, which was classified as an investing activity in the Consolidated Statements of Cash Flows. The Company (paid) received cash of \$(12.4), \$29.3 and \$(8.7) during fiscal 2023, fiscal 2022 and fiscal 2021, respectively, associated with currency forward contracts, which was classified as an investing activity in the “Other investing, net” line in the Consolidated Statements of Cash Flows.

Cash flow from operating activities in fiscal 2022 and fiscal 2021 was favorably impacted by extended payment terms with vendors for payments originally due in the final weeks of fiscal 2022 and fiscal 2021 that were paid in the first quarter of fiscal 2023 and 2022, respectively.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

The Company uses the “cumulative earnings” approach for determining cash flow presentation of distributions from unconsolidated affiliates. Distributions received are included in the Consolidated Statements of Cash Flows as operating activities, unless the cumulative distributions exceed the portion of the cumulative equity in the net earnings of the unconsolidated affiliate, in which case the excess distributions are deemed to be returns of the investment and are classified as investing activities in the Consolidated Statements of Cash Flows.

RECENTLY ADOPTED ACCOUNTING PRONOUNCEMENTS

In September 2022, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2022-04, “Liabilities — Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations.” This ASU requires disclosure of the key terms of outstanding supplier finance programs and a rollforward of the related obligations. ASU No. 2022-04 is effective for fiscal years beginning after December 15, 2022, except for the amendment on rollforward information, which is effective for fiscal years beginning after December 15, 2023. As ASU 2022-04 only relates to disclosures, the Company does not expect its adoption to have any impact on the Company’s consolidated financial position, results of operations or cash flows.

NOTE 2. REVENUE RECOGNITION

Nature of Goods and Services

The Company’s revenue is primarily generated from sales of branded and private label lawn and garden care and indoor and hydroponic gardening finished products to home centers, mass merchandisers, warehouse clubs, large hardware chains, independent hardware stores, nurseries, garden centers, e-commerce platforms, food and drug stores, indoor gardening and hydroponic product distributors, retailers and growers. In addition to product sales, the Company acts as the exclusive agent of Monsanto for the marketing and distribution of certain of Monsanto’s consumer Roundup[®] branded products in the United States and certain other specified countries, and performs certain other services under ancillary agreements with Monsanto. Refer to “NOTE 21. SEGMENT INFORMATION” for disaggregated revenue information and “NOTE 7. MARKETING AGREEMENT” for revenue information related to the Monsanto agreements.

Identification and Satisfaction of Performance Obligations

The Company recognizes product sales at a point in time when it transfers control of products to customers and has no further obligation to provide services related to such products. Control is the ability of customers to direct the “use of” and “obtain” the benefit from the Company’s products. In evaluating the timing of the transfer of control of products to customers, the Company considers several control indicators, including significant risks and rewards of products, the Company’s right to payment and the legal title of the products. Based on the assessment of control indicators, sales are typically recognized when products are delivered to or picked up by the customer. The Company is generally the principal in a transaction and, therefore, primarily records revenue on a gross basis. When the Company is a principal in a transaction, it has determined that it controls the ability to direct the use of the product prior to transfer to a customer, is primarily responsible for fulfilling the promise to provide the product or service to the customer, has discretion in establishing prices, and ultimately controls the transfer of the product or services provided to the customer.

Under the terms of the Third Restated Agreement, pursuant to which the Company serves as the exclusive agent of Monsanto for the marketing and distribution of certain of Monsanto’s consumer Roundup[®] branded products in the United States and certain other specified countries, the Company is entitled to receive an annual commission from Monsanto as consideration for the performance of the Company’s duties as agent. The Third Restated Agreement also requires the Company to make annual payments to Monsanto as a contribution against the overall expenses of its consumer Roundup[®] business. The gross commission earned under the Third Restated Agreement and the contribution payments to Monsanto are included in the “Net sales” line in the Consolidated Statements of Operations. The Company performs other services, including conversion services, pursuant to ancillary agreements with Monsanto. The actual costs incurred for these activities are charged to and reimbursed by Monsanto. The Company records costs incurred for which the Company is the primary obligor on a gross basis, recognizing such costs in the “Cost of sales” line and the reimbursement of these costs in the “Net sales” line in the Consolidated Statements of Operations, with no effect on gross margin dollars or net income.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Transactional Price and Promotional Allowances

Revenue for product sales is recorded net of sales returns and allowances. Revenues are measured based on the amount of consideration that the Company expects to receive as derived from a list price, reduced by estimates for variable consideration. Variable consideration includes the cost of current and continuing promotional programs and expected sales returns. Commission income related to the Monsanto agreements is recognized over the program year as the services are performed based upon the commission income formula in the agreements.

The Company's promotional programs primarily include rebates based on sales volumes, in-store promotional allowances, cooperative advertising programs, direct consumer rebate programs and special purchasing incentives. The cost of promotional programs is estimated considering all reasonably available information, including current expectations and historical experience. Promotional costs (including allowances and rebates) incurred during the year are expensed to interim periods in relation to revenues and are recorded as a reduction of net sales. Accruals for expected payouts under these programs are included in the "Other current liabilities" line in the Consolidated Balance Sheets. Provisions for estimated returns and allowances are recorded at the time revenue is recognized based on historical rates and are periodically adjusted for known changes in return levels. Shipping and handling costs are accounted for as contract fulfillment costs and included in the "Cost of sales" line in the Consolidated Statements of Operations. The Company excludes from revenue any amounts collected from customers for sales or other taxes.

NOTE 3. DISCONTINUED OPERATIONS

International Business

Prior to August 31, 2017, the Company operated consumer lawn and garden businesses located in Australia, Austria, Belgium, Luxembourg, Czech Republic, France, Germany, Poland and the United Kingdom (the "International Business"). On August 31, 2017, the Company completed the sale of the International Business. The transaction included contingent consideration with a maximum payout of \$23.8 and an initial fair value of \$18.2, the payment of which depended on the achievement of certain performance criteria by the International Business following the closing of the transaction through fiscal 2020. During fiscal 2021, the Company agreed to accept a contingent consideration payout of \$6.0 and recorded a pre-tax charge of \$12.2 in the "Loss from discontinued operations, net of tax" line in the Consolidated Statements of Operations during fiscal 2021 to write-down the contingent consideration receivable to the agreed upon payout amount. This contingent consideration payment was received during fiscal 2022 and this amount was classified as a financing activity in the "Other financing, net" line in the Consolidated Statements of Cash Flows.

NOTE 4. IMPAIRMENT, RESTRUCTURING AND OTHER

Activity described herein is classified within the "Cost of sales—impairment, restructuring and other" and "Impairment, restructuring and other" lines in the Consolidated Statements of Operations. The following table details impairment, restructuring and other charges (recoveries) for each of the periods presented:

	<u>Year Ended September 30,</u>		
	<u>2023</u>	<u>2022</u>	<u>2021</u>
Cost of sales—impairment, restructuring and other:			
Restructuring and other charges (recoveries), net	\$ 148.5	\$ 143.6	\$ (0.3)
Right-of-use asset impairments	25.8	—	—
Property, plant and equipment impairments	11.4	16.6	—
COVID-19 related costs	—	—	25.0
Operating expenses—impairment, restructuring and other:			
Goodwill and intangible asset impairments	127.9	668.3	—
Convertible debt other-than-temporary impairments	101.3	—	—
Restructuring and other charges, net	51.2	40.9	0.1
Gains on sale of property, plant and equipment	—	(16.2)	—
COVID-19 related costs	—	—	4.2
Total impairment, restructuring and other charges	<u>\$ 466.1</u>	<u>\$ 853.2</u>	<u>\$ 29.0</u>

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

The following table summarizes the activity related to liabilities associated with restructuring activities for each of the periods presented:

	Year Ended September 30,		
	2023	2022	2021
Amounts accrued at beginning of year	\$ 31.5	\$ 1.9	\$ 3.9
Restructuring charges	55.6	47.1	29.0
Payments	(46.6)	(17.5)	(31.0)
Amounts accrued at end of year	<u>\$ 40.5</u>	<u>\$ 31.5</u>	<u>\$ 1.9</u>

As of September 30, 2023, restructuring accruals include \$13.9 that is classified as long-term.

During fiscal 2023, the Company recorded non-cash, pre-tax goodwill and intangible asset impairment charges of \$127.9 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations, comprised of \$117.7 of finite-lived intangible asset impairment charges associated with the Hawthorne segment and \$10.3 of goodwill impairment charges associated with the Other segment.

During fiscal 2023, the Company recorded a non-cash, pre-tax other-than-temporary impairment charge related to its convertible debt investments of \$101.3 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations.

During fiscal 2022, the Company began implementing a series of Company-wide organizational changes and initiatives intended to create operational and management-level efficiencies. As part of this restructuring initiative, the Company is reducing the size of its supply chain network, reducing staffing levels and implementing other cost-reduction initiatives. In addition, to reduce its on hand inventory to align with the optimized network capacity, the Company has accelerated the reduction of certain Hawthorne inventory, primarily lighting, growing environments and hardware products. During fiscal 2023, the Company incurred costs of \$229.0 associated with this restructuring initiative primarily related to inventory write-down charges, employee termination benefits, facility closure costs and impairment of right-of-use assets and property, plant and equipment. The Company incurred costs of \$16.3 in its U.S. Consumer segment and \$168.5 in its Hawthorne segment in the “Cost of sales—impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2023. The Company incurred costs of \$7.7 in its U.S. Consumer segment, \$20.7 in its Hawthorne segment, \$0.8 in its Other segment and \$14.9 at Corporate in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2023. During fiscal 2022, the Company incurred costs of \$65.2 associated with this restructuring initiative primarily related to employee termination benefits and impairment of property, plant and equipment. The Company incurred costs of \$9.7 in its U.S. Consumer segment and \$27.1 in its Hawthorne segment in the “Cost of sales—impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2022. The Company incurred costs of \$11.9 in its U.S. Consumer segment, \$8.1 in its Hawthorne segment, \$0.7 in its Other segment and \$7.7 at Corporate in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2022. Costs incurred to date since the inception of this restructuring initiative are \$45.5 for the U.S. Consumer segment, \$224.4 for the Hawthorne segment, \$1.5 for the Other segment and \$22.7 at Corporate.

During fiscal 2022, the Company recorded non-cash, pre-tax goodwill and intangible asset impairment charges of \$632.4 as a result of interim impairment testing of its Hawthorne segment in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations, comprised of \$522.4 of goodwill impairment charges and \$110.0 of finite-lived intangible asset impairment charges.

During fiscal 2022, the Company incurred inventory write-down charges of \$120.9 in the “Cost of sales—impairment, restructuring and other” line in the Consolidated Statements of Operations and finite-lived intangible asset impairment charges of \$35.3 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations associated with its decision to discontinue and exit the market for certain Hawthorne lighting products and brands.

During fiscal 2022, the Company recorded gains of \$16.2 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations associated with the sale of property, plant and equipment.

During fiscal 2021, the Company incurred costs of \$29.2 associated with the COVID-19 pandemic primarily related to premium pay. The Company incurred costs of \$21.2 in its U.S. Consumer segment, \$3.2 in its Hawthorne segment and \$0.6 in its Other segment in the “Cost of sales—impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2021. The Company incurred costs of \$4.0 in its U.S. Consumer segment and \$0.2 in its Other segment in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2021.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

During fiscal 2023, the Company’s Hawthorne segment continued to experience adverse financial results due to decreased sales volume and inflationary cost pressures. The decrease in sales volume is attributable to an oversupply of cannabis, which significantly decreased cannabis wholesale prices and indoor and outdoor cannabis cultivation. The oversupply has been driven by increased licensing activity across the U.S., significant capital investment in the cannabis production marketplace over the past several years, inconsistent enforcement of regulations and the market impacts of the COVID-19 pandemic. As a result, the Company revised its internal forecasts to reflect the longer persistence and more significant impact of the oversupply of cannabis. These changes in circumstances indicated that the carrying amounts of Hawthorne’s long-lived assets, including trade names and customer relationships, may not be recoverable. Accordingly, the Company performed a recoverability test for long-lived assets during the fourth quarter of fiscal 2023. The Company concluded that the carrying value of these long-lived assets exceeded their estimated fair value and recorded non-cash, pre-tax impairment charges of \$72.0 related to trade names and \$45.7 related to customer relationships during the fourth quarter of fiscal 2023 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations. The fair values of long-lived assets were determined using income-based approaches, including the relief-from-royalty method for trade names, that include market participant expectations of cash flows that the assets will generate over the remaining useful life discounted to present value using an appropriate discount rate. These fair value estimates utilize significant unobservable inputs and thus represent Level 3 fair value measurements.

The Company performed annual goodwill impairment testing as of the first day of its fourth quarter of fiscal 2023. This test resulted in a non-cash, pre-tax goodwill impairment charge of \$10.3 related to the Other segment, which was recorded during the fourth quarter of fiscal 2023 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations. The impairment was driven by revisions to the Company’s internal forecasts in response to decreased sales volume and inflationary cost pressures. The carrying value of goodwill of the Other segment reporting unit, after recognizing the impairment, is zero. The estimated fair value of the Other segment reporting unit was based upon an equal weighting of the income-based and market-based approaches, utilizing estimated cash flows and a terminal value, discounted at a rate of return that reflects the relative risk of the cash flows, as well as valuation multiples derived from comparable publicly traded companies that are applied to operating performance of the reporting unit. The fair value estimate utilizes significant unobservable inputs and thus represents a Level 3 fair value measurement.

The Company performed a recoverability test for Hawthorne’s long-lived assets during the third quarter of fiscal 2022. The Company concluded that the carrying value of these long-lived assets exceeded their estimated fair value and recorded non-cash, pre-tax impairment charges of \$69.0 related to trade names and \$41.0 related to customer relationships during the third quarter of fiscal 2022 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations.

After adjusting the carrying values of the finite-lived intangible assets, the Company completed an interim quantitative impairment test for goodwill during the third quarter of fiscal 2022. This quantitative test resulted in a non-cash, pre-tax goodwill impairment charge of \$522.4 related to the Hawthorne reporting unit, which was recorded during the third quarter of fiscal 2022 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations. The carrying value of goodwill of the Hawthorne reporting unit, after recognizing the impairment, is zero.

During fiscal 2022, the Company also recorded additional non-cash, pre-tax finite-lived intangible asset impairment charges of \$35.3, comprised of \$22.5 related to trade names and \$12.8 related to customer relationships, during the fourth quarter of fiscal 2022 in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations associated with its decision to discontinue and exit the market for certain Hawthorne lighting products and brands.

Total amortization expense was \$25.2, \$37.1 and \$30.9 for fiscal 2023, fiscal 2022 and fiscal 2021, respectively. Amortization expense is estimated to be as follows for the years ending September 30:

2024	\$	16.0
2025		13.3
2026		12.2
2027		11.3
2028		10.3

NOTE 7. MARKETING AGREEMENT

The Scotts Company LLC (“Scotts LLC”) is the exclusive agent of Monsanto for the marketing and distribution of certain of Monsanto’s consumer Roundup® branded products in the United States and certain other specified countries. The annual commission payable under the Third Restated Agreement is equal to 50% of the actual earnings before interest and income taxes of Monsanto’s consumer Roundup® business for each program year in the markets covered by the Third Restated Agreement (“Program EBIT”). The Third Restated Agreement also requires the Company to make annual payments of \$18.0 to Monsanto as a contribution against the overall expenses of its consumer Roundup® business, subject to reduction pursuant to the Third Restated Agreement for any program year in which the Program EBIT does not equal or exceed \$36.0.

Unless Monsanto terminates the Third Restated Agreement due to an event of default by the Company, termination rights under the Third Restated Agreement include the following:

- The Company may terminate the Third Restated Agreement upon the insolvency or bankruptcy of Monsanto;
- Monsanto may terminate the Third Restated Agreement in the event that Monsanto decides to decommission the permits, licenses and registrations needed for, and the trademarks, trade names, packages, copyrights and designs used in, the sale of the Roundup® products in the lawn and garden market (a “Brand Decommissioning Termination”); and
- Each party may terminate the Third Restated Agreement if Program EBIT falls below \$50.0 and, in such case, no termination fee would be payable to either party.

The termination fee structure requires Monsanto to pay a termination fee to the Company in an amount equal to (i) \$375.0 upon a Brand Decommissioning Termination, and (ii) the greater of \$175.0 or four times an amount equal to the average of the Program EBIT for the three program years before the year of termination, minus \$186.4, if Monsanto or its successor terminates the Third Restated Agreement as a result of a Roundup Sale or Change of Control of Monsanto (each, as defined in the Third Restated Agreement).

The elements of the net commission and reimbursements earned under the Third Restated Agreement and included in the “Net sales” line in the Consolidated Statements of Operations are as follows:

	Year Ended September 30		
	2023	2022	2021
Gross commission	\$ 75.7	\$ 83.4	\$ 94.0
Contribution expenses	(18.0)	(18.0)	(18.0)
Net commission	57.7	65.4	76.0
Reimbursements associated with Roundup® marketing agreement	82.5	67.9	70.8
Total net sales associated with Roundup® marketing agreement	\$ 140.2	\$ 133.3	\$ 146.8

NOTE 8. ACQUISITIONS AND INVESTMENTS

Cyco

On April 28, 2022, the Company’s Hawthorne segment completed the acquisition of substantially all of the assets of S.J. Enterprises PTY LTD, d.b.a. Cyco (“Cyco”), an Australia-based provider of premium nutrients, additives and growing media products for indoor growing sold mostly in the United States, for an estimated purchase price of \$37.3. The purchase price includes contingent consideration, a non-cash investing activity, with an initial fair value of \$3.1 and a maximum payout of \$10.0, which will be paid by the Company based on the achievement of certain performance metrics through December 31, 2024. Prior to the transaction, the Company served as the exclusive distributor of Cyco’s products in the United States. The valuation of the acquired assets included (i) \$1.3 of inventory, (ii) \$10.5 of finite-lived identifiable intangible assets and (iii) \$25.6 of tax-deductible goodwill. Identifiable intangible assets included trade names, customer relationships and non-compete agreements with useful lives ranging between 5 and 25 years. The estimated fair values of the identifiable intangible assets were determined using an income-based approach, which includes market participant expectations of cash flows that an asset will generate over the remaining useful life discounted to present value using an appropriate discount rate.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Luxx Lighting

On December 30, 2021, the Company's Hawthorne segment completed the acquisition of substantially all of the assets of Luxx Lighting, Inc., a provider of lighting products for indoor growing. The purchase price was \$213.2, a portion of which was paid by the issuance of 0.1 million Common Shares, a non-cash investing and financing activity, with a fair value of \$21.0 based on the share price at the time of payment. The valuation of the acquired assets included (i) \$32.8 of inventory and accounts receivable, (ii) \$5.7 of other current assets, (iii) \$24.2 of current liabilities, (iv) \$47.3 of finite-lived identifiable intangible assets and (v) \$151.6 of tax-deductible goodwill. Identifiable intangible assets included trade names, customer relationships and non-compete agreements with useful lives ranging between 5 and 25 years. The estimated fair values of the identifiable intangible assets were determined using an income-based approach, which includes market participant expectations of cash flows that an asset will generate over the remaining useful life discounted to present value using an appropriate discount rate.

During the fourth quarter of fiscal 2022, the Company decided it would discontinue and exit the market for certain Hawthorne lighting products and brands, including Luxx Lighting, Inc. Refer to "NOTE 4. IMPAIRMENT, RESTRUCTURING AND OTHER" for more information.

True Liberty Bags

On December 23, 2021, the Company's Hawthorne segment completed the acquisition of substantially all of the assets of True Liberty Bags, a leading provider of liners and storage solutions to dry and cure plant products, for \$10.1. The valuation of the acquired assets included (i) \$1.1 of inventory, (ii) \$5.8 of finite-lived identifiable intangible assets and (iii) \$3.2 of tax-deductible goodwill. Identifiable intangible assets included trade names and customer relationships with useful lives of 15 years. The estimated fair values of the identifiable intangible assets were determined using an income-based approach, which includes market participant expectations of cash flows that an asset will generate over the remaining useful life discounted to present value using an appropriate discount rate.

Hydro-Logic

On August 27, 2021, the Company's Hawthorne segment completed the acquisition of substantially all of the assets of Hydro-Logic Purification Systems, Inc., a leading provider of products, accessories and systems for water filtration and purification, for \$65.3. The valuation of the acquired assets included (i) \$4.5 of inventory and accounts receivable, (ii) \$1.6 of non-current assets, (iii) \$2.6 of other liabilities, (iv) \$23.1 of finite-lived identifiable intangible assets and (v) \$38.7 of tax-deductible goodwill. Identifiable intangible assets included trade names, customer relationships and non-compete agreements with useful lives ranging between 5 and 15 years. The estimated fair values of the identifiable intangible assets were determined using an income-based approach, which includes market participant expectations of cash flows that an asset will generate over the remaining useful life discounted to present value using an appropriate discount rate.

The Hawthorne Collective

On August 24, 2021, the Company's wholly-owned subsidiary, The Hawthorne Collective, Inc. ("THC"), made its initial investment under the Company's strategic minority non-equity investment initiative in the form of a \$150.0 six-year convertible note issued to the Company by Toronto-based RIV Capital Inc. ("RIV Capital") (CSE: RIV) (OTC: CNPOF), a cannabis investment and acquisition firm listed on the Canadian Securities Exchange. The note bore interest on the principal amount at a rate of approximately 2% for the first two years of the term. No interest will accrue on the note for the remainder of the term. The note is convertible into RIV Capital common shares at a conversion price of CAD \$1.90 per share which is based upon the RIV Capital closing stock price on August 9, 2021.

On April 22, 2022, pursuant to its follow-on investment rights, the Company made an additional investment in RIV Capital in the form of a \$25.0 convertible note which matures on August 24, 2027. The note bears interest on the principal amount at a rate of approximately 2% for the first two years of the term. No interest will accrue on the note for the remainder of the term. The note is convertible into RIV Capital common shares at a conversion price of CAD \$1.65 per share which is based upon the RIV Capital closing stock price on March 29, 2022.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Accrued interest on the initial \$150.0 convertible note and the follow-on \$25.0 convertible note (collectively, the “RIV Convertible Notes”) will be payable to THC at maturity or will be included in the conversion value of the notes at the time of conversion. Assuming full conversion of the RIV Convertible Notes, including the full amount of the anticipated accrued interest over the life of the notes, THC would be entitled to receive approximately 123.0 million common shares of RIV Capital, representing approximately 48% of RIV Capital’s outstanding shares as of September 30, 2023. The RIV Convertible Notes are convertible into common shares of RIV Capital either (i) at the election of THC or (ii) at the election of RIV Capital after the date on which federal laws in the United States are amended to allow for the general cultivation, distribution, and possession of cannabis.

In connection with issuance of the RIV Convertible Notes, the Company entered into an investor rights agreement with RIV Capital providing for, among other things, customary registration rights, participation rights, as well as certain standstill and transfer restrictions. In addition, THC is entitled to designate three nominees to the RIV Capital board of directors for so long as the board is comprised of seven directors, and will be entitled to designate four nominees to the RIV Capital board of directors if the size of the board is increased to nine directors.

During the fourth quarter of fiscal 2021, THC made minority non-equity investments of \$43.1 in other entities focused on branded cannabis and high quality genetics. These additional investments also include conversion features that would provide the Company with minority ownership interests if it exercises the conversion features.

The Company or THC will not have control of or an active day-to-day role in any entity in which THC has a convertible debt investment. The convertible notes include restrictions that the funds received from the Company will be used for general corporate and other lawful purposes, which could include acquisitions, and that the funds will not be used in connection with or for any cannabis or cannabis-related operations in the U.S. unless and until such operations comply with all applicable U.S. federal laws.

Rhizoflora

On August 13, 2021, the Company’s Hawthorne segment completed the acquisition of substantially all of the assets of Rhizoflora, Inc., the manufacturer of terpene enhancing nutrient products Terpinator[®] and Purpinator[®], for \$33.7. The valuation of the acquired assets included (i) \$0.6 of inventory, (ii) \$10.9 of finite-lived identifiable intangible assets and (iii) \$22.2 of tax-deductible goodwill. Identifiable intangible assets included trade names, customer relationships and non-compete agreements with useful lives ranging between 5 and 25 years. The estimated fair values of the identifiable intangible assets were determined using an income-based approach, which includes market participant expectations of cash flows that an asset will generate over the remaining useful life discounted to present value using an appropriate discount rate.

AeroGrow

On November 11, 2020, the Company entered into an agreement and plan of merger to acquire the remaining outstanding shares of AeroGrow for cash consideration of \$3.00 per share, or approximately \$20.1. The merger closed on February 26, 2021. SMG Growing Media, Inc., a wholly-owned subsidiary of Scotts Miracle-Gro, was the holder of 80.5% of the outstanding shares of AeroGrow prior to the closing and now holds 100% of the outstanding shares of AeroGrow. The closing date carrying value of the noncontrolling interest was \$6.7 and the \$13.4 difference between the purchase price and carrying value was recognized in the “Common shares and capital in excess of \$0.01 stated value per share” line within “Total equity (deficit)” in the Consolidated Balance Sheets.

NOTE 9. INVESTMENT IN UNCONSOLIDATED AFFILIATES

On December 31, 2020, the Company acquired a 50% equity interest in Bonnie Plants, LLC, a joint venture with AFC focused on planting, growing, developing, distributing, marketing and selling live plants, in exchange for cash payments of \$102.3, as well as non-cash investing activities that included forgiveness of the Company’s outstanding loan receivable with AFC and surrender of the Company’s options to increase its economic interest in the Bonnie Plants business. The Company recorded a gain of \$12.5 during the first quarter of fiscal 2021 to write-up the value of its loan receivable with AFC to its closing date fair value in the “Other non-operating income, net” line in the Consolidated Statements of Operations. The Company’s interest in Bonnie Plants, LLC is recorded in the “Investment in unconsolidated affiliates” line in the Consolidated Balance Sheets. During the three months ended December 31, 2022, the Company and AFC amended the joint venture agreement to allow AFC to make an additional equity contribution to Bonnie Plants, LLC, and, as a result of this contribution by AFC, the Company’s equity interest in Bonnie Plants, LLC was reduced to 45%. The Company’s interest is accounted for using the equity method of accounting, with the Company’s proportionate share of Bonnie Plants, LLC earnings subsequent to December 31, 2020 reflected in the Consolidated Statements of Operations. On November 7, 2023, the Company purchased an additional 5% equity interest in Bonnie Plants, LLC from AFC for \$21.4, bringing its total equity interest back to 50%.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

During fiscal 2023, the Company recorded a non-cash, pre-tax impairment charge of \$94.7 associated with its investment in Bonnie Plants, LLC in the “Equity in (income) loss of unconsolidated affiliates” line in the Consolidated Statements of Operations. The impairment was driven by revisions to the Company’s internal forecasts for Bonnie Plants, LLC in response to decreased sales volume and inflationary cost pressures. The estimated fair value of Bonnie Plants, LLC was based upon an equal weighting of the income-based and market-based approaches, utilizing estimated cash flows and a terminal value, discounted at a rate of return that reflects the relative risk of the cash flows, as well as valuation multiples derived from comparable publicly traded companies that are applied to operating performance of the investment. The fair value estimate utilizes significant unobservable inputs and thus represents a Level 3 fair value measurement.

As a result of the impairment charge recorded by the Company during fiscal 2023, the carrying value of the Company’s equity method investment was lower than its interest in Bonnie Plants, LLC’s underlying net assets as of September 30, 2023. Of this basis difference, the majority relates to goodwill and indefinite-lived intangible assets recorded by Bonnie Plants, LLC, which are not amortized. The remaining amount relates to long-lived assets, including finite-lived intangible assets, and will be amortized over the remaining useful life of the long-lived assets.

The Company recorded equity in (income) loss of unconsolidated affiliates associated with Bonnie Plants, LLC of \$101.1, \$12.9 and \$(14.4) during fiscal 2023, fiscal 2022 and fiscal 2021, respectively. The Company also received a distribution of \$12.0 from Bonnie Plants, LLC during fiscal 2021, which was classified as an operating activity in the Consolidated Statements of Cash Flows.

NOTE 10. RETIREMENT PLANS

The Company sponsors a defined contribution 401(k) plan for substantially all U.S. associates. The Company matches 200% of associates’ initial 3% contribution and 50% of their remaining contribution up to 6%. The Company may make additional discretionary profit sharing matching contributions to eligible employees on their initial 4% contribution. The Company recorded expenses of \$24.1, \$28.3 and \$30.1 associated with the plan in fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

The Company sponsors two defined benefit pension plans for certain U.S. associates and three defined benefit pension plans associated with the former businesses in the United Kingdom and Germany. Benefits under these plans have been frozen and closed to new associates since 1997 for the U.S. plans, 2010 for the United Kingdom plans and 2017 for the Germany plan. The benefits under the plans are based on years of service and compensation levels. The Company’s funding policy for the defined benefit pension plans, consistent with statutory requirements and tax considerations, is based on actuarial computations using the Projected Unit Credit method.

During fiscal 2023 and 2021, the defined benefit pension plans associated with the former business in the United Kingdom entered into buy-in insurance policies in exchange for premium payments of \$76.3 and \$67.7, respectively, which are subject to adjustment as a result of subsequent data cleansing activities. Under the terms of these buy-in insurance policies, the respective insurers are liable to pay the benefits to the plans but the plans still retain full legal responsibility to pay benefits to plan participants using the insurance payments. The buy-in policies will be treated as assets of the plans going forward until such time as the buy-in policies are converted to buy-out policies, which is when individual insurance policies will be assigned to each plan participant and the plans will no longer have legal responsibility to pay the benefits to the plan participants.

Investment Strategy

Target allocation percentages among various asset classes are maintained based on an individual investment policy established for each of the various pension plans. Asset allocations are designed to achieve long-term objectives of return while mitigating against downside risk considering expected cash requirements necessary to fund benefit payments. However, the Company cannot predict future investment returns and therefore cannot determine whether future pension plan funding requirements could materially and adversely affect its financial condition, results of operations or cash flows.

Basis for Long-Term Rate of Return on Asset Assumptions

The Company's expected long-term rate of return on asset assumptions are derived from studies conducted by third parties. The studies include a review of anticipated future long-term performance of individual asset classes and consideration of the appropriate asset allocation strategy given the anticipated requirements of the plans to determine the average rate of earnings expected. While the studies give appropriate consideration to recent fund performance and historical returns, the assumptions primarily represent expectations about future rates of return over the long term.

The following tables set forth the fair value of the Company's pension plan assets, segregated by level within the fair value hierarchy:

	Fair Value Hierarchy Level	U.S. Defined Benefit Pension Plans		International Defined Benefit Pension Plans	
		2023	2022	2023	2022
Cash and cash equivalents	Level 1	\$ 2.2	\$ 2.1	\$ 14.0	\$ 1.7
Insurance contracts	Level 3	—	—	104.3	38.1
Total assets in the fair value hierarchy		<u>\$ 2.2</u>	<u>\$ 2.1</u>	<u>\$ 118.3</u>	<u>\$ 39.8</u>
Common collective trusts measured at net asset value					
Real estate		\$ 1.8	\$ 2.8	\$ —	\$ —
Equities		10.0	10.0	—	32.6
Fixed income		40.1	44.2	6.5	56.5
Total common collective trusts measured at net asset value		<u>51.9</u>	<u>57.0</u>	<u>6.5</u>	<u>89.1</u>
Total assets at fair value		<u>\$ 54.1</u>	<u>\$ 59.1</u>	<u>\$ 124.8</u>	<u>\$ 128.9</u>

The carrying value of cash equivalents approximated their aggregate fair value as of September 30, 2023 and 2022. The valuation of the buy-in insurance policies was calculated on an insurer pricing basis updated for changes in market implied insurance pricing, market rates, and inflation during the year, and was estimated using unobservable inputs. Common collective trusts are not publicly traded and were valued at a net asset value unit price determined by the portfolio's sponsor based on the fair value of underlying assets held by the common collective trust on September 30, 2023 and 2022. The common collective trusts hold underlying investments that have prices derived from quoted prices in active markets. The underlying assets are principally marketable equity and fixed income securities.

NOTE 11. ASSOCIATE MEDICAL BENEFITS

The Company provides comprehensive major medical benefits to its associates. The Company is self-insured for certain health benefits up to \$1.0 per occurrence per individual. The cost of such benefits is recognized as expense in the period the claim is incurred and was \$40.1, \$46.6 and \$43.7 in fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

The Company also provides comprehensive major medical benefits to certain retired associates and their dependents. Substantially all of the Company's domestic associates who were hired before January 1, 1998 become eligible for these benefits if they retire at age 55 or older with more than ten years of service. The retiree medical plan requires certain minimum contributions from retired associates and includes provisions to limit the overall cost increases the Company is required to cover. The Company funds its portion of retiree medical benefits as claims are paid.

The following tables set forth information about the retiree medical plan for domestic associates. The retiree medical plan is valued using a September 30 measurement date.

	2023	2022
Change in Accumulated Plan Benefit Obligation (“APBO”):		
Benefit obligation at beginning of year	\$ 15.7	\$ 20.1

The Company's aggregate scheduled maturities of debt, excluding finance lease obligations, are as follows:

2024	\$ 50.4
2025	50.0
2026	50.0
2027	1,113.3
2028	—
Thereafter	1,350.0
	<u>\$ 2,613.7</u>

Credit Facilities

On July 5, 2018, the Company entered into a fifth amended and restated credit agreement, which provided the Company and certain of its subsidiaries with five-year senior secured loan facilities in the aggregate principal amount of \$2,300.0, comprised of a revolving credit facility of \$1,500.0 and a term loan in the original principal amount of \$800.0.

On April 8, 2022, the Company entered into the Sixth A&R Credit Agreement, providing the Company and certain of its subsidiaries with five-year senior secured loan facilities in the aggregate principal amount of \$2,500.0, comprised of a revolving credit facility of \$1,500.0 and a term loan in the original principal amount of \$1,000.0. The Sixth A&R Credit Agreement replaced the fifth amended and restated credit agreement and will terminate on April 8, 2027. The Sixth A&R Credit Facilities

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

are available for the issuance of letters of credit up to \$100.0. The terms of the Sixth A&R Credit Agreement include customary representations and warranties, affirmative and negative covenants, financial covenants, and events of default.

Under the terms of the Sixth A&R Credit Agreement, loans bear interest, at the Company's election, at a rate per annum equal to either (i) the Alternate Base Rate plus the Applicable Spread (each, as defined in the Sixth A&R Credit Agreement) or (ii) the Adjusted Term SOFR Rate for the Interest Period in effect for such borrowing plus the Applicable Spread (all as defined in the Sixth A&R Credit Agreement). Swingline Loans bear interest at the applicable Swingline Rate set forth in the Sixth A&R Credit Agreement. Interest rates for other select non-U.S. dollar borrowings, including borrowings denominated in euro, Pounds Sterling and Canadian dollars, are based on separate interest rate indices, as set forth in the Sixth A&R Credit Agreement.

On June 8, 2022, the Company entered into Amendment No. 1 to the Sixth A&R Credit Agreement. Amendment No. 1 increased the maximum permitted leverage ratio for the quarterly leverage covenant until April 1, 2024. Amendment No. 1 also increased the interest rate applicable to borrowings under the revolving credit facility by 35 bps and the term loan facility by 50 bps, and increased the annual facility fee rate on the revolving credit facility by 15 bps, in each case, when the Company's quarterly-tested leverage ratio exceeded 4.75.

On July 31, 2023, the Company entered into Amendment No. 2 to the Sixth A&R Credit Agreement. Amendment No. 2 (i) reduces the revolving loan commitments by \$250.0; (ii) increases the maximum permitted leverage ratio for the quarterly leverage covenant during the Leverage Adjustment Period; (iii) replaces the interest coverage covenant with a fixed charge coverage covenant; (iv) increases the interest rate applicable to borrowings under the revolving credit facility and the term loan facility by 25 bps for each existing pricing tier and adds a pricing tier applicable to periods when the leverage ratio exceeds 6.00; (v) limits the amount of certain incremental investments, loans and advances to \$25.0 during the Leverage Adjustment Period; and (vi) adds the Company's intellectual property (subject to certain exceptions) as collateral to secure its obligations under the Sixth A&R Credit Agreement. Additionally, Amendment No. 2 limits the Company's ability to declare or pay any discretionary dividends, distributions or other restricted payments during the Leverage Adjustment Period to only the payment of (i) regularly scheduled cash dividends to holders of its Common Shares in an aggregate amount not to exceed \$225.0 per fiscal year and (ii) other dividends, distributions or other restricted payments in an aggregate amount not to exceed \$25.0. Amendment No. 2 also subjects the Company's ability to make certain investments to pro forma compliance with certain leverage levels specified in Amendment No. 2. Pursuant to Amendment No. 2, the Sixth A&R Credit Agreement is secured by (i) a perfected first priority security interest in all of the accounts receivable, inventory, equipment and intellectual property (subject to certain exceptions) of Scotts Miracle-Gro and certain of its domestic subsidiaries and (ii) the pledge of all of the capital stock of certain of Scotts Miracle-Gro's domestic subsidiaries and a portion of the capital stock of certain of its foreign subsidiaries.

At September 30, 2023, the Company had letters of credit outstanding in the aggregate principal amount of \$5.0, and had \$1,156.7 of borrowing availability under the Sixth A&R Credit Agreement. The weighted average interest rates on average borrowings under the credit facilities, excluding the impact of interest rate swaps, were 7.6%, 2.8% and 1.9% for fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

The Sixth A&R Credit Agreement contains, among other obligations, an affirmative covenant regarding the Company's leverage ratio determined as of the end of each of its fiscal quarters calculated as average total indebtedness, divided by the Company's Adjusted EBITDA. Pursuant to Amendment No. 2, the maximum permitted leverage ratio is (i) 7.75 for the fourth quarter of fiscal 2023, (ii) 8.25 for the first quarter of fiscal 2024, (iii) 7.75 for the second quarter of fiscal 2024, (iv) 6.50 for the third quarter of fiscal 2024, (v) 6.00 for the fourth quarter of fiscal 2024, (vi) 5.50 for the first quarter of fiscal 2025, (vii) 5.25 for the second quarter of fiscal 2025, (viii) 5.00 for the third quarter of fiscal 2025, (ix) 4.75 for the fourth quarter of fiscal 2025 and (x) 4.50 for the first quarter of fiscal 2026 and thereafter. The Company's leverage ratio was 6.57 at September 30, 2023. Pursuant to Amendment No. 2, the Sixth A&R Credit Agreement also contains an affirmative covenant regarding the Company's fixed charge coverage ratio determined as of the end of each of its fiscal quarters, calculated as Adjusted EBITDA minus capital expenditures and expense for taxes paid in cash, divided by the sum of interest expense plus restricted payments, as described in Amendment No. 2. The minimum required fixed charge coverage ratio is (i) 0.75 for the fourth quarter of fiscal 2023 through the third quarter of fiscal 2024 and (ii) 1.00 for the fourth quarter of fiscal 2024 and thereafter. The Company's fixed charge coverage ratio was 1.56 for the twelve months ended September 30, 2023.

As of September 30, 2023, the Company was in compliance with all applicable covenants in the agreements governing its debt. Based on the Company's projections of its financial performance for the twelve-month period subsequent to the date of the filing of this Form 10-K, the Company expects to remain in compliance with the financial covenants under the Sixth A&R Credit Agreement. However, the Company's assessment of its ability to meet its future obligations is inherently subjective, judgment-based, and susceptible to change based on future events. A covenant violation may result in an event of default. Such a default would allow the lenders under the Sixth A&R Credit Agreement to accelerate the maturity of the indebtedness

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

thereunder and would also implicate cross-default provisions under the Senior Notes, and cause the Senior Notes to become due and payable at that time. As of September 30, 2023, the Company's indebtedness under the Sixth A&R Credit Agreement and Senior Notes was \$2,613.3. The Company does not have sufficient cash on hand or available liquidity that can be utilized to repay these outstanding amounts in the event of default.

As part of its contingency planning to address potential future circumstances that could result in noncompliance, the Company has contemplated alternative plans including additional restructuring activities to reduce operating expenses and certain cash management strategies that are within the Company's control. Additionally, the Company has contemplated alternative plans that are subject to market conditions and not in the Company's control, including, among others, discussions with its lenders to amend the terms of its financial covenants under the Sixth A&R Credit Agreement and generating cash by completing other financing transactions, which may include issuing equity. There is no assurance that the Company will be successful in implementing these alternative plans.

Senior Notes

On December 15, 2016, Scotts Miracle-Gro issued \$250.0 aggregate principal amount of 5.250% Senior Notes due 2026. The 5.250% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with the Company's existing and future unsecured senior debt. The 5.250% Senior Notes have interest payment dates of June 15 and December 15 of each year.

On October 22, 2019, Scotts Miracle-Gro issued \$450.0 aggregate principal amount of 4.500% Senior Notes due 2029. The 4.500% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with the Company's existing and future unsecured senior debt. The 4.500% Senior Notes have interest payment dates of April 15 and October 15 of each year.

On March 17, 2021, Scotts Miracle-Gro issued \$500.0 aggregate principal amount of 4.000% Senior Notes due 2031. The 4.000% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with the Company's existing and future unsecured senior debt. The 4.000% Senior Notes have interest payment dates of April 1 and October 1 of each year.

On August 13, 2021, Scotts Miracle-Gro issued \$400.0 aggregate principal amount of 4.375% Senior Notes due 2032. The 4.375% Senior Notes represent general unsecured senior obligations and rank equal in right of payment with the Company's existing and future unsecured senior debt. The 4.375% Senior Notes have interest payment dates of February 1 and August 1 of each year.

Substantially all of Scotts Miracle-Gro's directly and indirectly owned domestic subsidiaries serve as guarantors of the 5.250% Senior Notes, the 4.500% Senior Notes, the 4.000% Senior Notes and the 4.375% Senior Notes.

The Senior Notes contain an affirmative covenant regarding the Company's interest coverage ratio determined as of the end of each of its fiscal quarters, calculated as Adjusted EBITDA divided by interest expense excluding costs related to refinancings. The minimum required interest coverage ratio is 2.00. The Company's interest coverage ratio was 2.81 for the twelve months ended September 30, 2023.

Receivables Facility

On April 7, 2017, the Company entered into a Receivables Facility under which the Company could sell a portfolio of available and eligible outstanding customer accounts receivable to the purchasers subject to agreeing to repurchase the receivables on a weekly basis. The eligible accounts receivable consisted of accounts receivable generated by sales to three specified customers. The eligible amount of customer accounts receivables which could be sold under the Receivables Facility was \$400.0 and the commitment amount during the seasonal commitment period that began on February 24, 2023 and ended on June 16, 2023 was \$160.0. The Receivables Facility expired on August 18, 2023.

The sale of receivables under the Receivables Facility was accounted for as short-term debt and the Company continued to carry the receivables on its Consolidated Balance Sheets, primarily as a result of its requirement to repurchase receivables sold. As of September 30, 2022, there were \$75.0 in borrowings on receivables pledged as collateral under the Receivables Facility, and the carrying value of the receivables pledged as collateral was \$79.8.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Interest Rate Swap Agreements

The Company enters into interest rate swap agreements with major financial institutions that effectively convert a portion of the Company's variable-rate debt to a fixed rate. Interest payments made between the effective date and expiration date are hedged by the swap agreements. Swap agreements that were hedging interest payments as of September 30, 2023 and 2022 had a maximum total U.S. dollar equivalent notional amount of \$600.0 and \$800.0, respectively. On October 26, 2023, the Company executed an interest rate swap agreement with a notional amount that adjusts in accordance with a specified seasonal schedule, and a maximum notional amount of \$100.0. This swap agreement has a fixed rate of 4.74%, an effective date of November 20, 2023 and an expiration date of March 22, 2027. The notional amount, effective date, expiration date and rate of each of the swap agreements outstanding at September 30, 2023 are shown in the table below:

Notional Amount (\$)	Effective Date (a)	Expiration Date	Fixed Rate
200 (b)	1/20/2022	6/20/2024	0.49 %
200	6/7/2023	6/8/2026	0.80 %
150	6/7/2023	4/7/2027	3.37 %
50	6/7/2023	4/7/2027	3.34 %

- (a) The effective date refers to the date on which interest payments are first hedged by the applicable swap agreement.
(b) Notional amount adjusts in accordance with a specified seasonal schedule. This represents the maximum notional amount at any point in time.

Weighted Average Interest Rate

The weighted average interest rates on the Company's debt, including the impact of interest rate swaps, were 5.4%, 3.6% and 3.7% for fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

NOTE 13. EQUITY (DEFICIT)

Authorized and issued shares consisted of the following (in millions):

	September 30,	
	2023	2022
Preferred shares, no par value:		
Authorized	0.2 shares	0.2 shares
Issued	0.0 shares	0.0 shares
Common shares, no par value, \$0.01 stated value per share:		
Authorized	100.0 shares	100.0 shares
Issued	68.1 shares	68.1 shares

In fiscal 1995, The Scotts Company merged with Stern's Miracle-Gro Products, Inc. ("Miracle-Gro"). At September 30, 2023, the former shareholders of Miracle-Gro, including the Hagedorn Partnership, L.P., owned approximately 24% of Scotts Miracle-Gro's outstanding Common Shares on a fully diluted basis and, therefore, have the ability to significantly influence the election of directors and other actions requiring the approval of Scotts Miracle-Gro's shareholders.

Under the terms of the merger agreement with Miracle-Gro, the former shareholders of Miracle-Gro may not collectively acquire, directly or indirectly, beneficial ownership of Voting Stock (as that term is defined in the Miracle-Gro merger agreement) representing more than 49% of the total voting power of the outstanding Voting Stock, except pursuant to a tender offer for 100% of that total voting power, which tender offer is made at a price per share which is not less than the market price per share on the last trading day before the announcement of the tender offer and is conditioned upon the receipt of at least 50% of the Voting Stock beneficially owned by shareholders of Scotts Miracle-Gro other than the former shareholders of Miracle-Gro and their affiliates and associates.

The sum of the components may not equal due to rounding.

Share Repurchases

On February 6, 2020, Scotts Miracle-Gro announced that its Board of Directors authorized the repurchase of up to \$750.0 of Common Shares from April 30, 2020 through March 25, 2023. There were no share repurchases under this share repurchase authorization during fiscal 2023 through its expiration on March 25, 2023. During fiscal 2022 and fiscal 2021, Scotts Miracle-Gro repurchased 1.1 million and 0.6 million Common Shares under this share repurchase authorization for \$175.0 and \$113.1, respectively. Treasury share purchases also include cash paid to tax authorities to satisfy statutory income tax withholding obligations related to share-based compensation of \$9.3, \$82.9 and \$16.3 for fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Share-Based Awards

In January 2023, the shareholders of Scotts Miracle-Gro approved an amendment and restatement of The Scotts Miracle-Gro Company Long-Term Incentive Plan. As of September 30, 2023, the Company is authorized under this plan to grant up to approximately 5.6 million Common Shares, which includes an estimate of the number of Common Shares subject to outstanding awards under the plan that terminate, expire, or are cancelled, forfeited, exchanged, or surrendered without having been exercised, vested, or paid. At September 30, 2023, approximately 3.2 million Common Shares were not subject to outstanding awards and were available to underlie the grant of new share-based awards. Common Shares held in treasury totaling 0.4 million, 0.9 million and 0.4 million were reissued in support of share-based compensation awards under this plan and employee purchases under the employee stock purchase plan during fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

Subsequent to September 30, 2023, the Company awarded restricted stock units and stock options representing 1.5 million Common Shares to employees with an estimated grant date fair value of \$29.8.

Total share-based compensation was as follows for each of the periods indicated:

	Year Ended September 30,		
	2023	2022	2021
Share-based compensation	\$ 68.1	\$ 30.3	\$ 40.6
Related tax benefit recognized	15.6	4.9	7.4

Excess tax benefit (tax deficiency) related to share-based compensation was \$(1.5), \$14.8 and \$18.3 for fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

Stock Options

Stock option activity was as follows:

	No. of Options	Wtd. Avg. Exercise Price	Wtd Avg Remaining Life	Aggregate Intrinsic Value
Awards outstanding at September 30, 2022	528,471	\$ 110.86	4.4 years	
Granted	696,268	52.54		
Forfeited	(33,556)	115.53		
Awards outstanding at September 30, 2023	<u>1,191,183</u>	76.64	6.6 years	\$ 0.8
Exercisable	399,223	66.24	2.2 years	—

The weighted average fair value per share of each option granted during fiscal 2023 and fiscal 2021 was \$14.25 and \$61.15, respectively. There were no options granted during fiscal 2022. The total intrinsic value of options exercised during fiscal 2021 was \$41.8. There were no options exercised during fiscal 2023 or fiscal 2022. As of September 30, 2023, there was \$2.9 of total unrecognized pre-tax compensation cost, net of estimated forfeitures, related to nonvested stock options that is expected to be recognized over a weighted-average period of 2.0 years. Cash received from the exercise of stock options, including amounts received from employee purchases under the employee purchase plan, was \$2.3, \$3.3 and \$15.2 for fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

The grant date fair value of stock option awards is estimated using a binomial model. Expected market price volatility is based on implied volatilities from traded options on Common Shares and historical volatility specific to the Common Shares. Historical data, including demographic factors impacting historical exercise behavior, is used to estimate stock option exercises and employee terminations within the valuation model. The risk-free rate for periods within the contractual life of the stock option is based on the U.S. Treasury yield curve in effect at the time of grant. The expected life of stock options is based on historical experience and expectation for grants outstanding. The weighted average assumptions for awards granted in fiscal 2023 are as follows:

Expected volatility	36.8 %
Risk-free interest rate	4.3 %
Expected dividend yield	3.9 %
Expected life	6.1 years

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Restricted share-based awards

Restricted share-based award activity (including restricted stock units and deferred stock units) was as follows:

	No. of Units	Wtd. Avg. Grant Date Fair Value per Unit
Awards outstanding at September 30, 2022	320,575	\$ 143.19
Granted	479,787	59.48
Vested	(140,334)	112.64
Forfeited	(48,190)	85.48
Awards outstanding at September 30, 2023	<u>611,838</u>	<u>89.10</u>

The weighted-average grant-date fair value of restricted stock-based awards granted during fiscal 2023, fiscal 2022 and fiscal 2021 was \$59.48, \$109.10 and \$230.95 per share, respectively. As of September 30, 2023, there was \$16.5 of total unrecognized pre-tax compensation cost, net of estimated forfeitures, related to nonvested restricted stock-based awards that is expected to be recognized over a weighted-average period of 1.5 years. The total fair value of restricted stock units and deferred stock units vested during fiscal 2023, fiscal 2022 and fiscal 2021 was \$11.2, \$28.2 and \$41.8, respectively.

Performance-based awards

Performance-based award activity was as follows (based on target award amounts):

	No. of Units	Wtd. Avg. Grant Date Fair Value per Unit
Awards outstanding at September 30, 2022	113,256	\$ 130.94
Granted	707,665	66.00
Vested ^(a)	(250,586)	69.16
Forfeited	(25,545)	91.56
Awards outstanding at September 30, 2023	<u>544,790</u>	<u>76.85</u>

(a) Vested at a weighted average of 102% of the target performance share units granted.

The weighted-average grant-date fair value of performance-based awards granted during fiscal 2023, fiscal 2022 and fiscal 2021 was \$66.00, \$132.74 and \$236.53 per share, respectively. As of September 30, 2023, there was \$1.8 of total unrecognized pre-tax compensation cost, net of estimated forfeitures, related to nonvested performance-based awards that is expected to be recognized over a weighted-average period of 2.4 years. The total fair value of performance-based units vested during fiscal 2023, fiscal 2022 and fiscal 2021 was \$17.4, \$182.5 and \$11.9, respectively.

During fiscal 2023, short-term variable incentive compensation was provided to certain employees as performance-based awards in lieu of a cash-based program. During the third quarter of fiscal 2023, a cumulative adjustment was recognized to share-based compensation expense for certain of these performance-based award units to reflect management's assessment of a lower probability of achievement of performance goals. During the fourth quarter of fiscal 2023, 0.2 million performance-based awards issued in lieu of a cash-based short-term variable incentive compensation program were modified to remove the specified performance targets. As a result of that modification, the Company recognized \$10.6 of additional compensation expense during the fourth quarter of fiscal 2023.

Restricted shares issued to vendor

During fiscal 2023, the Company issued 0.8 million restricted shares, with a weighted-average grant date fair value of \$52.44 per share, out of its treasury shares to a vendor in exchange for advertising services. As of September 30, 2023, there was \$20.7 of total unrecognized pre-tax compensation cost related to these restricted shares that is expected to be recognized during fiscal 2024.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

NOTE 14. EARNINGS PER COMMON SHARE

The following table presents information necessary to calculate basic and diluted income per Common Share.

	Year Ended September 30,		
	2023	2022	2021
Income (loss) from continuing operations	\$ (380.1)	\$ (437.5)	\$ 517.3
Net income attributable to noncontrolling interest	—	—	(0.9)
Income (loss) attributable to controlling interest from continuing operations	(380.1)	(437.5)	516.4
Loss from discontinued operations, net of tax	—	—	(3.9)
Net income (loss) attributable to controlling interest	<u>\$ (380.1)</u>	<u>\$ (437.5)</u>	<u>\$ 512.5</u>
Basic income (loss) per common share:			
Weighted-average common shares outstanding during the period	56.0	55.5	55.7
Income (loss) from continuing operations	\$ (6.79)	\$ (7.88)	\$ 9.27
Loss from discontinued operations	—	—	(0.07)
Basic net income (loss) per common share	<u>\$ (6.79)</u>	<u>\$ (7.88)</u>	<u>\$ 9.20</u>
Diluted income (loss) per common share:			
Weighted-average common shares outstanding during the period	56.0	55.5	55.7
Dilutive potential common shares	—	—	1.5
Weighted-average number of common shares outstanding and dilutive potential common shares	<u>56.0</u>	<u>55.5</u>	<u>57.2</u>
Income (loss) from continuing operations	\$ (6.79)	\$ (7.88)	\$ 9.03
Loss from discontinued operations	—	—	(0.07)
Diluted net income (loss) per common share	<u>\$ (6.79)</u>	<u>\$ (7.88)</u>	<u>\$ 8.96</u>
Antidilutive stock options outstanding	0.4	0.2	0.1

Diluted average common shares used in the diluted loss per common share calculation for fiscal 2023 and fiscal 2022 were 56.0 million and 55.5 million, respectively, which excluded potential Common Shares of 0.4 million and 0.6 million, respectively, because the effect of their inclusion would be anti-dilutive as the Company incurred a net loss for fiscal 2023 and 2022.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

NOTE 15. INCOME TAXES

The provision (benefit) for income taxes allocated to continuing operations consisted of the following:

	Year Ended September 30,		
	2023	2022	2021
Current:			
Federal	\$ 3.7	\$ 22.8	\$ 113.7
State	0.6	9.3	31.6
Foreign	1.6	8.7	2.7
Total current	<u>5.9</u>	<u>40.8</u>	<u>148.0</u>
Deferred:			
Federal	(62.1)	(125.5)	9.1
State	(5.2)	(23.3)	1.5
Foreign	(11.8)	(12.6)	1.2
Total deferred	<u>(79.1)</u>	<u>(161.4)</u>	<u>11.8</u>
Income tax expense (benefit) from continuing operations	<u>\$ (73.2)</u>	<u>\$ (120.6)</u>	<u>\$ 159.8</u>

The domestic and foreign components of income (loss) from continuing operations before income taxes were as follows:

	Year Ended September 30,		
	2023	2022	2021
Domestic	\$ (376.2)	\$ (427.3)	\$ 670.2
Foreign	(77.1)	(130.8)	6.9
Income (loss) from continuing operations before income taxes	<u>\$ (453.3)</u>	<u>\$ (558.1)</u>	<u>\$ 677.1</u>

A reconciliation of the federal corporate income tax rate and the effective tax rate on income (loss) from continuing operations before income taxes is summarized below:

	Year Ended September 30,		
	2023	2022	2021
Statutory income tax rate	21.0 %	21.0 %	21.0 %
Effect of foreign operations	0.2	(1.6)	(0.2)
State taxes, net of federal benefit	3.2	2.6	3.9
Effect of other permanent differences	(0.8)	2.8	(1.1)
Research and Experimentation and other federal tax credits	0.2	0.2	(0.2)
Effect of tax contingencies	0.1	(1.8)	—
Change in valuation allowances	(8.7)	(0.9)	0.1
Other	1.0	(0.7)	0.1
Effective income tax rate	<u>16.2 %</u>	<u>21.6 %</u>	<u>23.6 %</u>

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Deferred income taxes arise from temporary differences between financial reporting and tax reporting bases of assets and liabilities, and operating loss and tax credit carryforwards for tax purposes. The components of the deferred income tax assets and liabilities were as follows:

	September 30,	
	2023	2022
DEFERRED TAX ASSETS		
Intangible assets	\$ 79.2	\$ 60.8
Lease liabilities	70.0	70.7
Net operating loss carryovers	67.3	21.7
Accrued liabilities	48.7	80.8
Interest limitation carryforward	35.9	—
Convertible debt investments	33.4	25.3
Inventories	26.1	43.2
Foreign tax credit carryovers	16.3	15.0
Outside basis difference in equity investments	10.4	—
Accounts receivable	8.9	8.7
Other	14.9	12.5
Gross deferred tax assets	411.1	338.7
Valuation allowance	(87.7)	(40.7)
Total deferred tax assets	323.4	298.0
DEFERRED TAX LIABILITIES		
Property, plant and equipment	(62.7)	(65.8)
Lease right-of-use assets	(62.1)	(68.6)
Derivative contracts	(5.8)	(10.5)
Outside basis difference in equity investments	—	(14.8)
Other	(4.1)	(3.3)
Total deferred tax liabilities	(134.7)	(163.0)
Net deferred tax asset	\$ 188.7	\$ 135.0

At September 30, 2023 and 2022, after netting by taxing jurisdiction, net deferred tax assets of \$189.8 and \$143.5, respectively, were recorded in the “Other assets” line in the Consolidated Balance Sheets, and net deferred tax liabilities of \$1.1 and \$8.5, respectively, were recorded in the “Other liabilities” line in the Consolidated Balance Sheets.

GAAP requires that a valuation allowance be recorded against a deferred tax asset if it is more likely than not that the tax benefit associated with the asset will not be realized in the future. As shown in the table above, valuation allowances were recorded against \$87.7 and \$40.7 of deferred tax assets as of September 30, 2023 and 2022, respectively. Most of these valuation allowances relate to losses on convertible debt investments, credits, and net operating losses (“NOLs”), as explained further below.

Deferred tax assets related to unrealized losses on convertible debt investments were \$33.4 and \$25.3 at September 30, 2023 and 2022, respectively. A full valuation allowance has been established against these losses at September 30, 2023 as the Company does not expect to utilize them prior to their expiration.

Deferred tax assets related to foreign tax credits were \$16.3 and \$15.0 at September 30, 2023 and 2022, respectively. A full valuation allowance has been established against these foreign tax credits at September 30, 2023 as the Company does not expect to utilize them prior to their expiration. Tax benefits associated with state tax credits will also expire if not utilized and amounted to \$1.4 at September 30, 2023 and 2022. A valuation allowance in the amount of \$1.3 has been established at September 30, 2023 related to state credits the Company does not expect to utilize.

Deferred tax assets related to certain federal NOLs subject to limitation under IRC §382 from current and prior ownership changes were \$10.5 and \$10.7 at September 30, 2023 and 2022, respectively. These NOLs will be subject to expiration gradually from fiscal year end 2023 through fiscal year end 2032. The Company determined that \$10.2 of these deferred tax assets will expire unutilized due to the closing of statutes of limitation and has established a valuation allowance accordingly at September 30, 2023. The Company had deferred tax assets related to federal NOLs not subject to limitation of \$33.3 at September 30, 2023, which can be utilized to reduce future years' tax liabilities.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Deferred tax assets related to foreign NOLs of certain controlled foreign corporations were \$8.3 and \$3.7 as of September 30, 2023 and 2022, respectively. Due to a history of losses, a valuation allowance of \$6.4 has been established against these deferred tax assets as of September 30, 2023. A valuation allowance has also been established against deferred tax assets related to other foreign items of \$11.0 at September 30, 2023.

Deferred tax assets related to state NOLs were \$15.2 and \$7.3 as of September 30, 2023 and 2022, respectively, with carryforward periods ranging from 5 to 20 years. Any losses not utilized within a specific state's carryforward period will expire. A valuation allowance was recorded against \$6.9 of these deferred tax assets as of September 30, 2023 for state NOLs that the Company does not expect to realize within their respective carryforward periods. A valuation allowance has also been established against deferred tax assets related to other state items of \$2.2 at September 30, 2023.

As of September 30, 2023, the Company maintains its assertions of indefinite reinvestment of the earnings of all material foreign subsidiaries.

The Company had \$34.6, \$35.8 and \$24.1 of gross unrecognized tax benefits related to uncertain tax positions at September 30, 2023, 2022 and 2021, respectively. Included in the September 30, 2023, 2022 and 2021 balances were \$31.1, \$31.5 and \$19.9, respectively, of unrecognized tax benefits that, if recognized, would have an impact on the effective tax rate.

A reconciliation of the unrecognized tax benefits is as follows:

	Year Ended September 30,		
	2023	2022	2021
Balance at beginning of year	\$ 35.8	\$ 24.1	\$ 30.2
Additions for tax positions of the current year	0.2	11.3	0.3
Additions for tax positions of prior years	3.8	2.2	6.1
Reductions for tax positions of prior years	(0.2)	(2.5)	(5.9)
Settlements with tax authorities	(0.1)	1.3	0.2
Expiration of statutes of limitation	(4.9)	(0.6)	(6.8)
Balance at end of year	<u>\$ 34.6</u>	<u>\$ 35.8</u>	<u>\$ 24.1</u>

The Company continues to recognize accrued interest and penalties related to unrecognized tax benefits as a component of the provision for income taxes. As of September 30, 2023, 2022 and 2021, the Company had \$3.9, \$3.2 and \$2.7, respectively, accrued for the payment of interest that, if recognized, would impact the effective tax rate. The Company had \$1.3, \$1.6 and \$1.6 accrued for the payment of penalties as of September 30, 2023, 2022 and 2021, respectively.

Scotts Miracle-Gro or one of its subsidiaries files income tax returns in the U.S. federal jurisdiction and various state, local and foreign jurisdictions. Subject to the following exceptions, the Company is no longer subject to examination by these tax authorities for fiscal years prior to 2020. There are currently no ongoing audits with respect to the U.S. federal jurisdiction. With respect to the foreign jurisdictions, a German audit covering fiscal years 2018 through 2020 and a Canadian audit covering fiscal years 2020 through 2021 are in process. The Company is currently under examination by certain U.S. state and local tax authorities covering various periods from fiscal years 2018 through 2021. In addition to the aforementioned audits, certain other tax deficiency notices and refund claims for previous years remain unresolved.

The Company currently anticipates that few of its open and active audits will be resolved within the next twelve months. The Company is unable to make a reasonably reliable estimate as to when or if cash settlements with taxing authorities may occur. Although the outcomes of such examinations and the timing of any payments required upon the conclusion of such examinations are subject to significant uncertainty, the Company does not anticipate that the resolution of these tax matters or any events related thereto will result in a material change to its consolidated financial position, results of operations or cash flows.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

NOTE 16. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

The Company is exposed to market risks, such as changes in interest rates, currency exchange rates and commodity prices. To manage a portion of the volatility related to these exposures, the Company enters into various financial transactions. The utilization of these financial transactions is governed by policies covering acceptable counterparty exposure, instrument types and other hedging practices. The Company does not hold or issue derivative financial instruments for speculative trading purposes.

Exchange Rate Risk Management

The Company uses currency forward contracts to manage the exchange rate risk associated with intercompany loans and certain other balances denominated in foreign currencies. Currency forward contracts are valued using observable forward rates in commonly quoted intervals for the full term of the contracts. The notional amount of outstanding currency forward contracts was \$123.1 and \$178.6 at September 30, 2023 and 2022, respectively. Contracts outstanding at September 30, 2023 will mature over the next fiscal quarter.

Interest Rate Risk Management

The Company enters into interest rate swap agreements as a means to hedge its variable interest rate risk on debt instruments. Net amounts to be received or paid under the swap agreements are reflected as adjustments to interest expense. The Company has outstanding interest rate swap agreements with major financial institutions that effectively convert a portion of the Company's variable-rate debt to a fixed rate. Interest rate swap agreements are valued based on the present value of the estimated future net cash flows using implied rates in the applicable yield curve as of the valuation date. Swap agreements that were hedging interest payments as of September 30, 2023 and 2022 had a maximum total U.S. dollar equivalent notional amount of \$600.0 and \$800.0, respectively. Refer to "NOTE 12. DEBT" for the terms of the swap agreements outstanding at September 30, 2023. Included in the AOCL balance at September 30, 2023 was a gain of \$12.3 related to interest rate swap agreements that is expected to be reclassified to earnings during the next twelve months, consistent with the timing of the underlying hedged transactions.

Commodity Price Risk Management

The Company enters into hedging arrangements designed to fix the price of a portion of its projected future urea and diesel requirements. Commodity contracts are valued using observable commodity exchange prices in active markets. Included in the AOCL balance at September 30, 2023 was a loss of \$3.2 related to commodity hedges that is expected to be reclassified to earnings during the next twelve months, consistent with the timing of the underlying hedged transactions.

The Company had the following outstanding commodity contracts that were entered into to hedge forecasted purchases:

	September 30,	
	2023	2022
Commodity		
Urea	52,500 tons	54,000 tons
Diesel	1,974,000 gallons	3,150,000 gallons
Heating Oil	966,000 gallons	1,218,000 gallons

Fair Values of Derivative Instruments

The fair values of the Company's derivative instruments, which represent Level 2 fair value measurements, were as follows:

	Balance Sheet Location	Assets / (Liabilities)	
		2023	2022
Derivatives Designated as Hedging Instruments		Fair Value	
Interest rate swap agreements	Prepaid and other current assets	\$ 16.7	\$ 12.8
	Other assets	14.7	18.2
Commodity hedging instruments	Prepaid and other current assets	2.3	2.4
Total derivatives designated as hedging instruments		<u>\$ 33.7</u>	<u>\$ 33.4</u>
Derivatives Not Designated as Hedging Instruments			
Currency forward contracts	Prepaid and other current assets	\$ 5.6	\$ 3.4
Commodity hedging instruments	Prepaid and other current assets	0.9	0.4
Total derivatives not designated as hedging instruments		6.5	3.8
Total derivatives		<u>\$ 40.2</u>	<u>\$ 37.2</u>

The effect of derivative instruments on AOCL, net of tax, and the Consolidated Statements of Operations for the years ended September 30 was as follows:

Derivatives in Cash Flow Hedging Relationships		Amount of Gain / (Loss) Recognized in AOCL	
		2023	2022
Interest rate swap agreements		\$ 11.3	\$ 24.1
Commodity hedging instruments		(7.1)	5.8
Total		<u>\$ 4.2</u>	<u>\$ 29.9</u>

Derivatives in Cash Flow Hedging Relationships	Reclassified from AOCL into Statement of Operations	Amount of Gain / (Loss)	
		2023	2022
Interest rate swap agreements	Interest expense	\$ 11.5	\$ (2.1)
Commodity hedging instruments	Cost of sales	5.9	8.9
Total		<u>\$ 17.4</u>	<u>\$ 6.8</u>

Derivatives Not Designated as Hedging Instruments	Recognized in Statement of Operations	Amount of Gain / (Loss)	
		2023	2022
Currency forward contracts	Other income / expense, net	\$ (14.7)	\$ 17.9
Commodity hedging instruments	Cost of sales	1.2	10.5
Total		<u>\$ (13.5)</u>	<u>\$ 28.4</u>

NOTE 17. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or the most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. A three-level fair value hierarchy prioritizes the inputs used to measure fair value. The hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 — Quoted prices in active markets for identical assets or liabilities.

Level 2 — Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The following describes the valuation methodologies used for financial assets and liabilities measured or disclosed at fair value on a recurring basis, as well as the general classification within the valuation hierarchy.

Cash Equivalents

Cash equivalents consist of highly liquid financial instruments with original maturities of three months or less. The carrying value of these cash equivalents approximates fair value due to their short-term maturities.

Other

Investment securities in non-qualified retirement plan assets are valued using observable market prices in active markets. Loans receivable were carried at outstanding principal amount. The estimated fair value was determined using an income-based approach, which included market participant expectations of cash flows over the remaining useful life discounted to present value using an appropriate discount rate. The estimate required subjective assumptions to be made, including those related to credit risk and discount rates.

The fair values of convertible debt investments are determined using scenario-based internally developed valuation models that consider a probability-weighted assessment of possible future cash flows related to the debt component and the conversion component of the instruments, discounted to present value using an appropriate discount rate. The probability of amendments to federal laws in the United States to allow for the general cultivation, distribution, and possession of cannabis, and the impact of such amendments on the value of the underlying investments are important assumptions in the fair value estimates. The valuation models and related assumptions require significant judgment. These and other assumptions are impacted by economic conditions and expectations of management and may change in the future based on period specific facts and circumstances.

Debt Instruments

Debt instruments are recorded at cost. The interest rate on borrowings under the Sixth A&R Credit Agreement fluctuates in accordance with the terms of the Sixth A&R Credit Agreement and thus the carrying value is a reasonable estimate of fair value. The fair values of the 4.000% Senior Notes, 4.375% Senior Notes, 4.500% Senior Notes and 5.250% Senior Notes are determined based on quoted market prices. The interest rate on the short-term debt associated with accounts receivable pledged under the Receivables Facility fluctuated in accordance with the terms of the Receivables Facility and thus the carrying value is a reasonable estimate of fair value.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

The following table summarizes the fair value of the Company's assets and liabilities for which disclosure of fair value is required:

	Fair Value Hierarchy Level	2023		2022	
		Carrying Amount	Estimated Fair Value	Carrying Amount	Estimated Fair Value
Assets					
Cash equivalents	Level 1	\$ 1.2	\$ 1.2	\$ 64.3	\$ 64.3
Other					
Investment securities in non-qualified retirement plan assets	Level 1	36.3	36.3	38.4	38.4
Loans receivable	Level 3	—	—	32.8	32.8
Convertible debt investments	Level 3	85.8	85.8	117.0	117.0
Liabilities					
Debt instruments					
Credit facilities – revolving loans	Level 2	88.3	88.3	300.5	300.5
Credit facilities – term loans	Level 2	925.0	925.0	975.0	975.0
Senior Notes due 2031 – 4.000%	Level 2	500.0	380.0	500.0	350.6
Senior Notes due 2032 – 4.375%	Level 2	400.0	304.0	400.0	284.0
Senior Notes due 2029 – 4.500%	Level 2	450.0	366.8	450.0	325.7
Senior Notes due 2026 – 5.250%	Level 2	250.0	233.1	250.0	230.0
Receivables facility	Level 2	—	—	75.0	75.0
Other debt	Level 2	0.4	0.4	12.7	12.7

Changes in the balance of Level 3 convertible debt investments carried at fair value are presented below. There were no transfers into or out of Level 3.

	Year Ended September 30,	
	2023	2022
Fair value at beginning of year	\$ 117.0	\$ 190.3
Purchases	—	25.0
Total realized / unrealized gains (losses) included in net earnings	(97.6)	3.7
Total realized / unrealized gains (losses) included in OCI	66.4	(102.0)
Fair value at end of year	<u>\$ 85.8</u>	<u>\$ 117.0</u>

During fiscal 2023, the Company recognized a non-cash, pre-tax other-than-temporary impairment charge related to its convertible debt investments of \$101.3 in the "Impairment, restructuring and other" line in the Consolidated Statements of Operations. This charge was driven by revisions to the Company's internal forecasts of cash flows expected to be collected from its convertible debt investments resulting from the accumulation of adverse conditions impacting the cannabis market, including both federal and state level regulatory considerations and persistent industry oversupply conditions.

The amortized cost basis of convertible debt investments was \$225.8 and \$222.1 at September 30, 2023 and 2022, respectively. At September 30, 2023 and 2022, gross unrealized losses on convertible debt investments were \$140.0 and \$105.1, respectively, and there were no gross unrealized gains. These investments have been in a continuous unrealized loss position for greater than 12 months as of September 30, 2023. The allowance for expected credit losses was \$101.3 and \$0.0 at September 30, 2023 and 2022, respectively. At September 30, 2023, the period until scheduled maturity of the Company's convertible debt investments was between 3.9 years and 6.0 years.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Credit losses on convertible debt investments are measured based on the present value of expected future cash flows compared to amortized cost. Impairment losses are recognized through an allowance and recoveries of previously impaired amounts are recorded as an immediate reversal of all or a portion of the allowance. In addition, the allowance for expected credit losses cannot cause the amortized cost net of the allowance to be below fair value. A progression of the allowance for expected credit losses on convertible debt investments is shown below:

	Year Ended September 30, 2023
Balance at beginning of year	\$ —
Provision for expected credit losses on securities with no previous allowance	101.3
Balance at end of year	\$ 101.3

NOTE 18. LEASES

The Company leases certain property and equipment from third parties under various non-cancelable lease agreements, including industrial, commercial and office properties and equipment that support the management, manufacturing, distribution and research and development of products marketed and sold by the Company. The lease agreements generally require that the Company pay taxes, insurance and maintenance expenses related to the leased assets. At September 30, 2023, the Company had entered into operating leases that were yet to commence with a combined total expected lease liability of \$54.1. From time to time, the Company will sublease portions of its facilities, resulting in sublease income. Sublease income and the related cash flows were not material to the consolidated financial statements for fiscal 2023.

The Company leases certain vehicles (primarily cars and light trucks) under agreements that are cancellable after the first year, but typically continue on a month-to-month basis until canceled by the Company. The vehicle leases and certain other non-cancelable operating leases contain residual value guarantees that create a contingent obligation on the part of the Company to compensate the lessor if the leased asset cannot be sold for an amount in excess of a specified minimum value at the conclusion of the lease term. If all such vehicle leases had been canceled as of September 30, 2023, the Company's residual value guarantee would have approximated \$5.2.

Supplemental balance sheet information related to the Company's leases was as follows:

	Balance Sheet Location	September 30, 2023	September 30, 2022
Operating leases:			
Right-of-use assets	Other assets	\$ 262.6	\$ 288.9
Current lease liabilities	Other current liabilities	76.4	76.2
Non-current lease liabilities	Other liabilities	220.1	223.2
Total operating lease liabilities		\$ 296.5	\$ 299.4
Finance leases:			
Right-of-use assets	Property, plant and equipment, net	\$ 14.5	\$ 26.4
Current lease liabilities	Current portion of debt	1.9	6.4
Non-current lease liabilities	Long-term debt	15.0	22.5
Total finance lease liabilities		\$ 16.9	\$ 28.9

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

Components of lease cost were as follows:

	Year Ended September 30,		
	2023	2022	2021
Operating lease cost ^(a)	\$ 92.3	\$ 86.7	\$ 70.3
Variable lease cost	28.6	35.9	29.4
Finance lease cost			
Amortization of right-of-use assets	3.0	6.4	6.0
Interest on lease liabilities	0.8	1.2	1.4
Total finance lease cost	<u>\$ 3.8</u>	<u>\$ 7.6</u>	<u>\$ 7.4</u>

- (a) Operating lease cost includes amortization of right-of-use assets of \$81.0, \$75.3 and \$62.3 for fiscal 2023, fiscal 2022 and fiscal 2021, respectively. Short-term lease expense is excluded from operating lease cost and was \$6.6, \$19.1 and \$22.8 for fiscal 2023, fiscal 2022 and fiscal 2021, respectively.

Supplemental cash flow information and non-cash activity related to the Company's leases were as follows:

	Year Ended September 30,		
	2023	2022	2021
Cash paid for amounts included in the measurement of lease liabilities:			
Operating cash flows from operating leases, net	\$ 93.0	\$ 83.9	\$ 66.9
Operating cash flows from finance leases	0.8	1.2	1.4
Financing cash flows from finance leases	2.7	5.9	5.3

Right-of-use assets obtained in exchange for lease obligations:

Operating leases	\$ 90.4	\$ 71.9	\$ 200.0
Finance leases	—	1.5	2.6

Weighted-average remaining lease term and discount rate for the Company's leases were as follows:

	September 30, 2023	September 30, 2022
Weighted-average remaining lease term (in years):		
Operating leases	5.4	4.9
Finance leases	9.5	7.3
Weighted-average discount rate:		
Operating leases	5.2 %	3.5 %
Finance leases	4.4 %	4.3 %

Maturities of lease liabilities by fiscal year for the Company's leases as of September 30, 2023 were as follows:

Year	Operating Leases	Finance Leases
2024	\$ 88.9	\$ 2.6
2025	73.8	2.5
2026	55.1	2.1
2027	31.4	1.8
2028	22.8	1.6
Thereafter	72.8	10.2
Total lease payments	<u>344.8</u>	<u>20.8</u>
Less: Imputed interest	(48.3)	(3.9)
Total lease liabilities	<u>\$ 296.5</u>	<u>\$ 16.9</u>

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

On September 21, 2022, the Company completed an asset sale-leaseback transaction relating to a facility in Vancouver, Washington. The Company received proceeds of \$44.7, net of selling costs, and the asset had a carrying value of \$36.7, resulting in a gain of \$8.0 on the transaction which was recorded in the “Impairment, restructuring and other” line in the Consolidated Statements of Operations during fiscal 2022. The leaseback has a term of 3 years and is accounted for as an operating lease.

NOTE 19. COMMITMENTS

At September 30, 2023, the Company had the following unconditional purchase obligations by purchase date that have not been recognized in the Consolidated Balance Sheet:

2024	\$	349.8
2025		185.7
2026		136.2
2027		52.1
2028		24.5
Thereafter		51.1
	<u>\$</u>	<u>799.4</u>

Purchase obligations primarily represent commitments for materials used in the Company’s manufacturing processes, including urea and packaging, as well as commitments for warehouse services, grass seed, marketing services and information technology services.

NOTE 20. CONTINGENCIES

Management regularly evaluates the Company’s contingencies, including various judicial and administrative proceedings and claims arising in the ordinary course of business, including product and general liabilities, workers’ compensation, property losses and other liabilities for which the Company is self-insured or retains a high exposure limit. Self-insurance accruals are established based on actuarial loss estimates for specific individual claims plus actuarially estimated amounts for incurred but not reported claims and adverse development factors applied to existing claims. Legal costs incurred in connection with the resolution of claims, lawsuits and other contingencies generally are expensed as incurred. In the opinion of management, the assessment of contingencies is reasonable and related accruals, in the aggregate, are adequate; however, there can be no assurance that final resolution of these matters will not have a material effect on the Company’s financial condition, results of operations or cash flows.

Regulatory Matters

At September 30, 2023, the Company had recorded liabilities of \$2.7 for environmental actions, the majority of which are for site remediation. The Company believes that the amounts accrued are adequate to cover such known environmental exposures based on current facts and estimates of likely outcomes. Although it is reasonably possible that the costs to resolve such known environmental exposures will exceed the amounts accrued, any variation from accrued amounts is not expected to be material.

Other

The Company has been named as a defendant in a number of cases alleging injuries that the lawsuits claim resulted from exposure to asbestos-containing products, apparently based on the Company’s historic use of vermiculite in certain of its products. In many of these cases, the complaints are not specific about the plaintiffs’ contacts with the Company or its products. The cases vary, but complaints in these cases generally seek unspecified monetary damages (actual, compensatory, consequential and punitive) from multiple defendants. The Company believes that the claims against it are without merit and is vigorously defending against them. No accruals have been recorded in the Company’s consolidated financial statements as the likelihood of a loss is not probable at this time; and the Company does not believe a reasonably possible loss would be material to, nor does it expect the ultimate resolution of these cases will have a material adverse effect on, the Company’s financial condition, results of operations or cash flows. There can be no assurance that future developments related to pending claims or claims filed in the future, whether as a result of adverse outcomes or as a result of significant defense costs, will not have a material effect on the Company’s financial condition, results of operations or cash flows.

THE SCOTTS MIRACLE-GRO COMPANY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)
(Dollars in millions, except per share data)

The Company is involved in other lawsuits and claims which arise in the normal course of business. These claims individually and in the aggregate are not expected to result in a material effect on the Company's financial condition, results of operations or cash flows.

NOTE 21. SEGMENT INFORMATION

The Company divides its operations into three reportable segments: U.S. Consumer, Hawthorne and Other. U.S. Consumer consists of the Company's consumer lawn and garden business in the United States. Hawthorne consists of the Company's indoor and hydroponic gardening business. Other primarily consists of the Company's consumer lawn and garden business in Canada. This identification of reportable segments is consistent with how the segments report to and are managed by the chief operating decision maker of the Company. In addition, Corporate consists of general and administrative expenses and certain other income and expense items not allocated to the business segments.

The performance of each reportable segment is evaluated based on several factors, including income (loss) from continuing operations before income taxes, amortization, impairment, restructuring and other charges ("Segment Profit (Loss)"). Senior management uses Segment Profit (Loss) to evaluate segment performance because the Company believes this measure is indicative of performance trends and the overall earnings potential of each segment.

The following tables present financial information for the Company's reportable segments for the periods indicated:

	Year Ended September 30,		
	2023	2022	2021
Net Sales:			
U.S. Consumer	\$ 2,843.7	\$ 2,928.8	\$ 3,197.7

CERTIFICATIONS**

I, James Hagedorn, certify that:

1. I have reviewed this Annual Report on Form 10-K of The Scotts Miracle-Gro Company for the fiscal year ended September 30, 2023;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

SECTION 1350 CERTIFICATIONS*

In connection with the Annual Report on Form 10-K of The Scotts Miracle-Gro Company (the “Company”) for the fiscal year ended September 30, 2023 as filed with the Securities and Exchange Commission on the date hereof (the “Report”), the undersigned James Hagedorn, Chief Executive Officer, President and Chairman of the Board of the Company, and Matthew E. Garth, Executive Vice President, Chief Financial Officer and Chief Administrative Officer of the Company, certify, pursuant to Section 1350 of Chapter 63 of Title 18 of the United States Code, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that, to the best of their knowledge:

- 1) The Report fully complies with the requirements of Section 13(a) of the Securities Exchange Act of 1934; and
- 2) The information contained in the Report fairly presents, in all material respects, the consolidated financial condition and results of operations of the Company and its subsidiaries.
